We are pleased that you are going to have your surgery at Ear, Nose and Throat Surgery Center. We want you to have a safe and pleasant experience and would suggest the following for you:

- Please do not eat or drink after midnight the night before and morning of your surgery.
- You may be instructed by your doctor to take your blood pressure medication the morning of your surgery with a small sip of water.
- Your doctor may ask you to stop taking blood thinning medications a week prior to surgery please ask your doctor.
- Please bring a list of your current medications and any medications your doctor instructed you to take on the day of surgery.
- You may be called prior to the day of surgery by our business office and nursing personnel to get information to speed your experience along on the day of surgery.
- Infection prevention is very important. Your nursing staff, family and you must wash your hands or use an alcohol base hand sanitizer as the best method to prevent infection.
- Please bring your ID, Insurance Cards and payment to cover your co-pay and deductibles.
- Please arrange for a person to drive you home and stay with you on the day of surgery. (We don't want anyone to drive under the influence of anesthesia).
- Professional service billing may surprise you. The following all bill separately to you or your insurance company: The Anesthesiologist, The Surgeon, The Surgery Center and The Pathologist (who examines any specimens taken during surgery). They are all separate and independent professional businesses.
- Please wear comfortable clothing and plan for your belongings and valuables to stay with your family members. Plan to come to the center 1 hour prior your surgery time.
- Please feel free to ask anyone a question. If they don't know the answer they will find one for you.
