A dark, long-exposure photograph of a road at night. The road is illuminated by a white street lamp on the left, creating a bright glow. Several bright red light trails streak across the sky from the right side towards the center. The road surface is visible, with a textured yellow tactile paving strip running along the edge. The overall scene is dark and atmospheric, suggesting a futuristic or digital theme.

"Ken, get up. There's word that we've repeated."

"What?"

"The Message has cycled back. Or at least that's what Willie says. I'm on my way there. Why don't you wait another ten minutes so we can pretend you were in your room in BSQ?"

She was almost at the door before he shouted after her, "How can we recycle? We haven't gotten the primer yet."

Racing across the screens was a paired sequence of zeros and ones, a real-time comparison of the data just received and the data from an early page of text Argus a year before. The program would highlight any differences. So far, there were none. It indicated that they had not mistranscribed, that there were no apparent transmission errors, and that if some small dense interstellar cloud between Vega and the Earth was able to eat the occasional zero or one, this was an infrequent occurrence. Argus was by now in real-time communication with dozens of other telescopes that were part of the World Message Consortium, and the news of recycling was passed on to the next observing stations westward, to California, Hawaii, the *Marshal Nedelin* now in the South Pacific, and to Sydney. Had the discovery been made when Vega was over one of the other telescopes in the network, Argus would have been informed instantly.

The... of the primer was an agonizing disappoint-

A man in a grey blazer is pointing at a whiteboard in a meeting. Other people are visible in the background, including a man with glasses and a woman with dark hair. The scene is set in a professional office environment.

ClickBank is a performance marketing company with a global presence, providing their clients with secure payment processing; reliable tracking and payouts; and an extensive affiliate network.

With ClickBank, entrepreneurs can find a bustling online marketplace to connect with customers and ClickBank affiliates.

Customers can directly purchase products by visiting the ClickBank website, or they can purchase the product from the vendor's site via a ClickBank Affiliate.

As a ClickBank Affiliate, you have the power to promote ClickBank Vendors' products and earn huge commissions.

Affiliate referral link direct potential customers to the ClickBank Vendor's website. If a purchase is made, then the ClickBank Affiliate receives a percentage of that sale.

ClickBank creates a dependable and efficient business channel between our affiliates and vendors.

Affiliates never have to worry about whether or not they will receive their commission because, upon purchase, it is credited directly to their ClickBank account.

A woman with blonde hair is looking through a magnifying glass. The background is a blue grid with a glowing blue line graph in the bottom left corner. The text is overlaid on a semi-transparent grey box.

From landing your first sale, to scaling your online brand, ClickBank helps you automate and grow your business.

FEATURE #1:

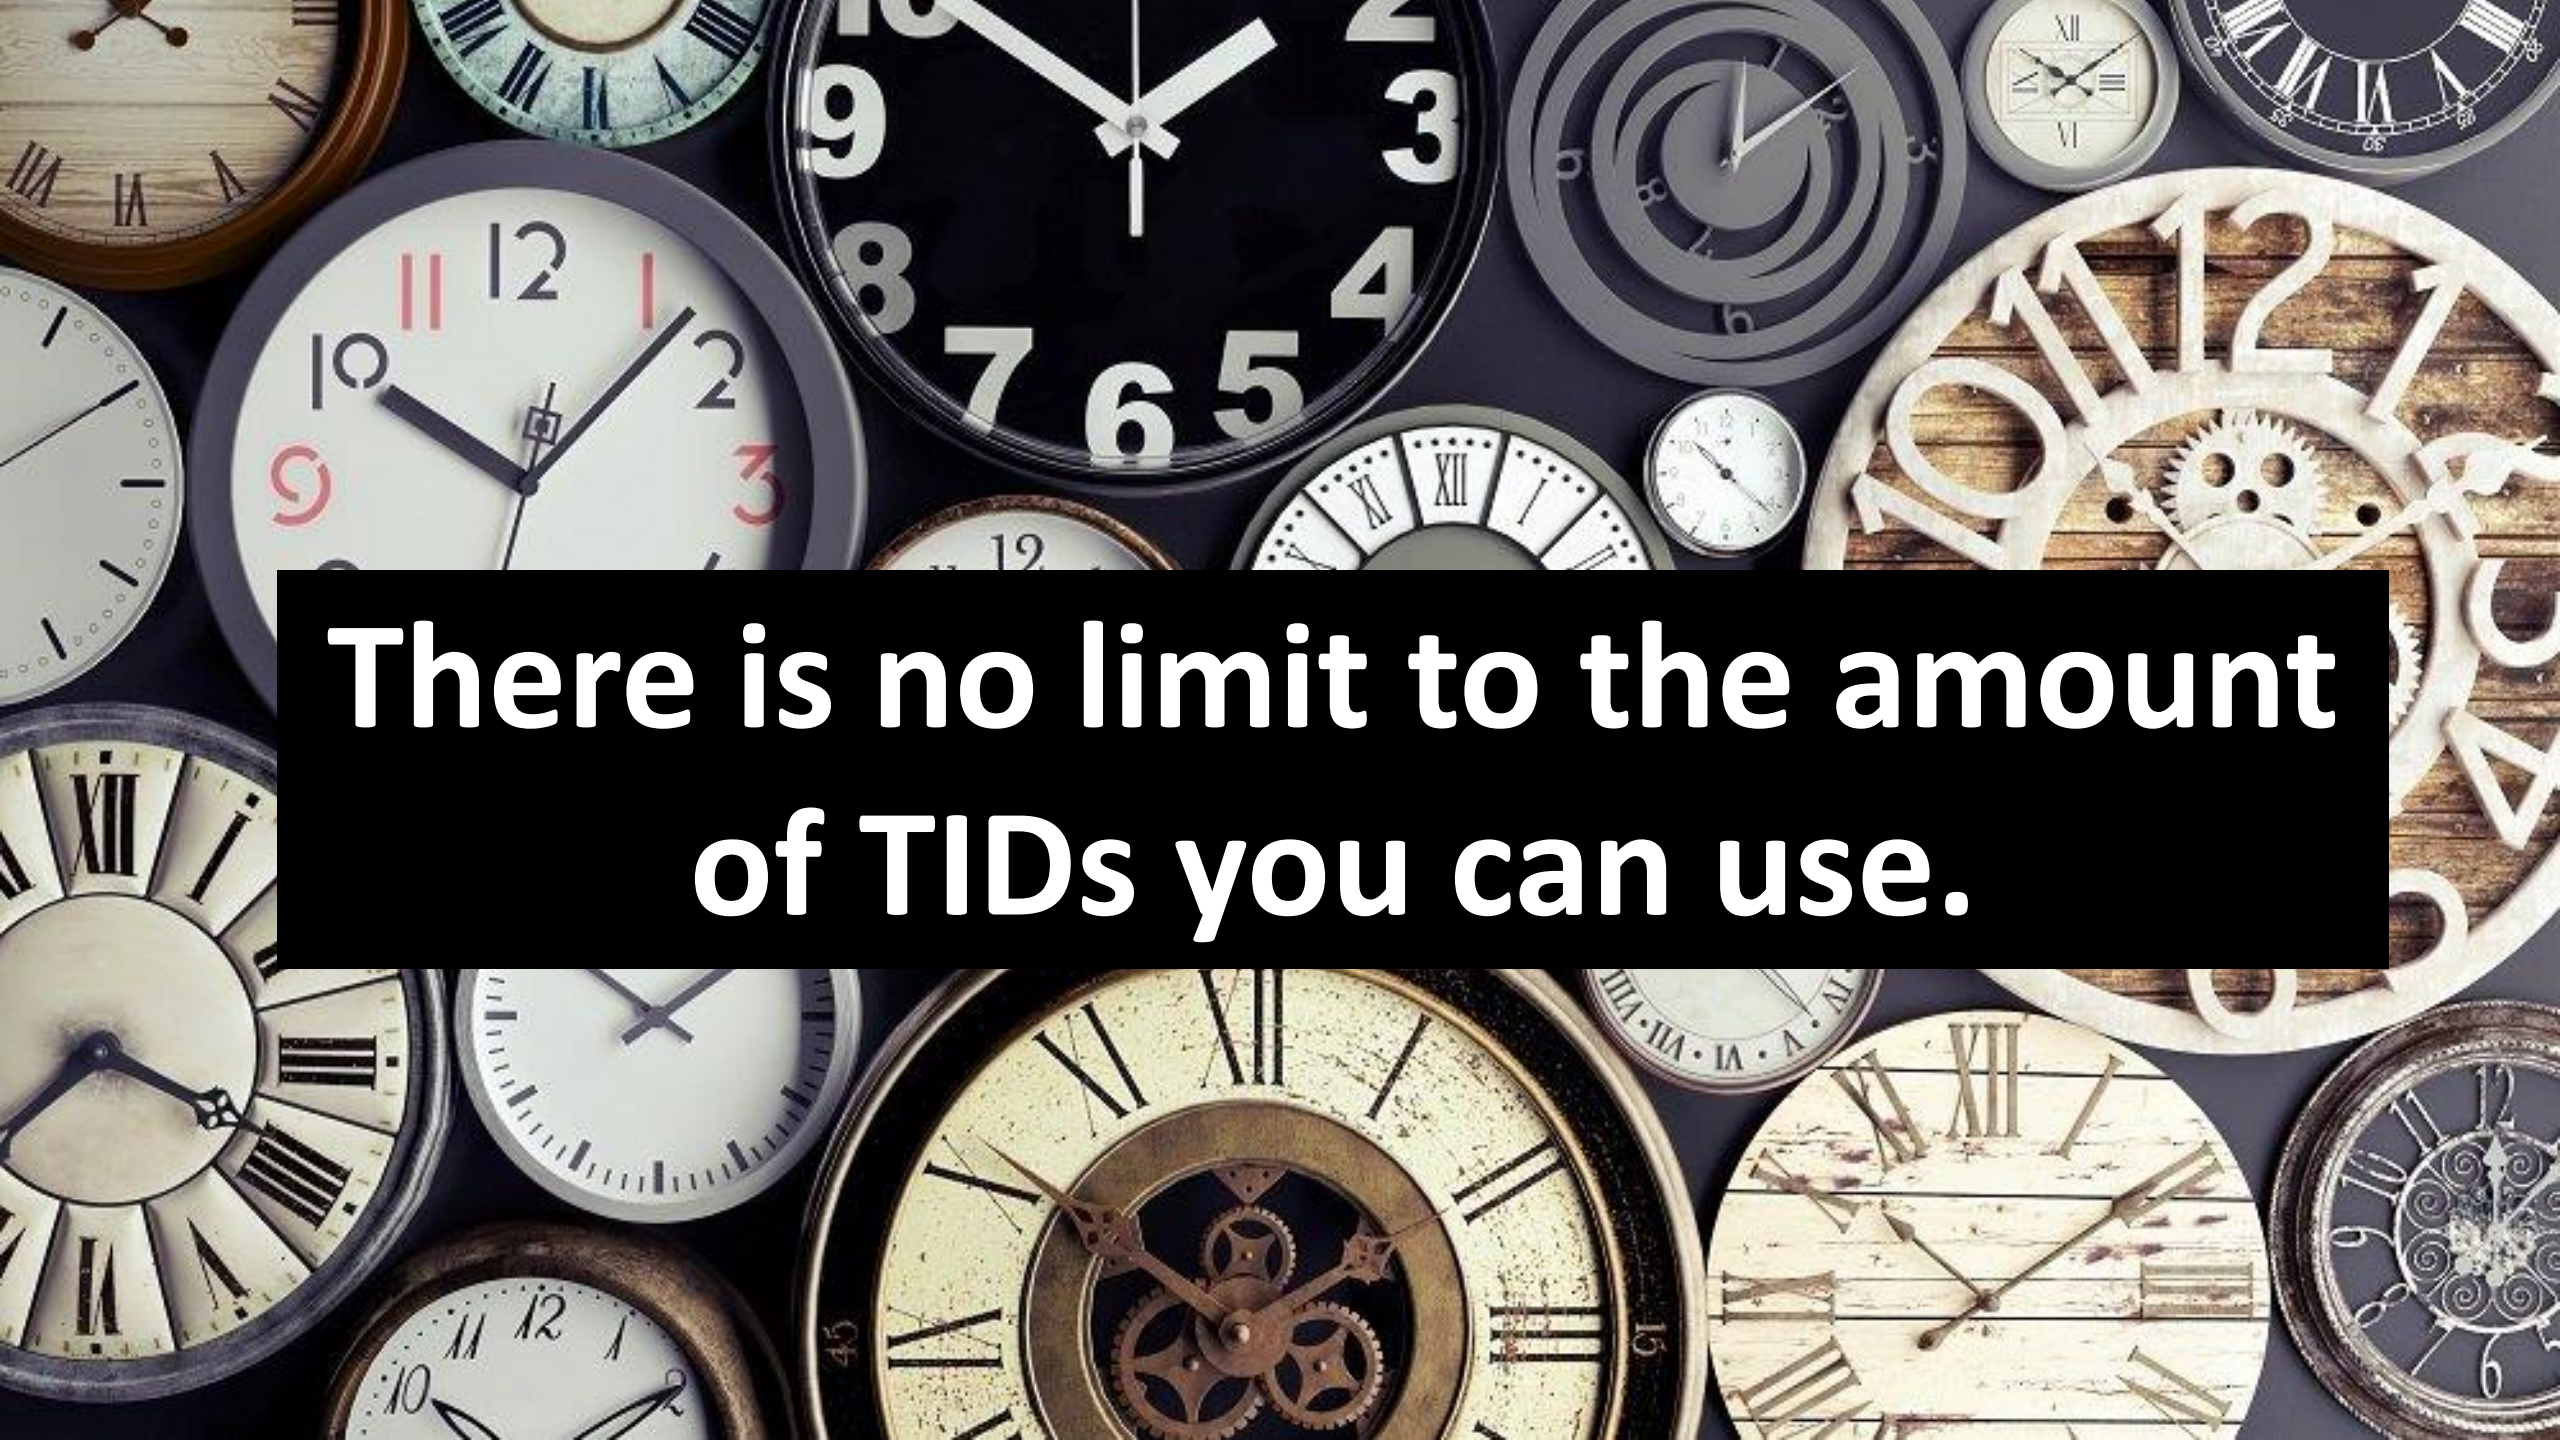

TID & VTID TRACKING

A TID is a ClickBank tracking I.D.

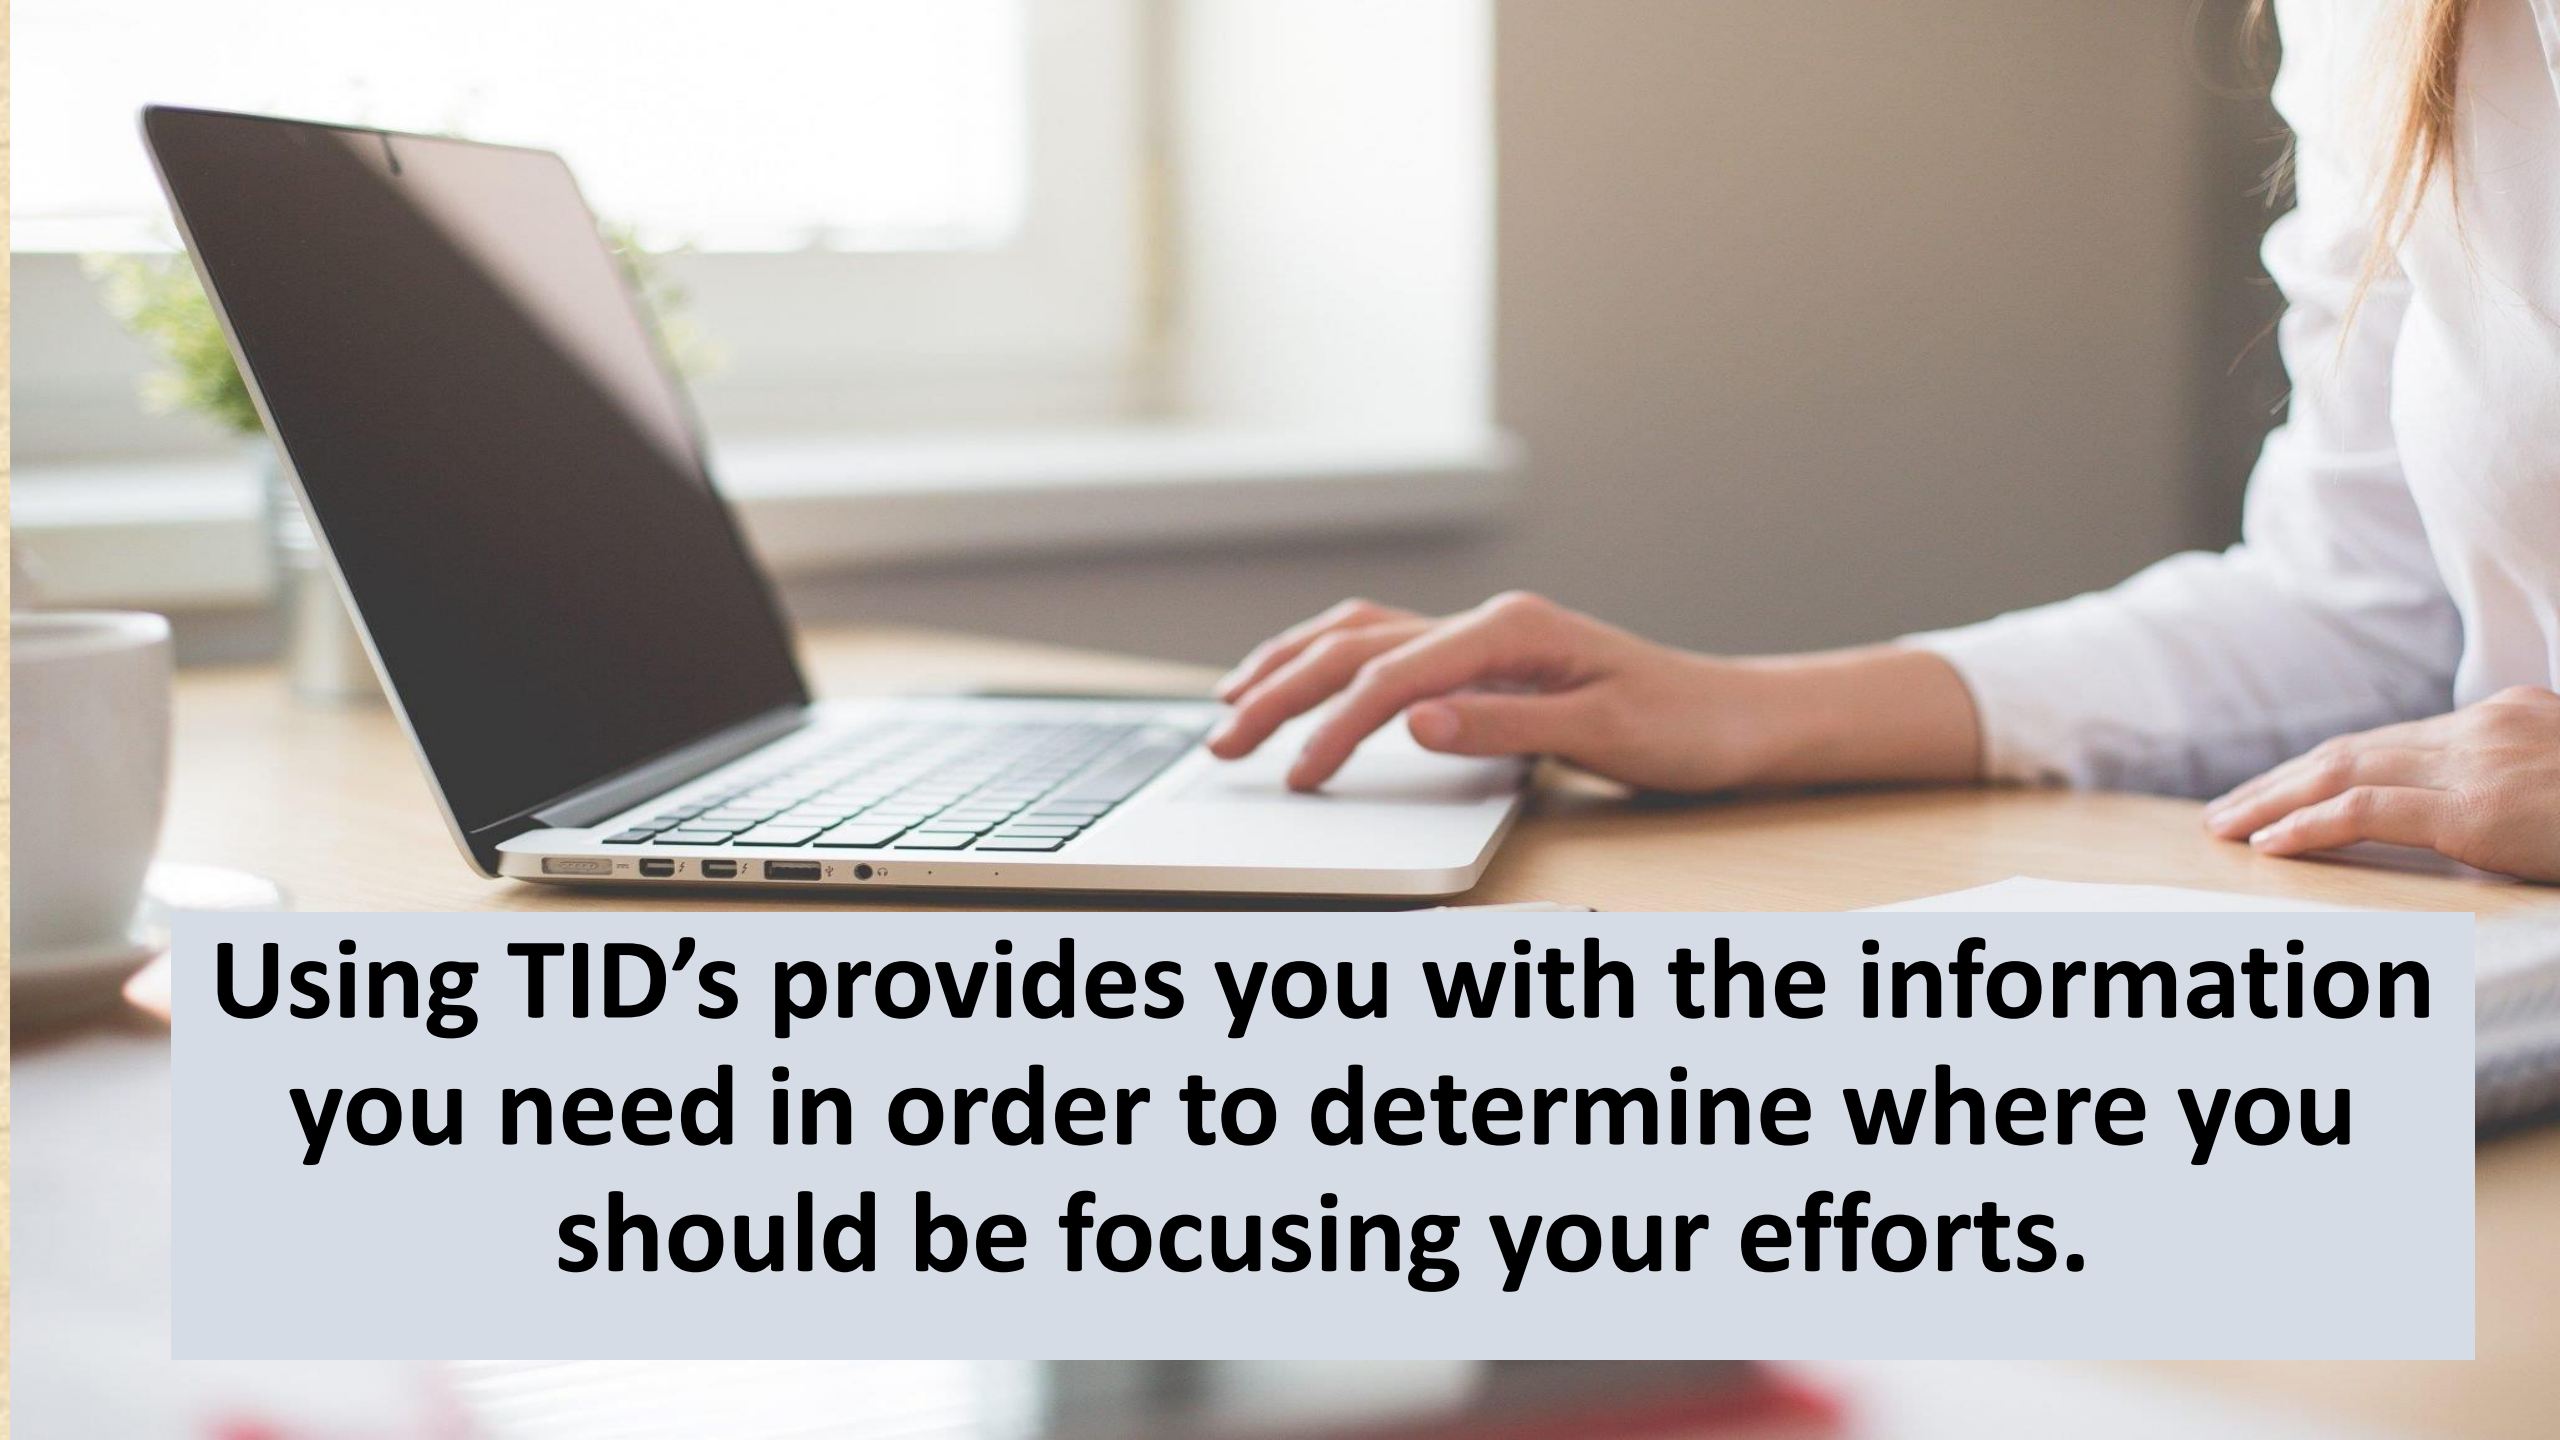

It's a string of letters and/or numbers up to 24 characters in length appended to the end of a ClickBank referral link/HopLink.

A collage of various clocks and watches, including analog and digital styles, with a central text overlay. The clocks feature different designs, such as Roman numerals, Arabic numerals, and intricate mechanical gears. The background is a dark, textured surface.

**There is no limit to the amount
of TIDs you can use.**

**HOW TIDS MAKE YOU MORE
MONEY:**

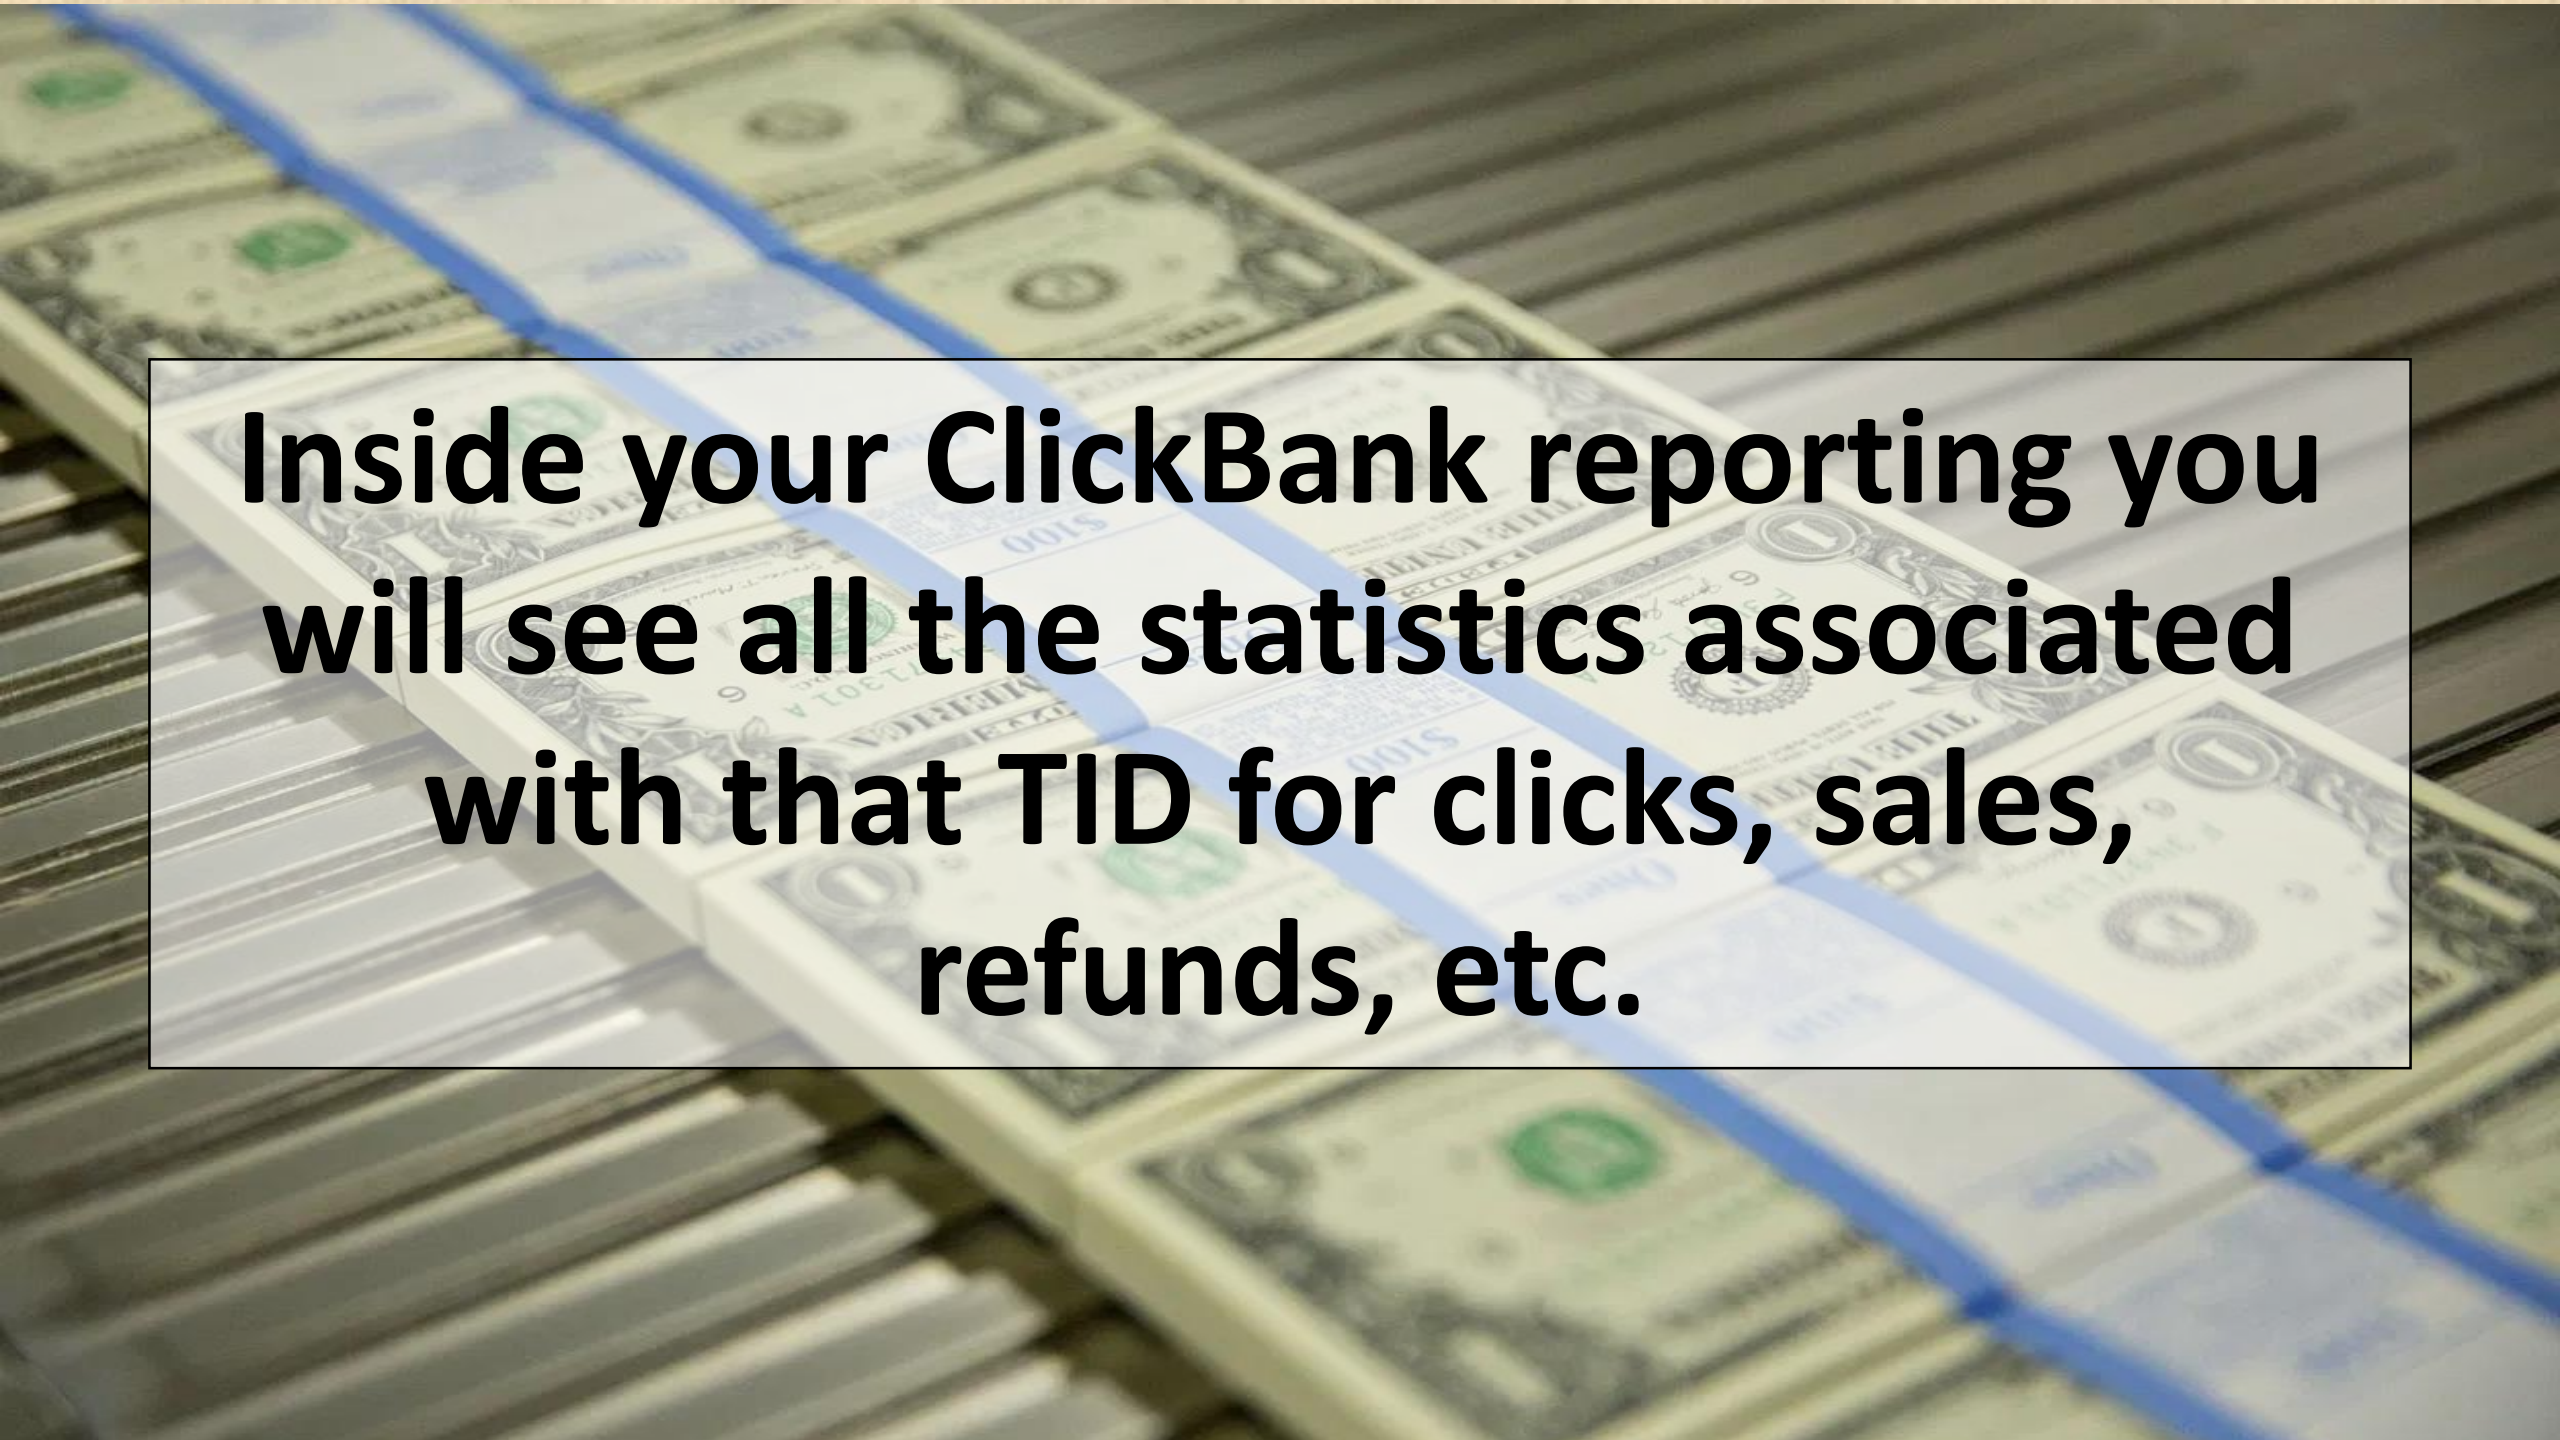

Using TID's provides you with the information you need in order to determine where you should be focusing your efforts.

Tracking your sales with TID's allows you to pinpoint exactly where sales are coming from.

The background of the image is a repeating pattern of the Twitter bird logo, which is a white silhouette of a bird in flight, set against a blue background. The birds are arranged in a way that they appear to be overlapping and creating a sense of movement.

FOR EXAMPLE, IF YOU WANT TO TRACK LINKS FROM TWITTER YOU COULD APPEND THE TID OF “TWITTER” TO YOUR REFERRAL LINK.

The background of the image shows several stacks of US dollar bills, including \$100 and \$20 bills, arranged in a grid-like pattern. A prominent blue diagonal line runs from the top-left towards the bottom-right across the entire image. The text is centered within a white rectangular box with a thin black border.

Inside your ClickBank reporting you will see all the statistics associated with that TID for clicks, sales, refunds, etc.

**One of my favorite uses is to use TID's
to track what specific pages on a
website the sales are coming from.**

FEATURE #2: PitchPlus (formerly known as One-Click Upsell)

HOW PITCHPLUS WORKS:

A composite image featuring a business meeting scene with several people looking at a laptop. The image is overlaid with various digital graphics, including percentages (7%, 26%, 8%), icons of people, a globe, and network diagrams. A semi-transparent white box with black text is centered over the image.

PitchPlus allows vendors to add additional products to sell to their customers after the initial purchase.

Once a customer enters their payment information and confirms their purchase they are presented with an upsell page.

A top-down view of a business meeting with several people gathered around a table. The image is overlaid with various digital graphics, including percentages (7%, 26%, 8%), icons of people, a globe, and network diagrams. In the bottom left corner, there is a list of terms: CONNECTION, ANALYSIS, DATA, SEARCHING, VERIFICATION, CODING, TENDING. A central text box contains the main message.

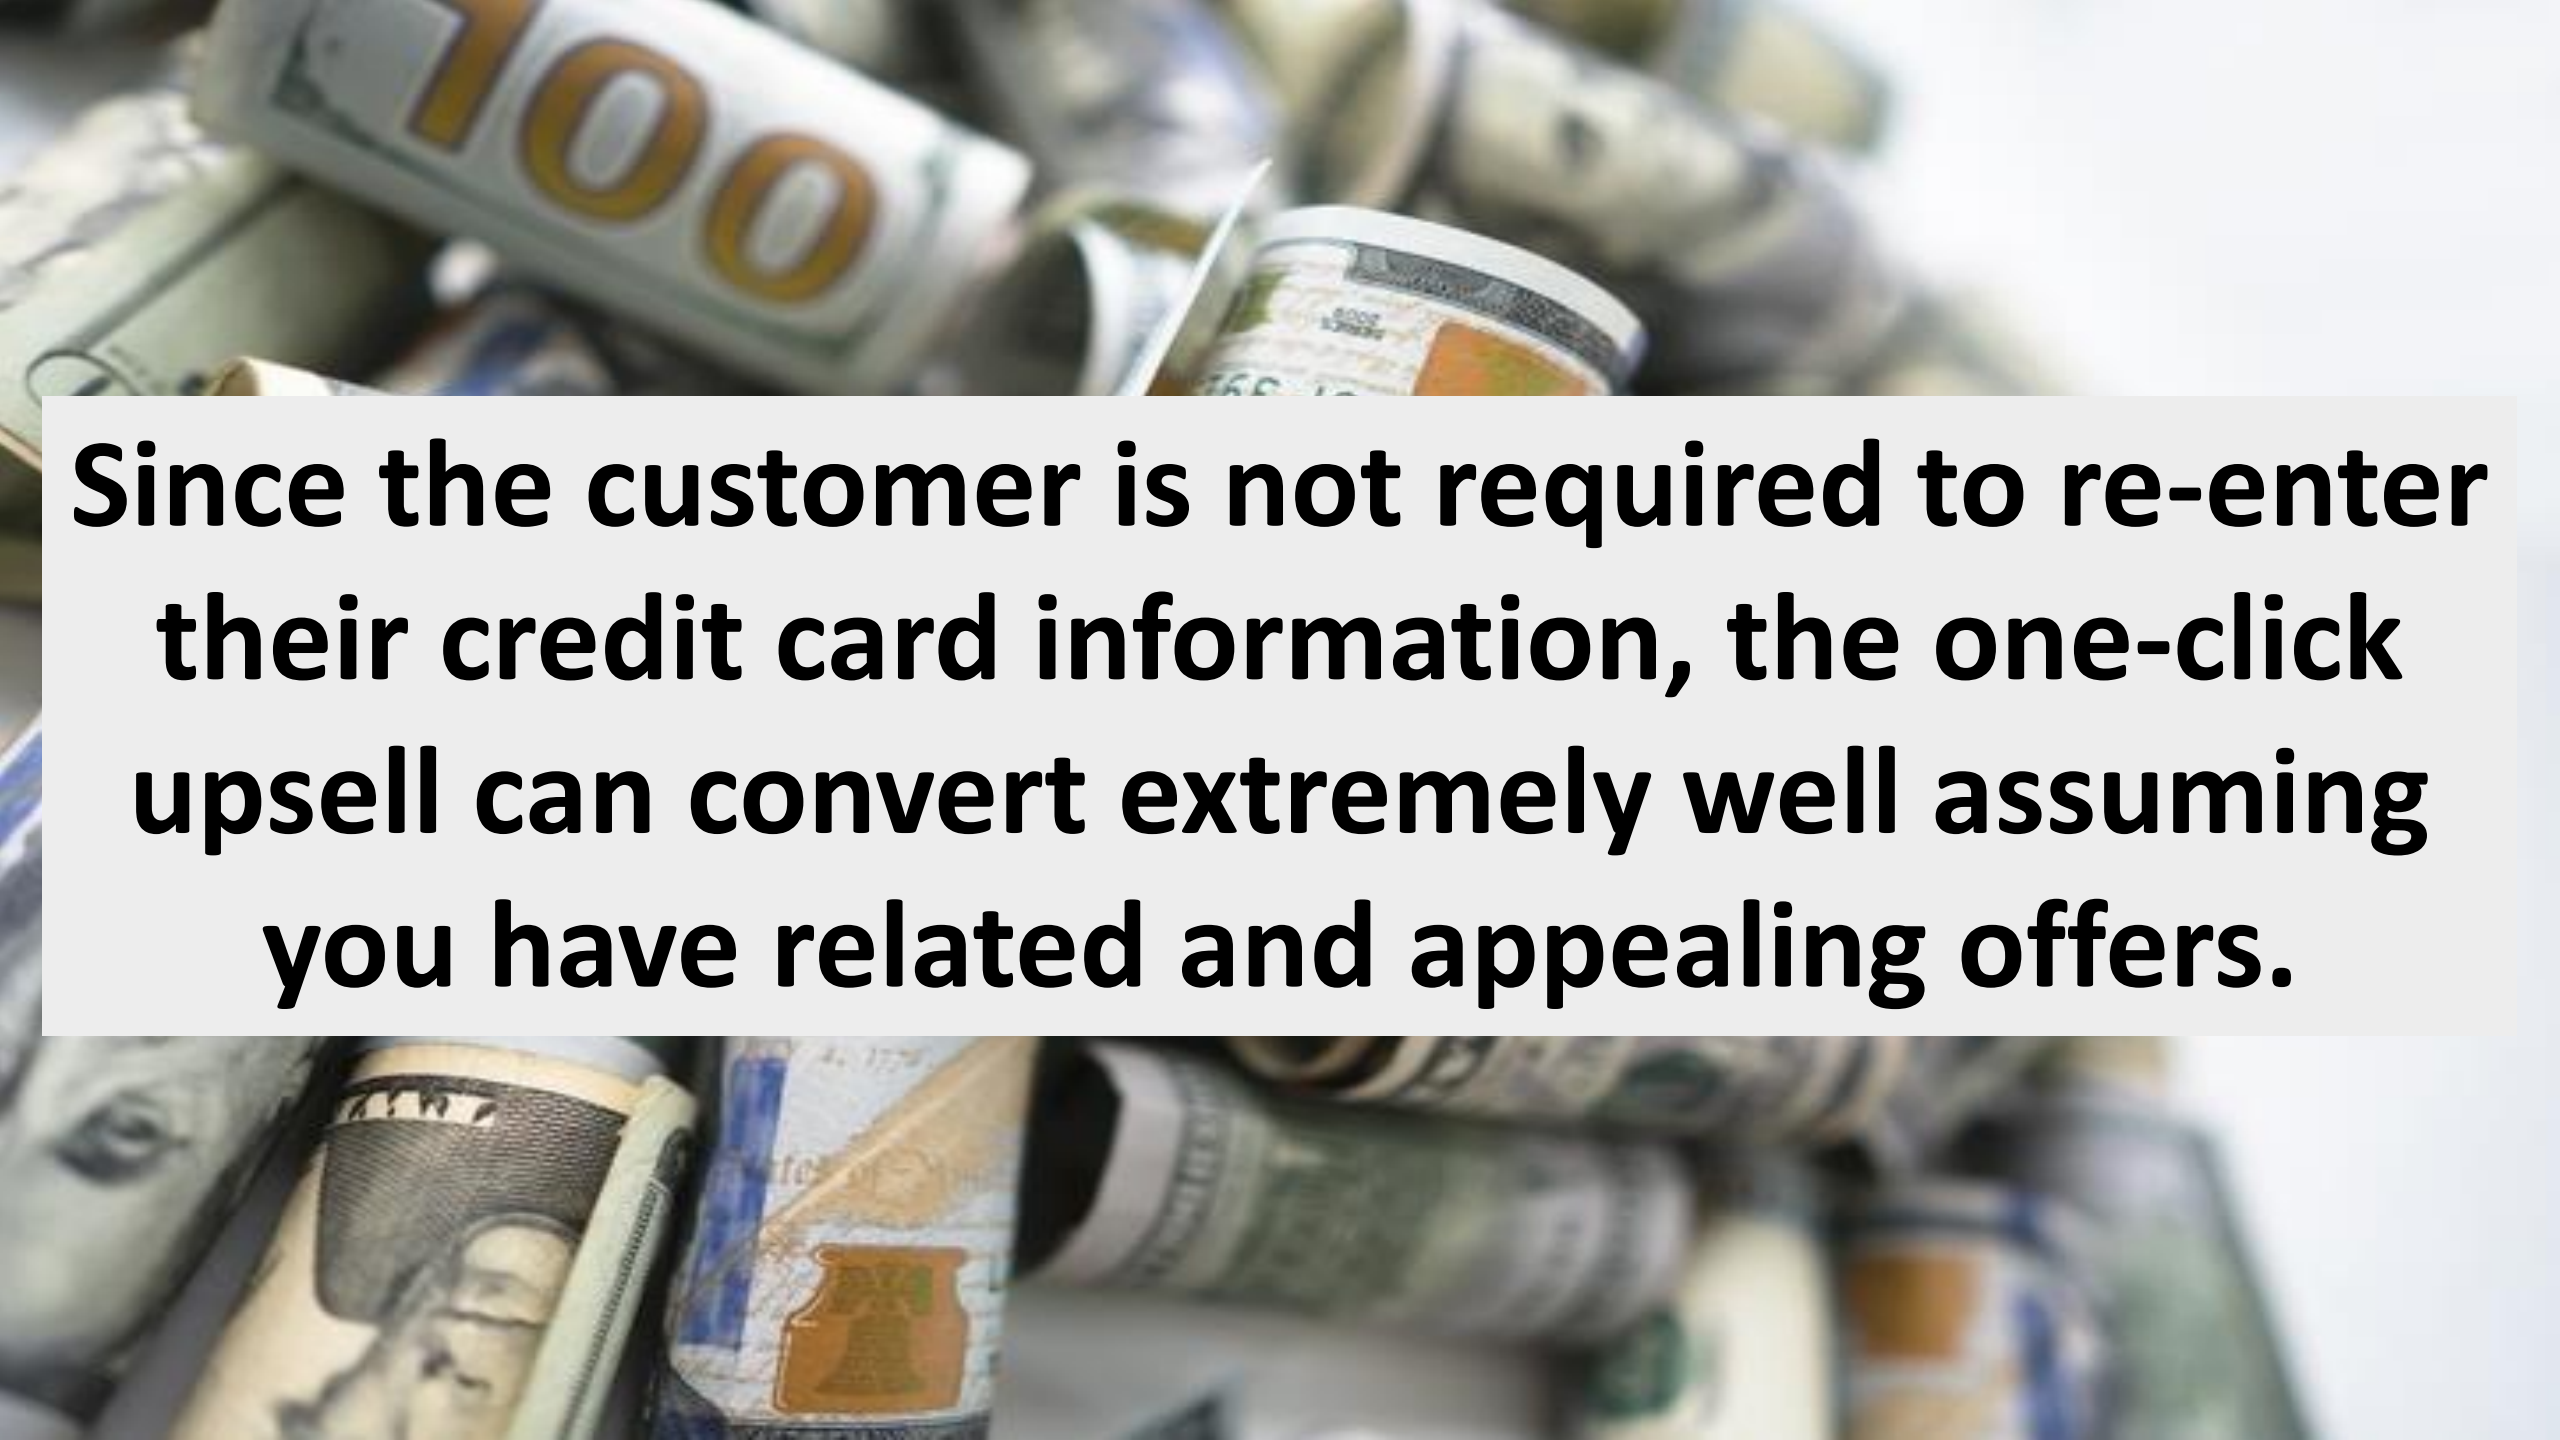

With a single click the customer can purchase the additional product without entering their credit card details again.

How
PitchPlus
Makes You
More
Money:

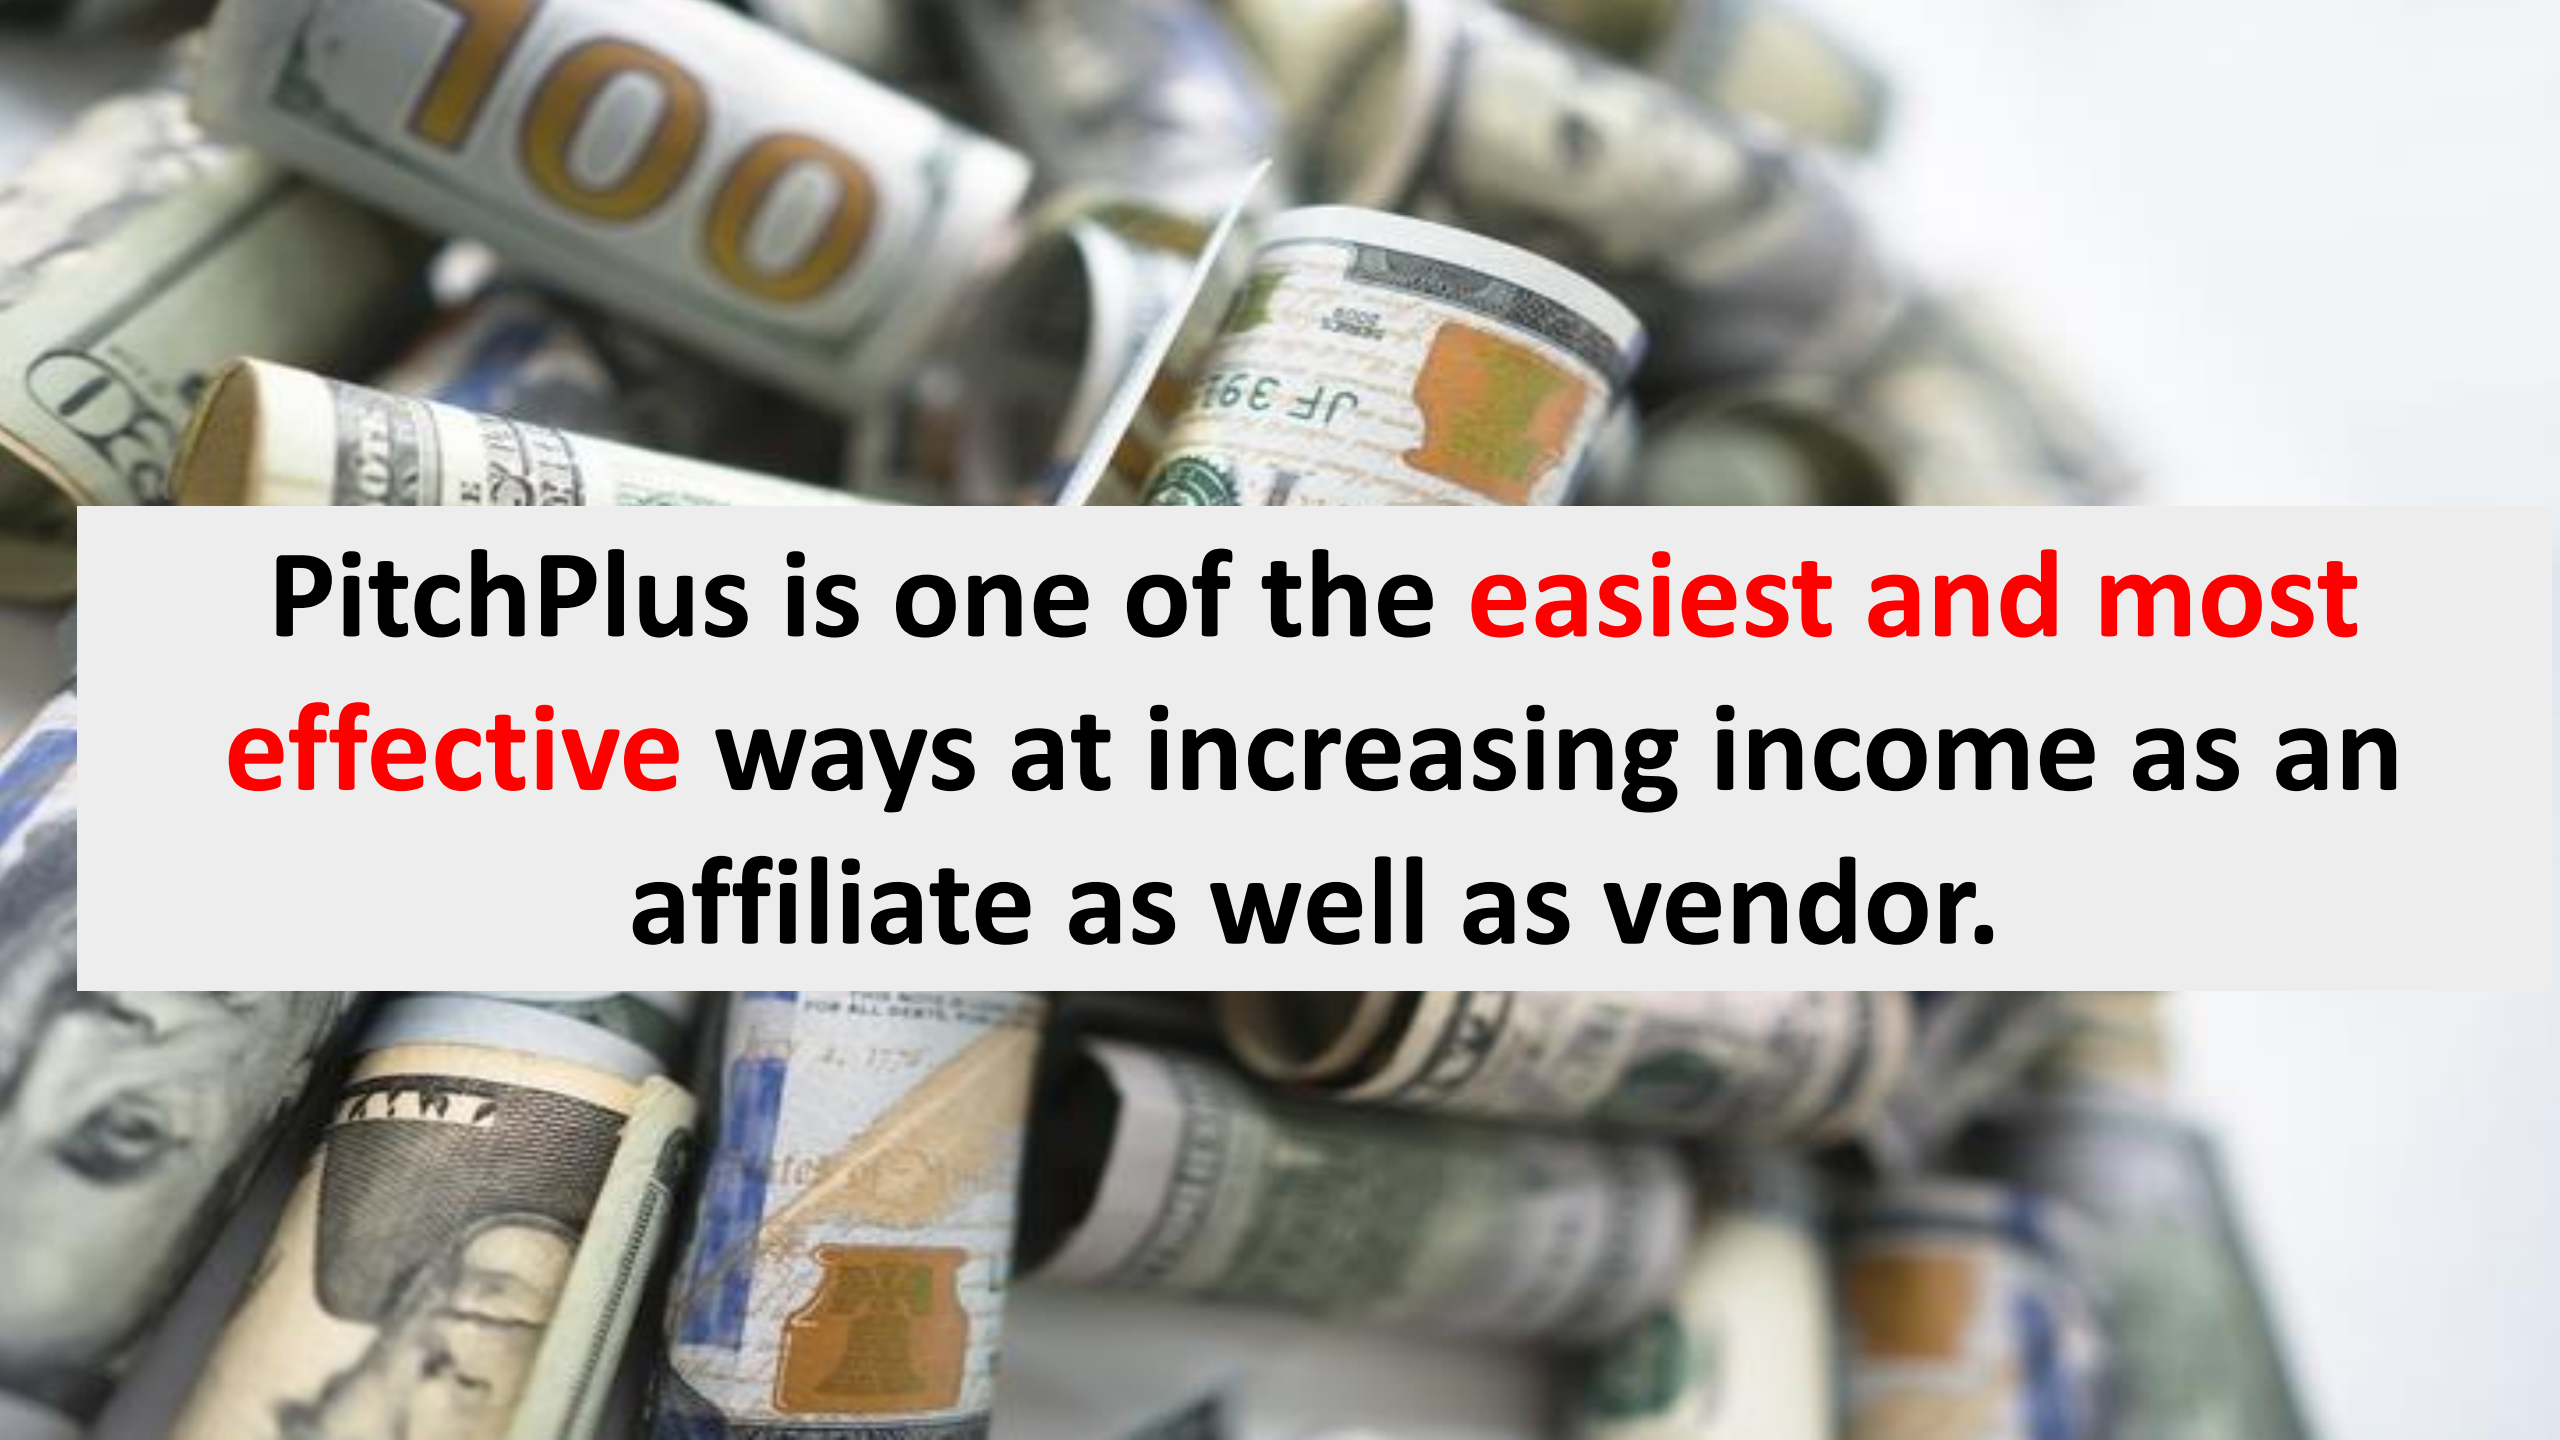

The background of the image consists of numerous US dollar bills rolled up into tight cylinders. The bills are scattered and overlapping, with some showing the number '100' and others showing the number '50'. The lighting is soft, highlighting the texture of the paper and the metallic sheen of the ink. The overall composition is a close-up, shallow depth-of-field shot of the money.

**Adding upsells to your products
increases your overall earnings per
customer for both vendors and affiliates.**

The background of the image consists of several rolled-up US dollar bills, including a prominent \$100 bill in the upper left and a \$50 bill in the lower left. The bills are arranged in a way that suggests a large sum of money. The text is overlaid on a white rectangular background that spans the middle of the image.

Since the customer is not required to re-enter their credit card information, the one-click upsell can convert extremely well assuming you have related and appealing offers.

The background of the image consists of numerous rolled-up US dollar bills, likely \$100 bills, scattered across the frame. The bills are in various orientations, some showing the number '100' and others showing the portrait of a person. The lighting is bright, creating a sense of wealth and abundance.

PitchPlus is one of the **easiest and most effective ways at increasing income as an affiliate as well as vendor.**

FEATURE #3: JOINT VENTURE

JOINT VENTURE

HOW JOINT VENTURE WORKS:

A blurred background image of several business professionals in suits, likely in a meeting or office setting. The focus is on the text overlay in the center.

Affiliates can partner together and **split profits from their affiliate sales.**

A background image showing several business professionals in suits and ties, engaged in a meeting or discussion. The focus is on the text overlay in the center.

The **JOINT VENTURE** feature allows you to set up contracts within your ClickBank account.

A blurred background image showing several people in business suits, likely in a meeting or office setting. The focus is on the text overlay in the center.

In the contract you can specify a range of details such as how commissions are divided, start and end dates for the contract, and much more.

A blurred background image of a business meeting. Several people in dark suits and ties are visible, engaged in conversation. The focus is on the text overlay in the center.

The **Joint Venture** feature
makes collaborating and
partnering with people
much easier.

A blurred background image showing several people in business suits, likely in a meeting or conference setting. The focus is on the text overlay in the center.

With the **Joint Venture feature** the trust factor is increased because one partner is not relying on the other partner to pay them; ClickBank is dividing up and making the payments.

A background image showing a group of business professionals in a meeting. In the foreground, a man in a dark suit is seen from the side, looking towards the right. In the background, another man in a light-colored suit and dark tie is visible, looking towards the left. The scene is brightly lit, suggesting an office environment.

Additionally Joint Venture is **accurate, easy, and hassle free** to split up payments between partners.

EXAMPLES

**Here are just a few short examples
to give you some ideas...**

IDEA 1

You could have someone write product reviews for your blog and in exchange you could give them a portion of the sales that those reviews generate.

IDEA 2

You could partner with someone to create a new product and split the profits.

FEATURE #4: RECURRING BILLING

HOW RECURRING BILLING WORKS:

A close-up photograph of a person's hand using a silver calculator on a desk. The calculator is resting on a white document that has the word 'INVOICE' printed in red. The background is slightly blurred, showing a wooden desk and a computer mouse. The overall scene suggests financial calculation or accounting.

Creating Recurring Billing Products gives affiliates a continuous revenue stream over time.

With regular payment schedules, such as bi-weekly, monthly, quarterly, or annual, you can earn more per sale on average than with a standard product.

FEATURE #5: Marketplace Search

HOW MARKETPLACE SEARCH WORKS:

Using the Marketplace Search you will be able to find which vendors are offering higher payouts, use PitchPlus, offer rebills, offer affiliate tools, and much more.

You can even find out which vendors offer **\$1 trials.**

**FIND YOUR PERFECT
PRODUCT**

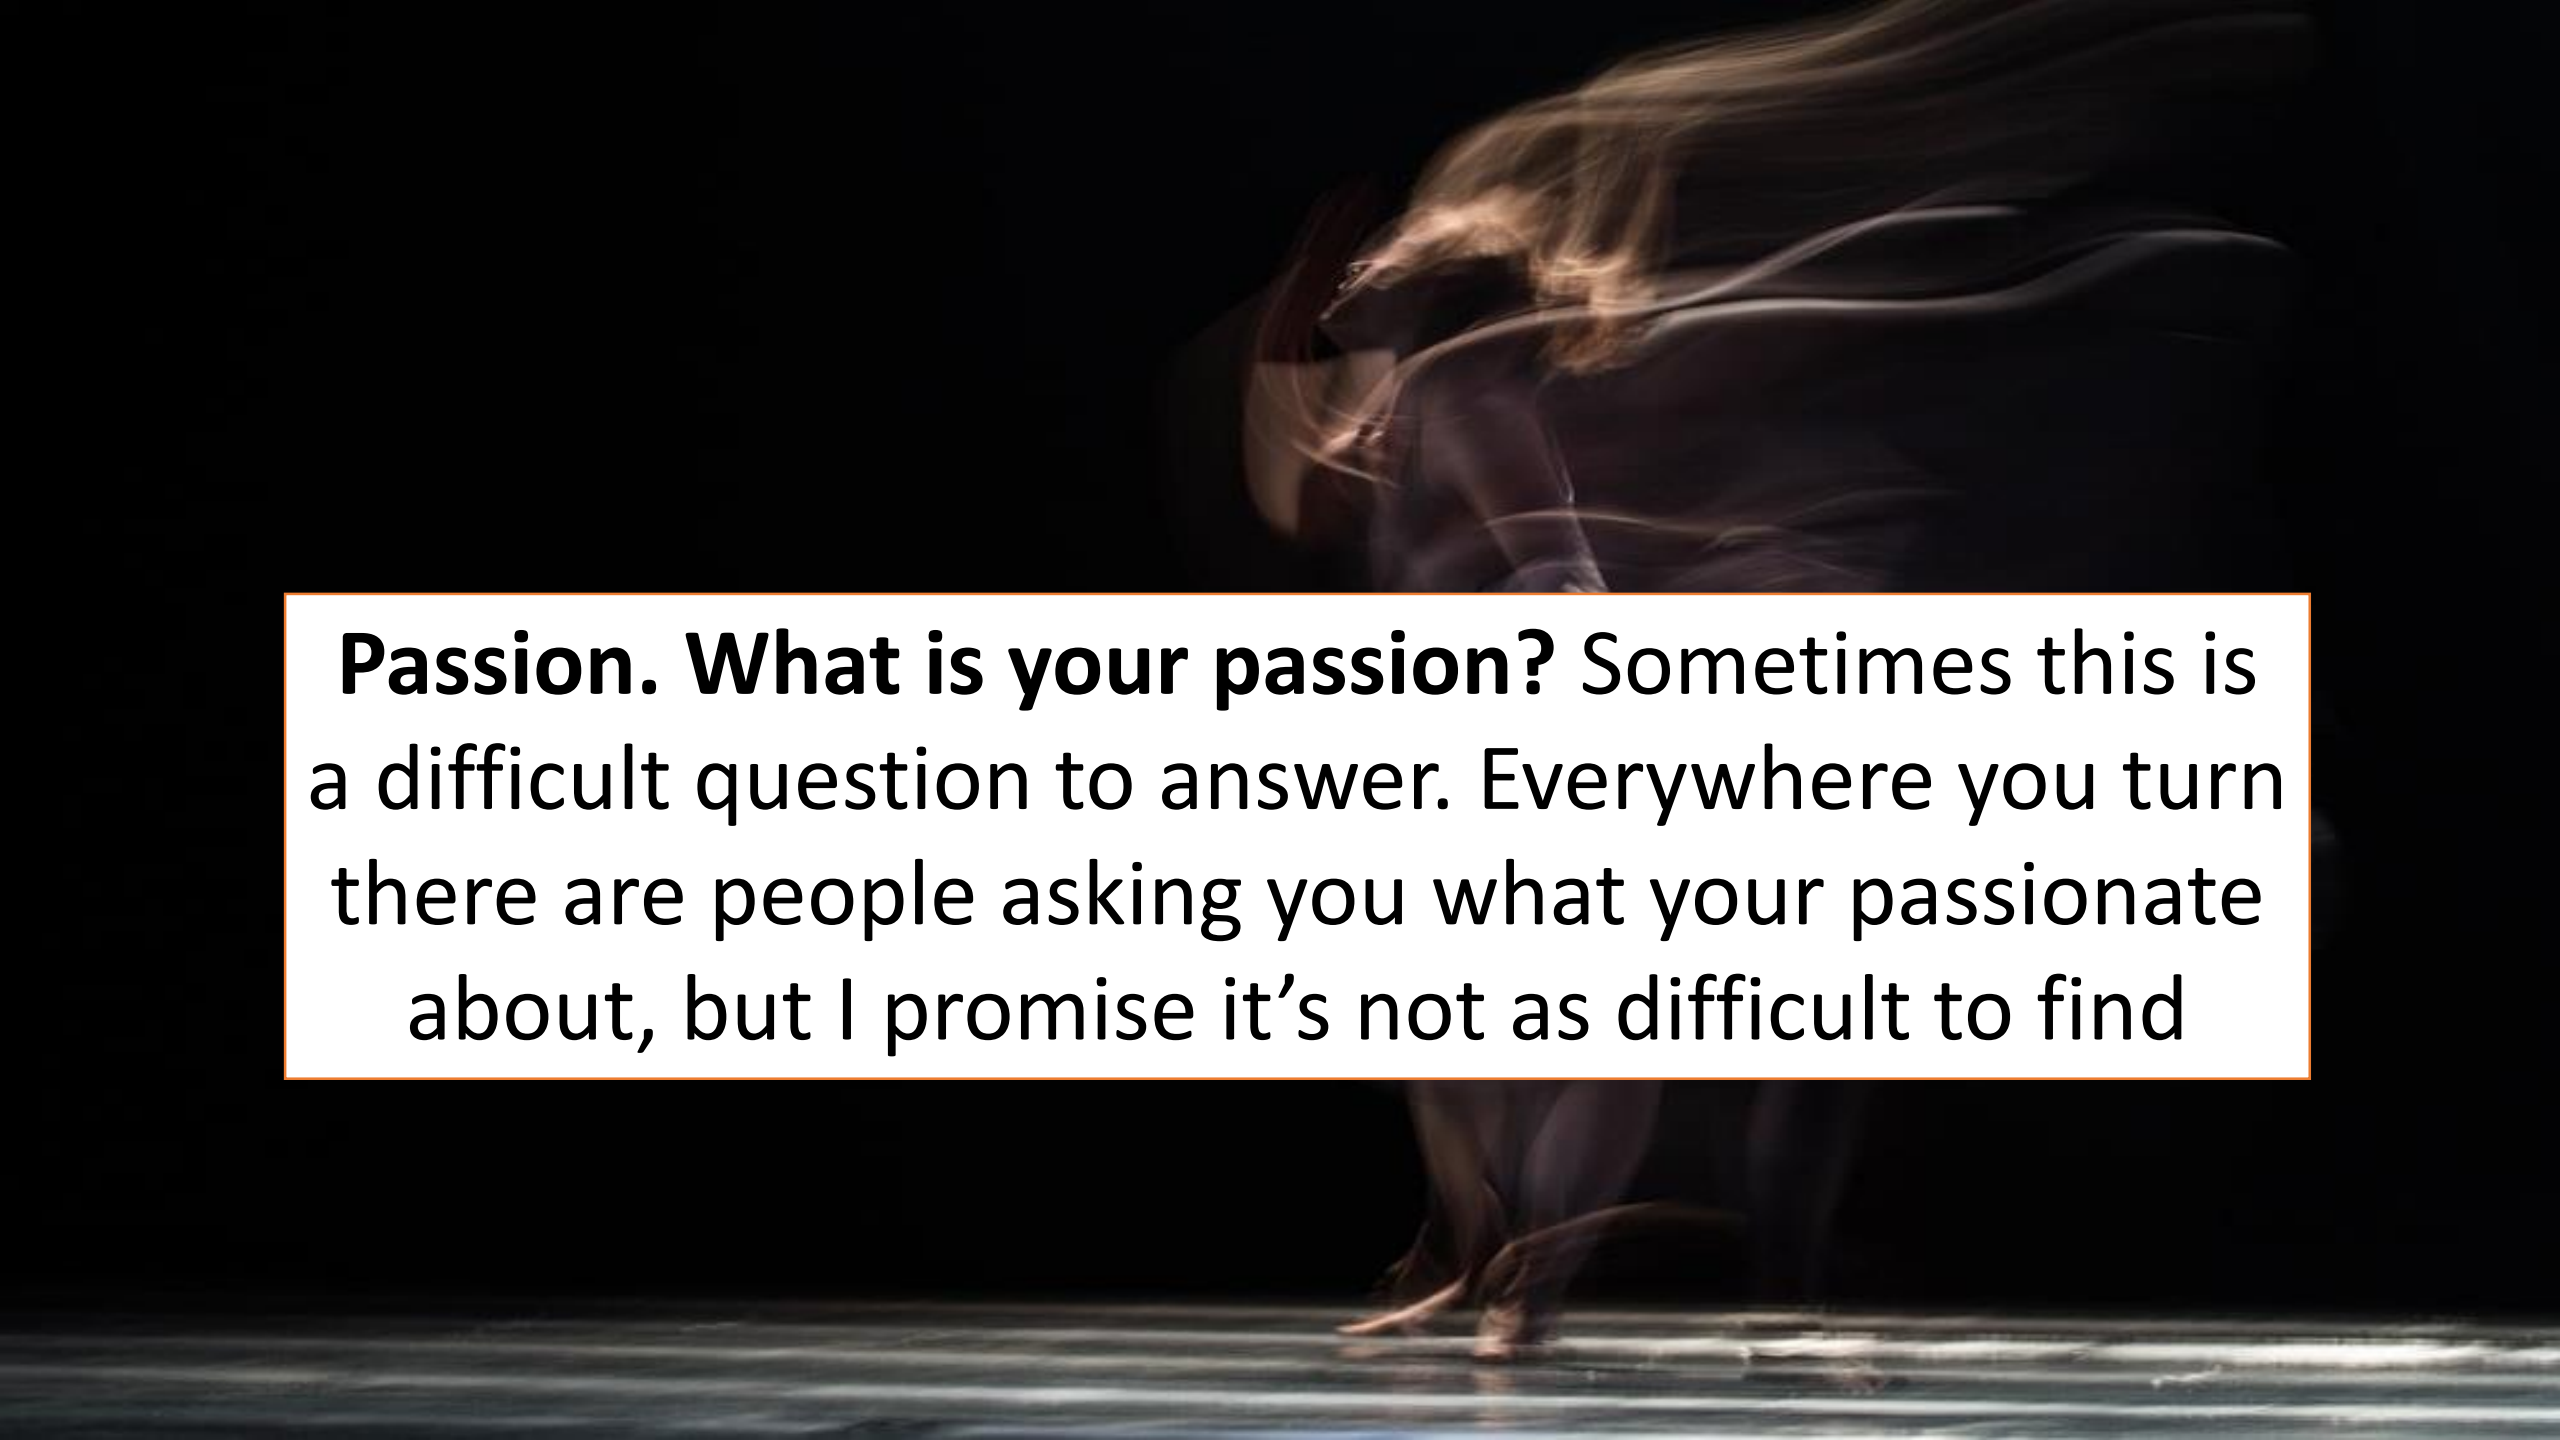

A person with curly hair is sitting at a desk in a room. The room has a window in the background, a wooden chair, and a desk. The person is looking down at something on the desk. The text is overlaid on a semi-transparent orange rectangle.

1. Discovering Your Passion: Finding a Topic For Your Product

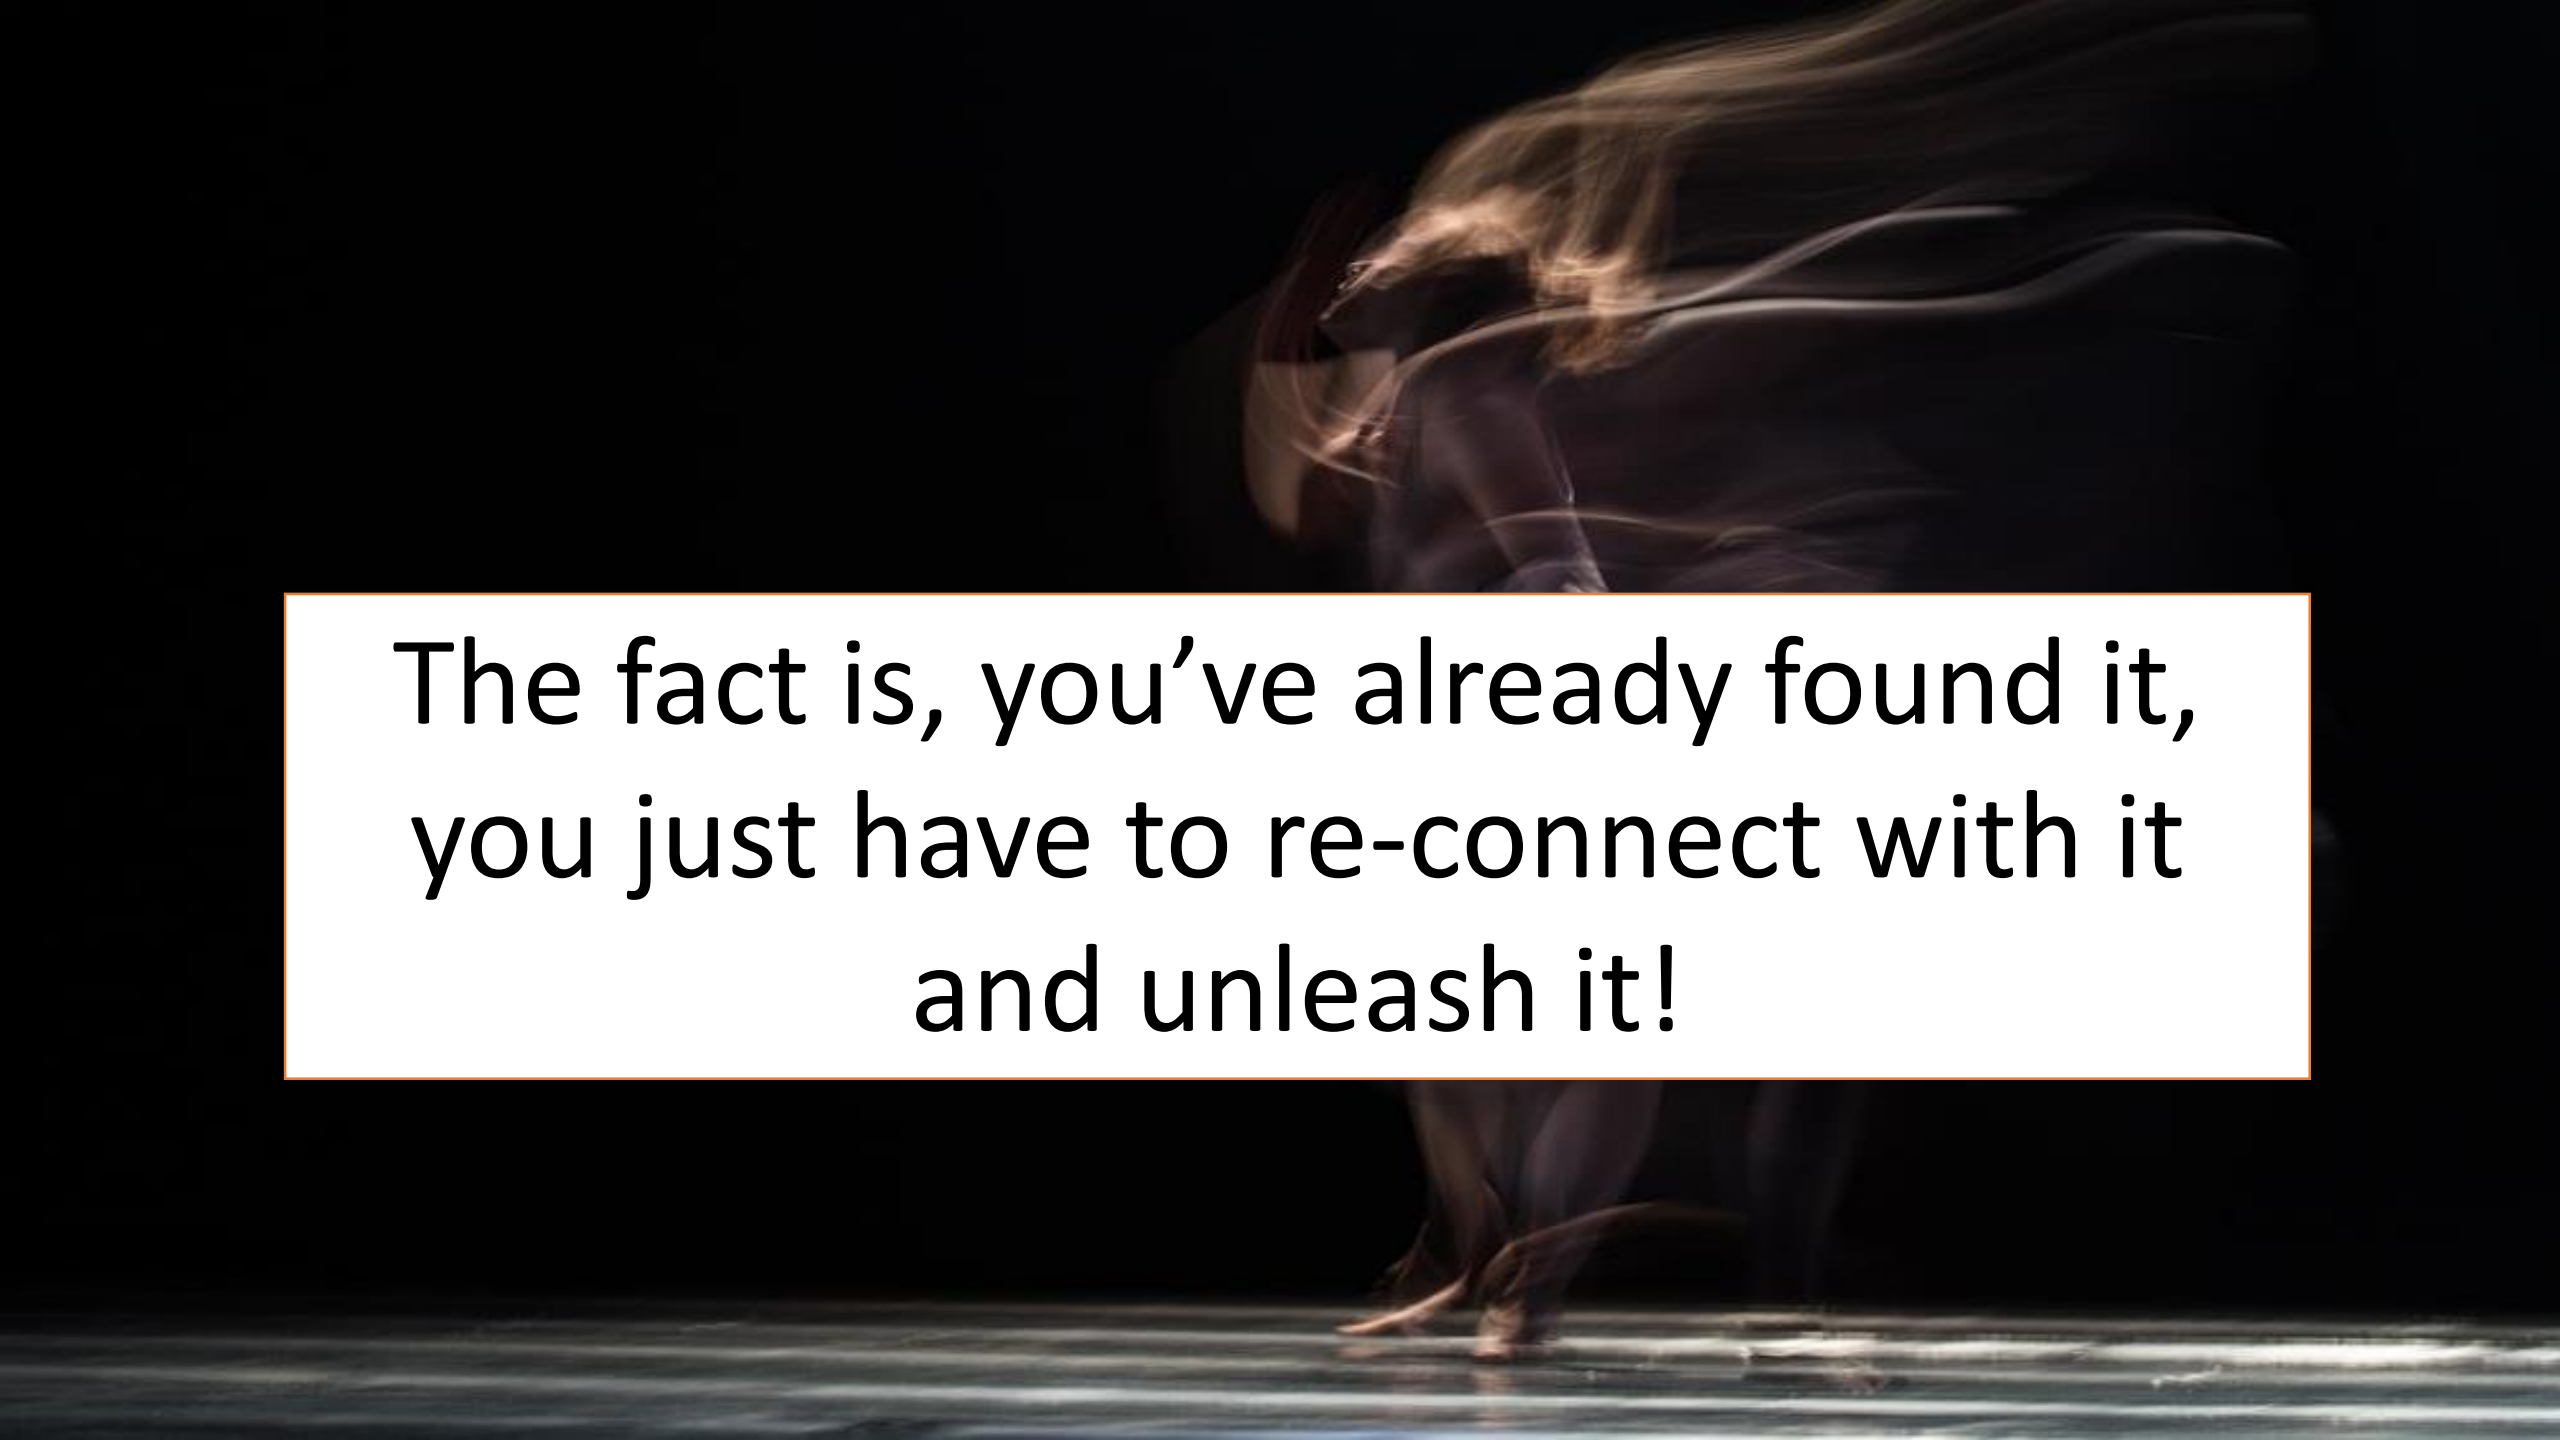

**KNOWLEDGE,
PASSION, MARKET-
OPPORTUNITY**

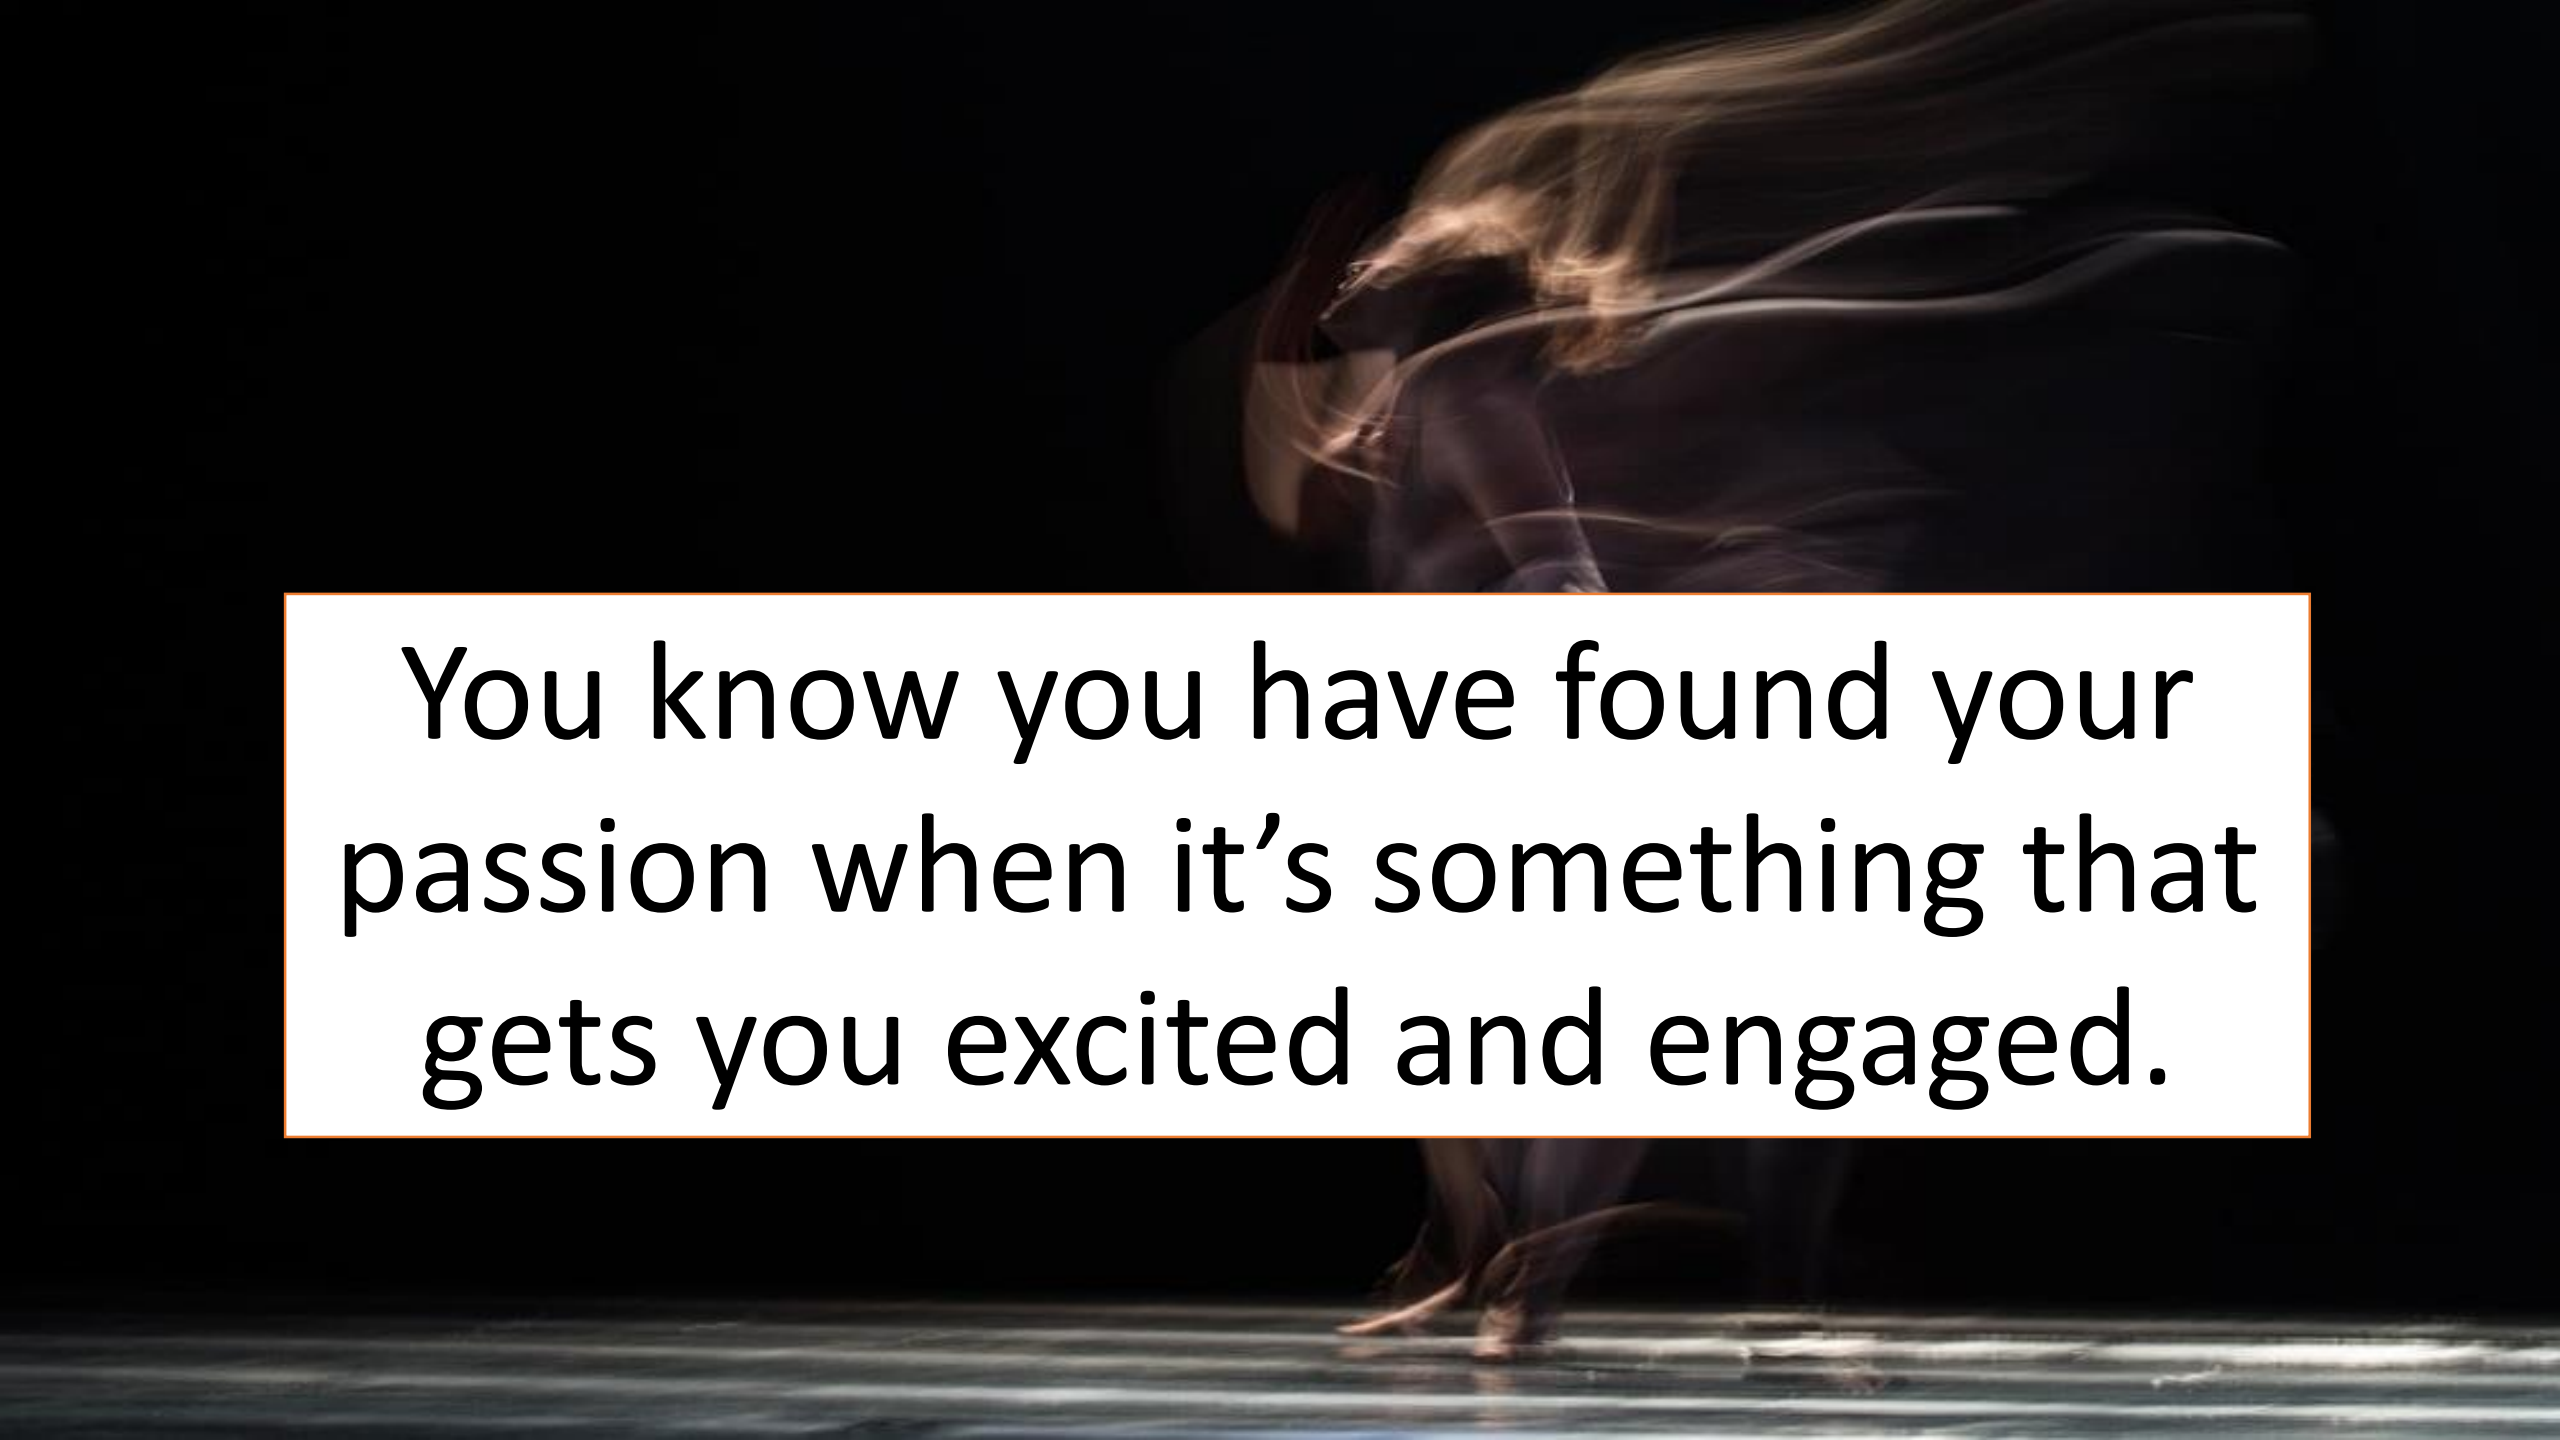

Create your Perfect Product by blending knowledge you already possess or can easily learn with a deep passion, then by researching the market opportunities available on the ClickBank Marketplace.

A blurred image of a person with long hair in motion against a dark background. The person appears to be in a dynamic pose, possibly dancing or moving quickly, with their hair and clothing captured in a long-exposure blur. The background is dark, and the lighting highlights the contours of the person's body and hair.

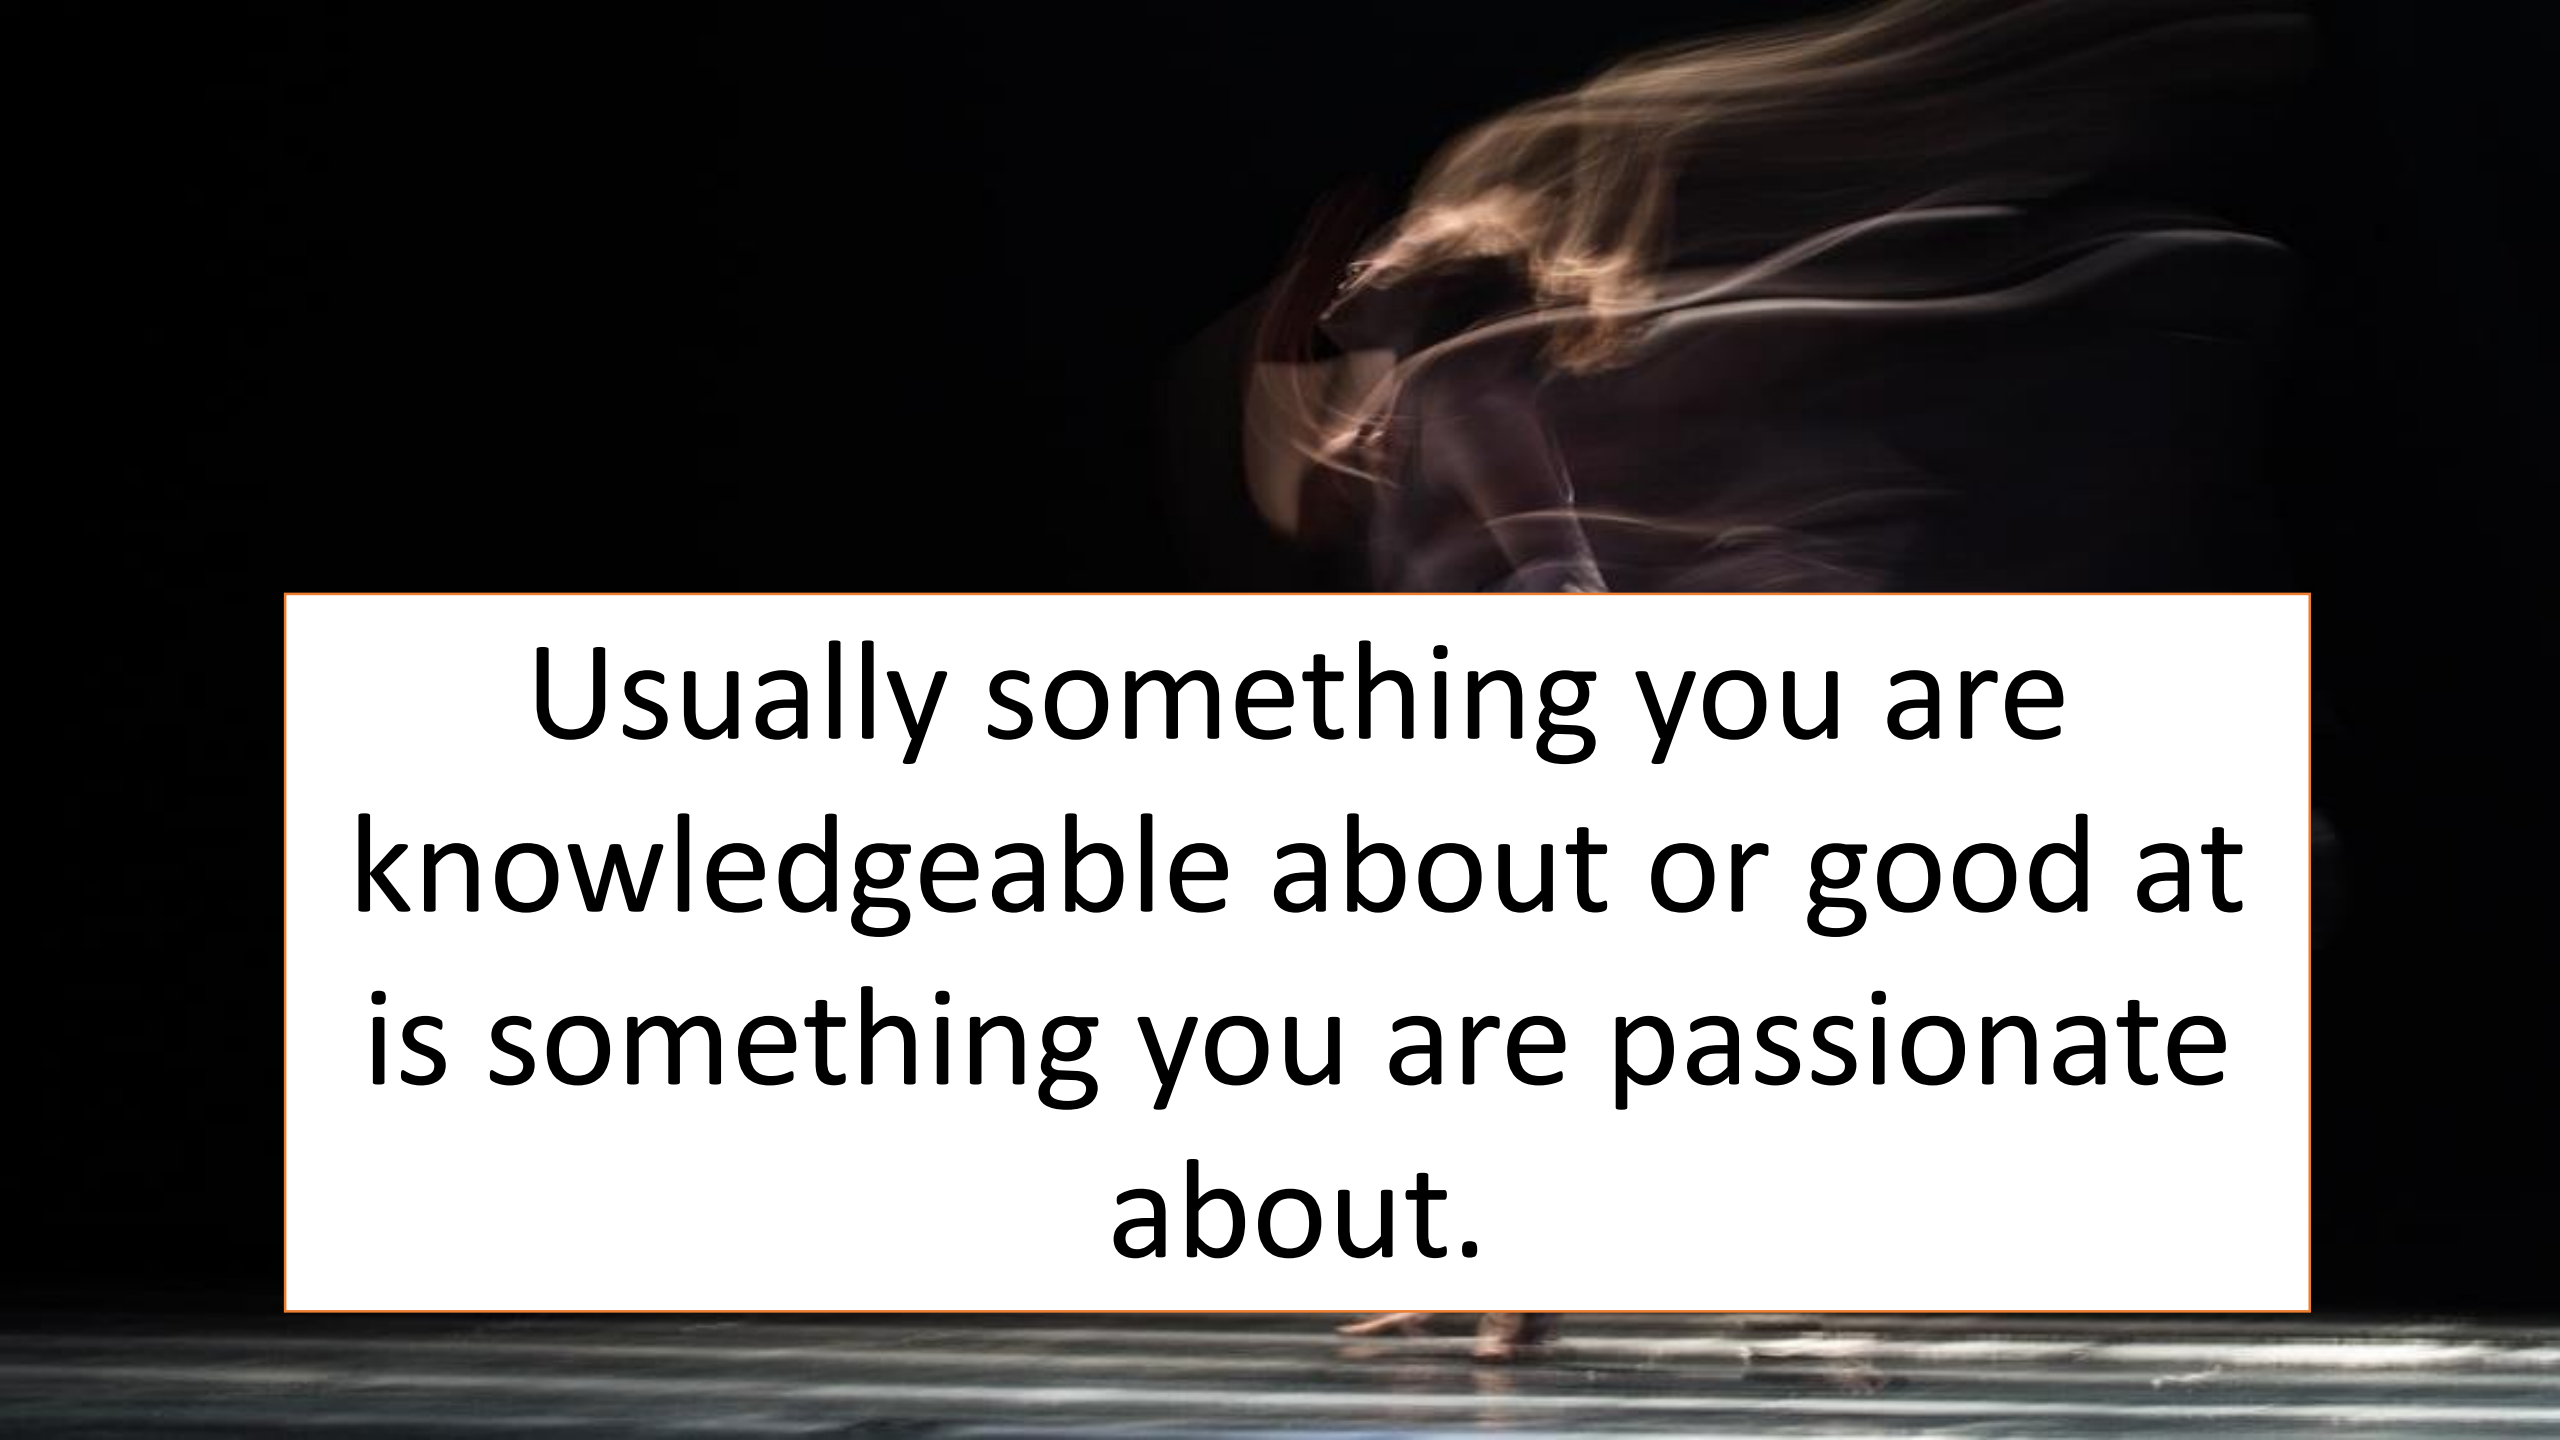

Passion. What is your passion? Sometimes this is a difficult question to answer. Everywhere you turn there are people asking you what your passionate about, but I promise it's not as difficult to find

A person with long, flowing hair is captured in motion against a dark background. The hair is blurred, suggesting a fast turn or dance. The person's body is partially visible, and they appear to be wearing a dark, form-fitting outfit. The overall mood is dynamic and energetic.

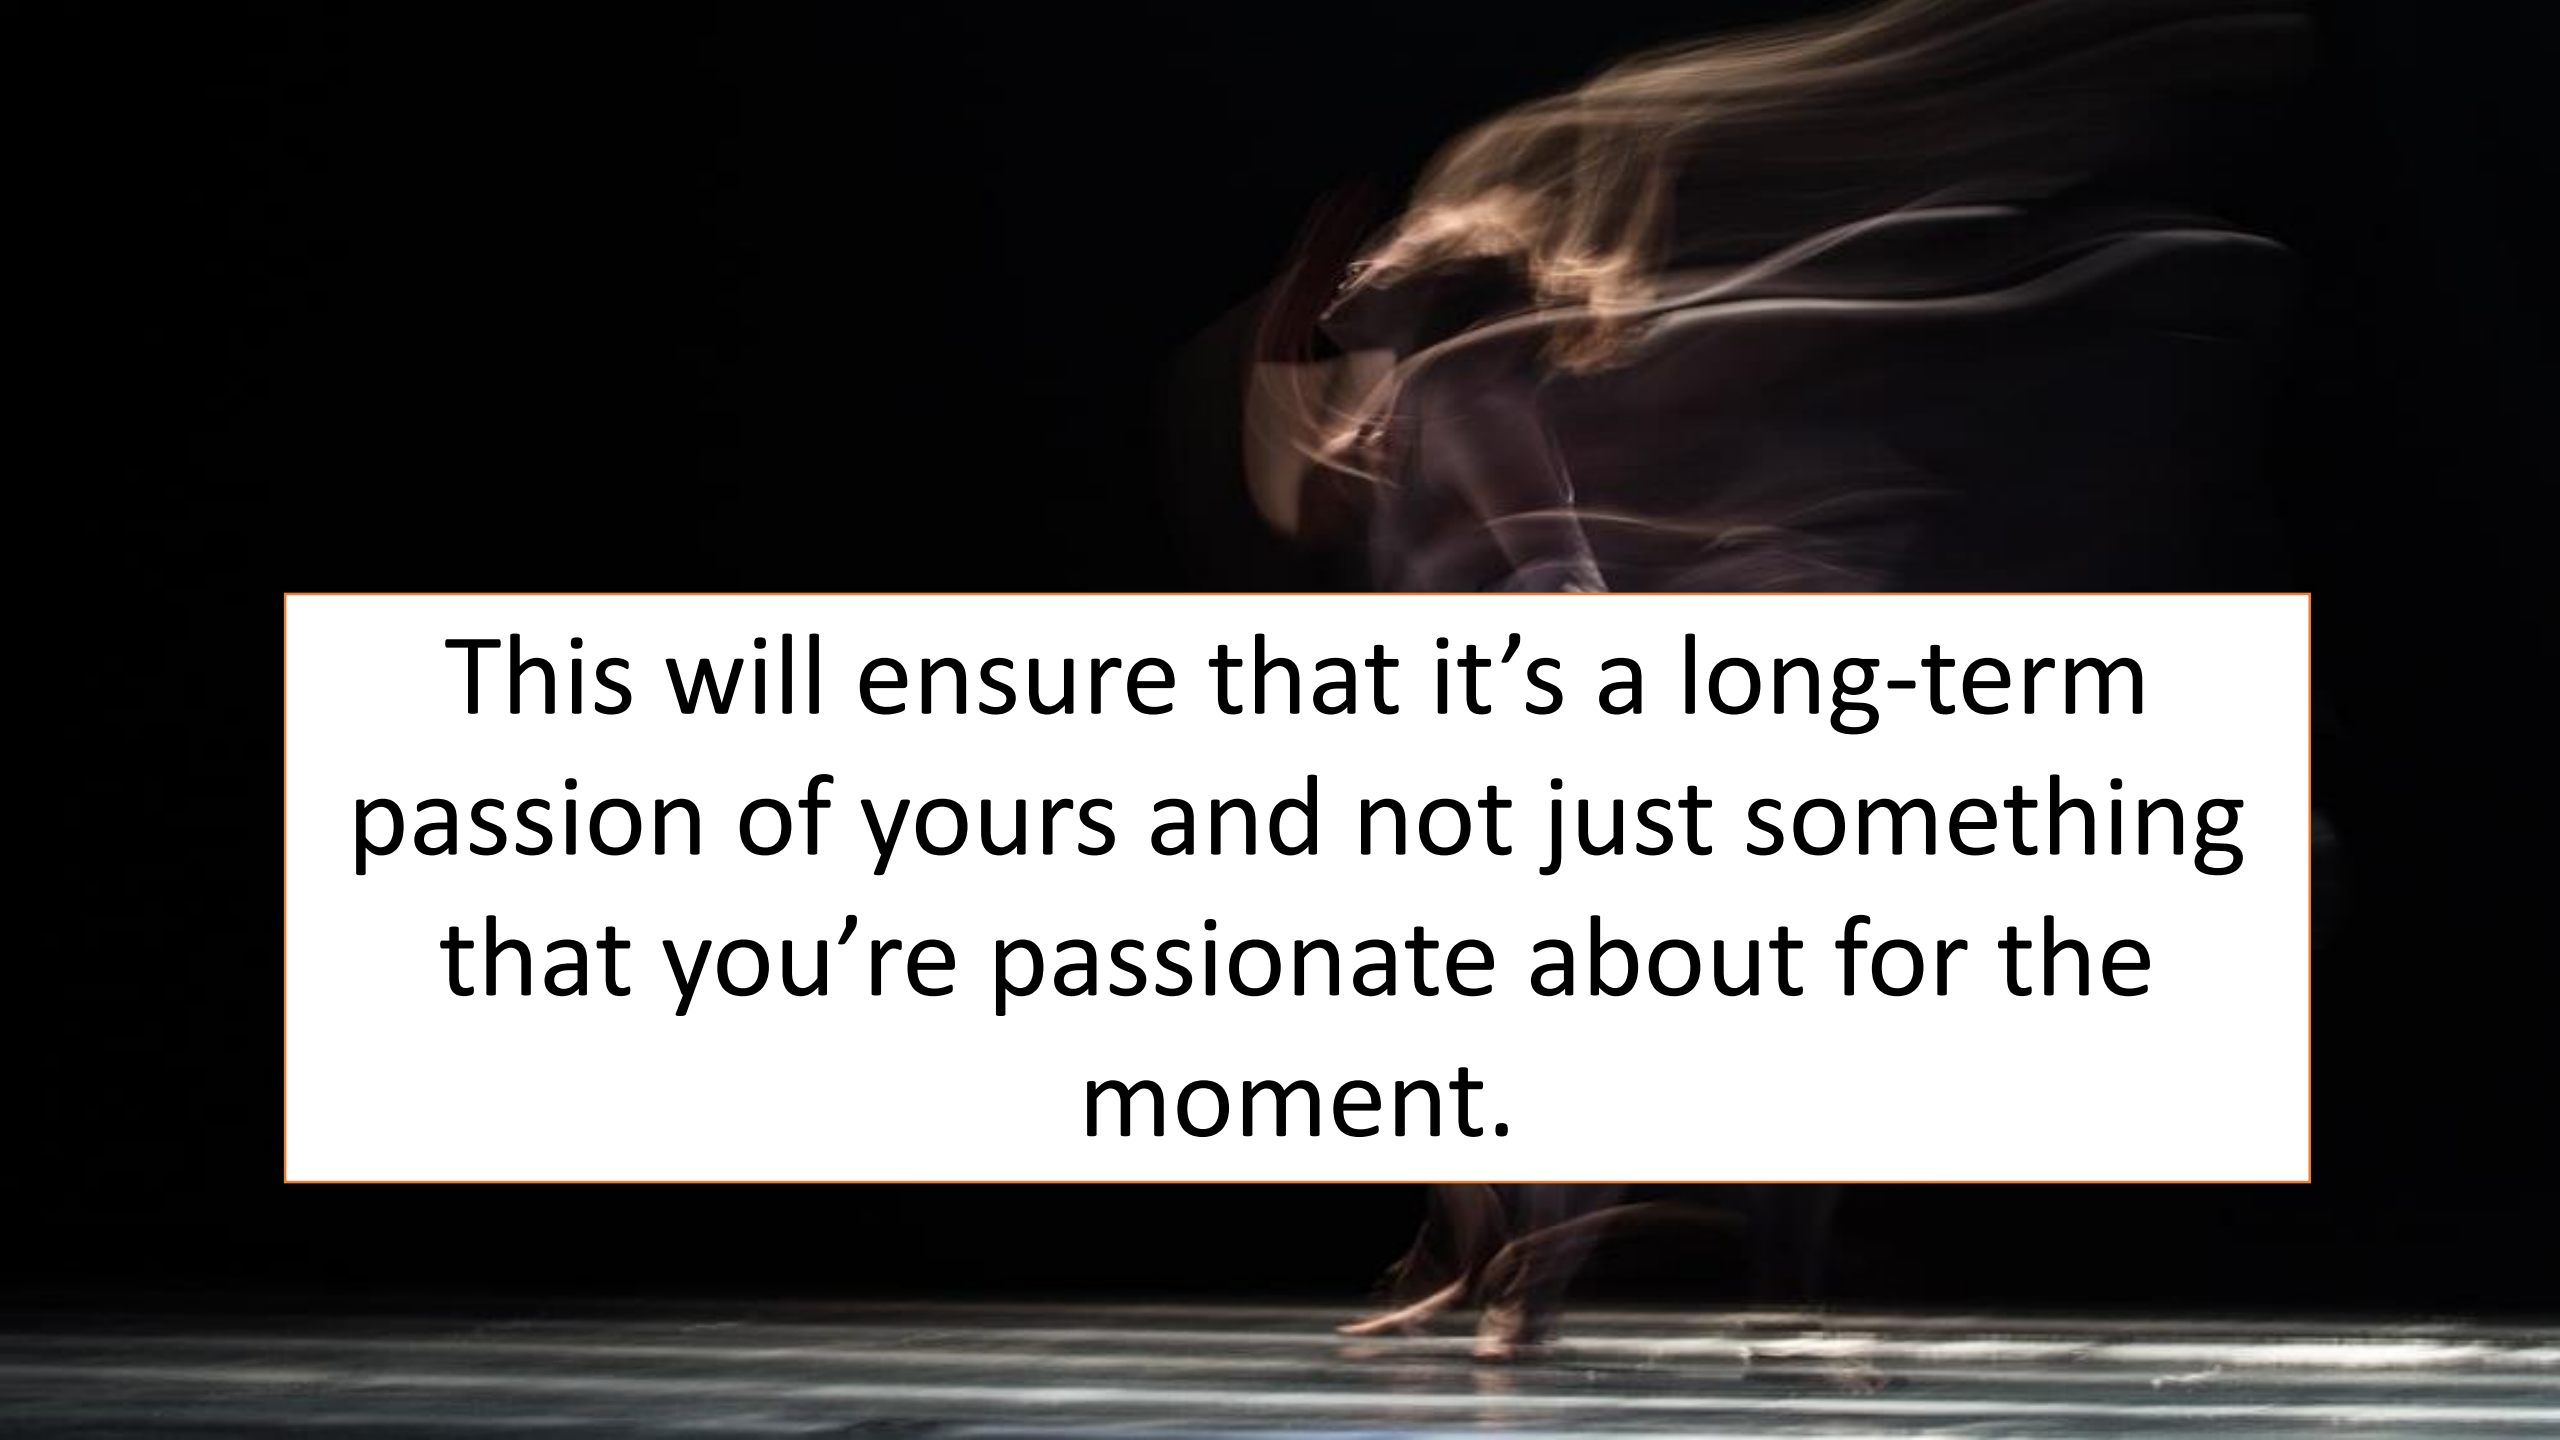

The fact is, you've already found it,
you just have to re-connect with it
and unleash it!

A person with long, flowing hair is captured in motion against a dark background. The hair is blurred, suggesting a fast movement or a dance. The person's body is partially visible, also blurred, and they appear to be standing on a reflective surface. The overall mood is dynamic and energetic.

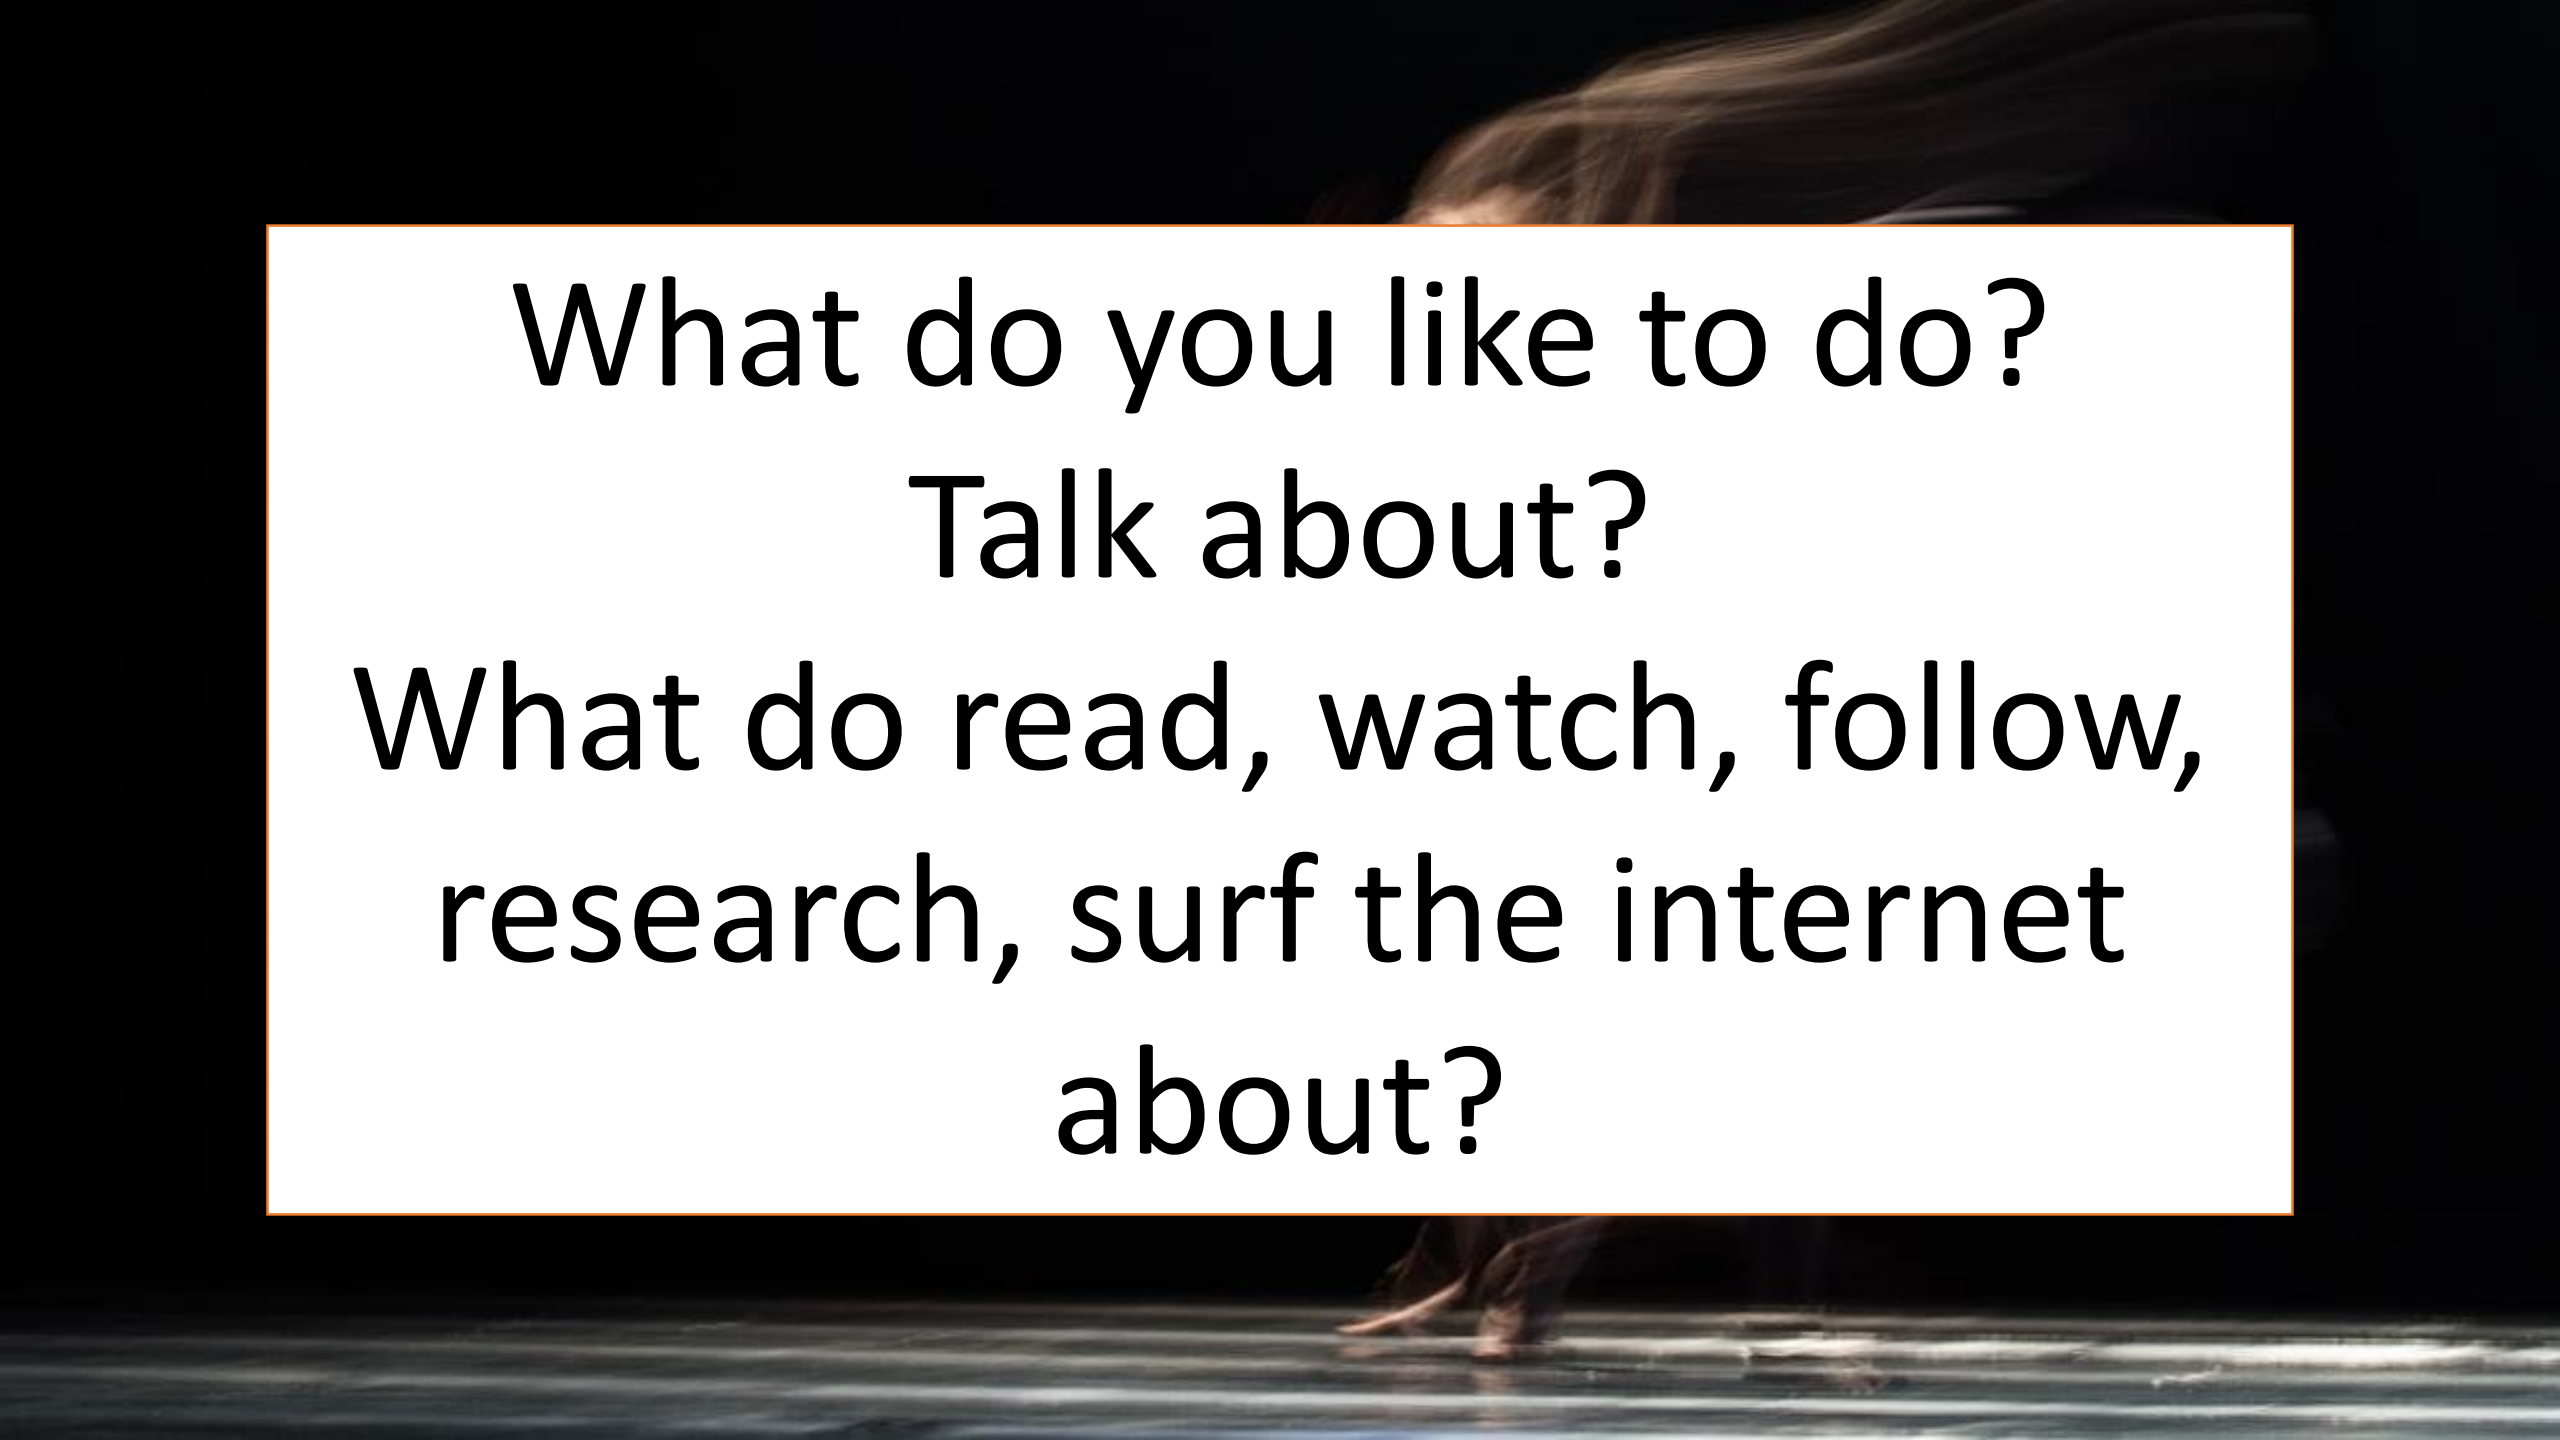

You know you have found your passion when it's something that gets you excited and engaged.

A person with long, flowing hair is running on a beach at sunset. The background is a dark, moody sky with a bright orange and yellow glow from the setting sun. The person's hair is captured in motion, creating a sense of speed and energy. The overall scene is dynamic and evocative.

Usually something you are knowledgeable about or good at is something you are passionate about.

A person with long, light-colored hair is captured in a dynamic, blurred motion against a dark background. The hair is flowing and catching the light, creating a sense of movement and energy. The person's body is partially visible, also blurred, suggesting they are in motion. The overall mood is one of passion and intensity.

This will ensure that it's a long-term passion of yours and not just something that you're passionate about for the moment.

- What's something that family or friends have gone to you for help with or look up to you for?
- What's something family or friends think you're good at?
- Where can you give other people value?

A high-angle, wide shot of a bustling outdoor market. The scene is filled with a dense canopy of colorful umbrellas in shades of blue, red, green, and white. People are seen walking through the aisles, some carrying goods on their heads or backs. The market is set up on a street with utility poles and wires visible overhead. The overall atmosphere is one of a busy, active marketplace.

THE MARKETABILITY TEST.
Answer the following
questions to discover if you
product has a market

A vibrant outdoor market scene with numerous colorful umbrellas in shades of blue, pink, and green. People are seen browsing and interacting in the background. The scene is filled with various goods and a sense of bustling activity.

Is there an emotional need for the product?

Are customers actively seeking a solution to the problem your product sets to solve?

Is there a reason or extra value you can create for customers to choose to buy from you?

A high-angle, wide shot of a bustling outdoor market. The scene is filled with a dense crowd of people, many of whom are wearing blue shirts. The market is covered by a vast array of colorful umbrellas in shades of blue, red, green, and white. The umbrellas are arranged in rows, creating a vibrant canopy over the market stalls. In the background, a street sign with the number '50' is visible. The overall atmosphere is one of a busy, active marketplace.

2. ANALYZING YOUR MARKET

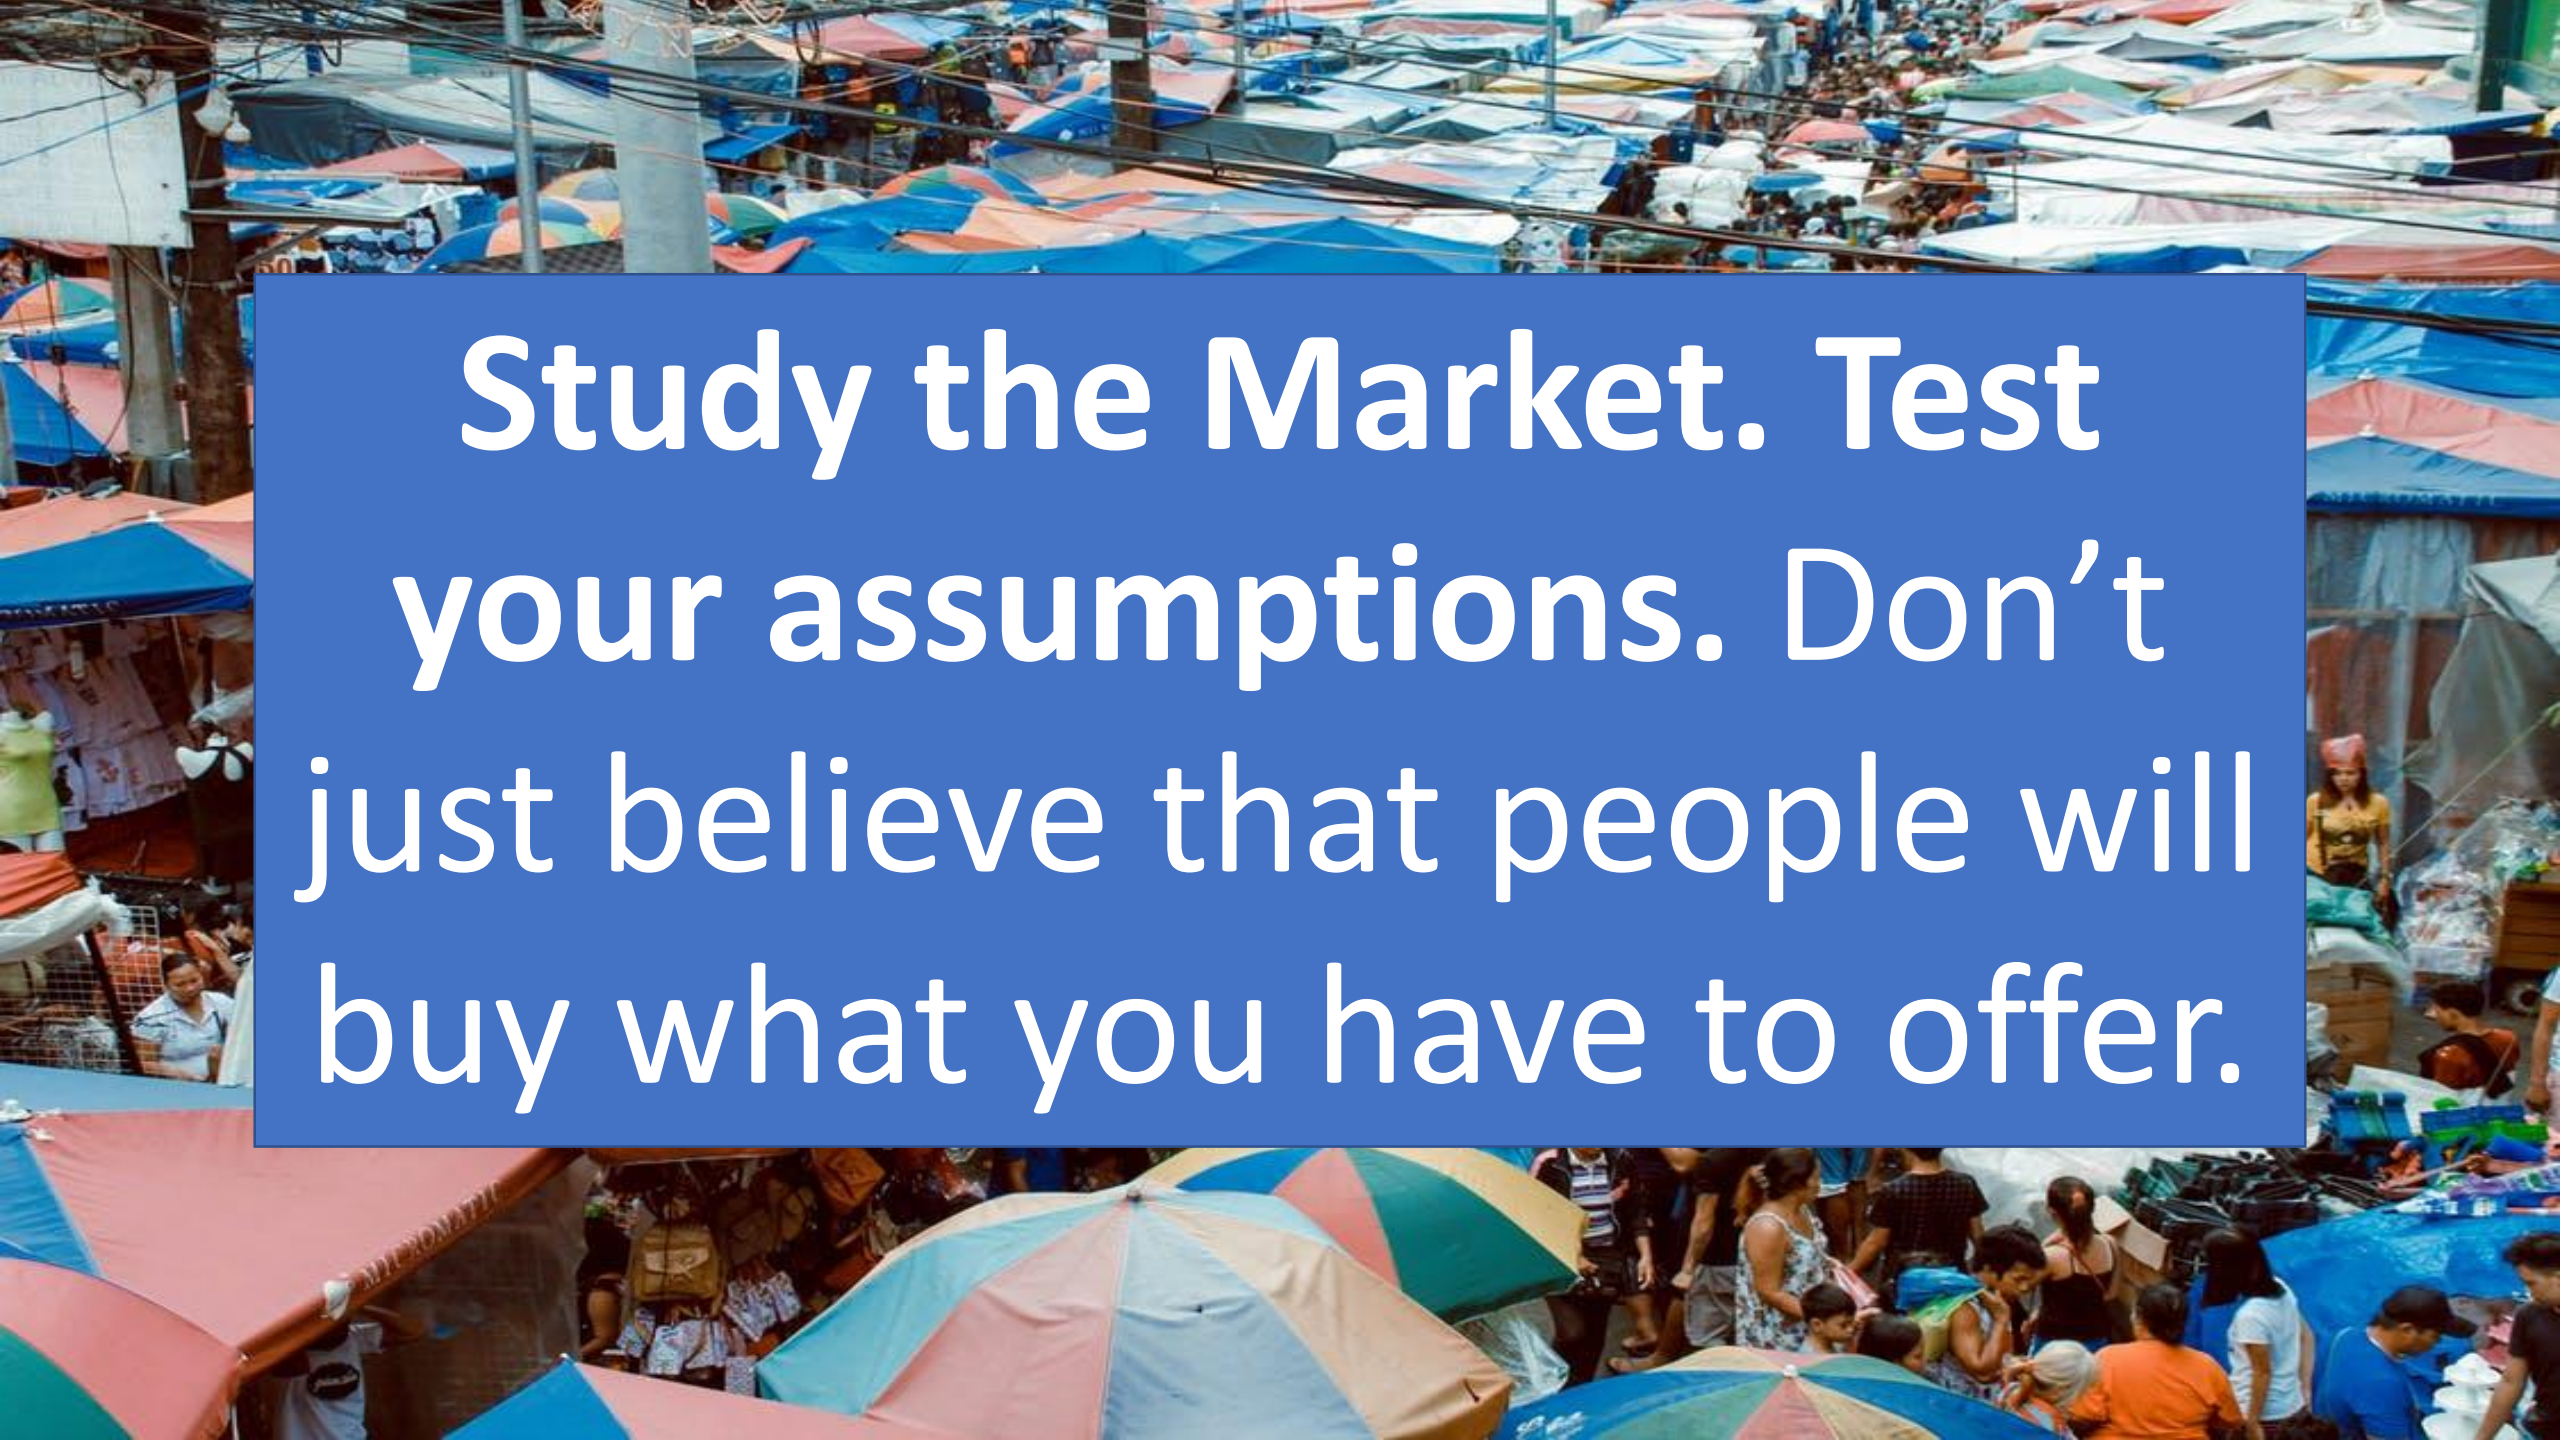

A vibrant outdoor market scene with numerous colorful umbrellas in shades of blue, pink, and green. People are seen walking through the market, and various goods are displayed under the umbrellas. The background shows a dense crowd of people and more market stalls.

Market Opportunity.

Now that you've discovered your passion and your knowledge base, let's find out if there's a fit for it in the ClickBank Marketplace

A high-angle, wide shot of a bustling outdoor market. The ground is covered with a dense array of colorful umbrellas in shades of blue, red, green, and white. People are seen moving through the market, some carrying goods on their heads. The scene is filled with activity and a sense of a busy, traditional marketplace.

The goal is to find a need in the market that exists already so you can just satisfy that need by offering a solution (your product).

One of the best ways to create an anxious, hyped-up, destructive, barking, whining, howling, crate-breaking, separation anxiety filled dog, is to share an effusive goodbye.

Even when you leave without fanfare, it's already hard on your dog. They're likely already somewhat worried and concerned...worked up emotionally.

So the last thing you want to do is make something that's already difficult for your dog... a thousand times worse.

The tendency for us is to want to connect and communicate to our dogs. We want them to know we love them. That we're coming back. That we're sorry. That everything will be okay.

And that's exactly how you make everything not okay.

Even though the intention is 100% positive, the actual outcome for the dog is the opposite. They're left feeling confused, worked up, excited, emotionally stimulated. And then – you leave.

Then they're left with all the emotional elevation, and nowhere to put it. The contrast, from what you just shared, to what they're now left with is enormous. And that energy and stimulation you created has to go somewhere. So it goes into all the negative stuff I described above.

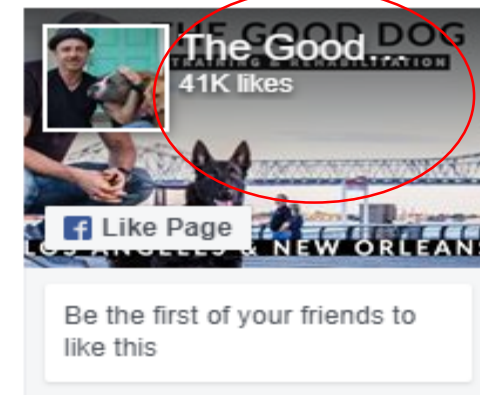

You basically leave your dog holding the emotional bag. Your intentions were to calm and soothe, but what they created was suffering and overwhelm.

I know that's not what you want. And it's not what your dog wants either. Trust me.

If you really want to help your dog feel better. If you really want your dog to not worry. If you really want you dog to relax while you're away, then don't load them up with physical and emotional juice prior to leaving. Just leave. Just make it as normal and non-eventful as possible. Just be neutral. Just go.

Understand that what you're trying to convey isn't landing the way you want, and it certainly isn't

Paulie Ellen Wear Killgore Great progress!! So lovely to see. I teared up when you said how on edge poor Gus is.  I found that was one of the hardest things, when I was training dogs (read:training people 😊) to convey to people - you hurt your dog by not teaching them to obey your rules. Whew. So hard. Thanks for what you do, Sean and company. I shake my head in awe all the time!

Mike lamele Need to see more on gus. My dog Mac has similar traits. Fearful and on edge when guests are around.

CLICKBANK TERMINOLOGIES

A HOPLINK **referral tracking URL** (or HopLink for short) is a URL that links potential customers to a vendor's landing page and it informs ClickBank which affiliate directed that traffic for commission purposes.

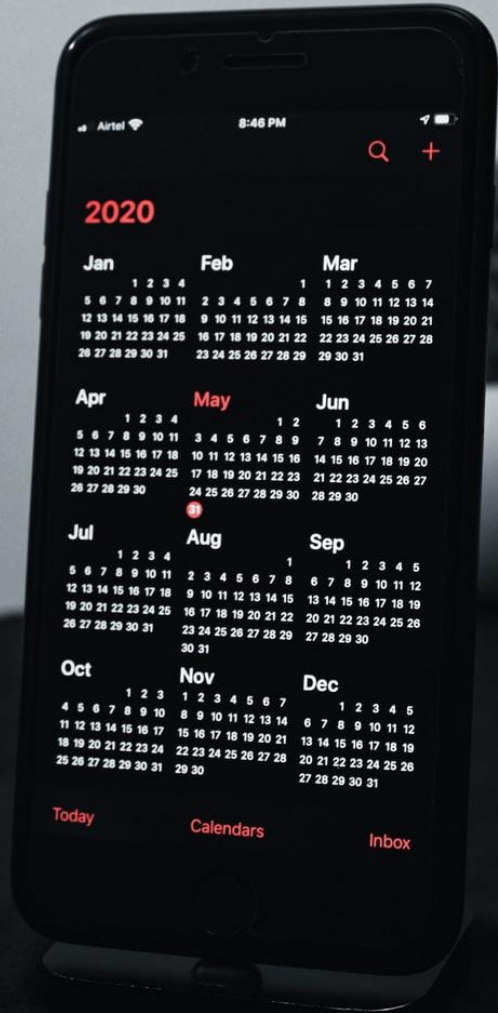

hoplink®

HOP LINK

=

AFFILIATE TRACKING LINK

If the user buys the product within 60 days of clicking on the HopLink, the affiliate who created it receives credit and commission for the sale.

An illustration featuring several overlapping computer monitors displaying various data visualizations. A large magnifying glass is positioned over the central monitor, which shows a line graph with blue and grey data points. Other monitors in the background show a pie chart and a bar chart. The background is a solid blue color with white, stylized clouds. The overall theme is data analysis and digital marketing.

This Is The Working Of TID

An illustration featuring several laptops displaying data charts. A magnifying glass is positioned over a line graph on the central laptop. The background is a blue sky with white clouds. The text is centered in a white box with a dark blue border.

WHAT IS VTID?

VENDOR TRACKING ID

The background features a light blue gradient with several blue chains of varying thicknesses and colors (dark blue, medium blue, light blue) scattered across the frame. The word "LINK" is written in a bold, blue, sans-serif font, partially obscured by the chains.

Vendor TID is appended to the
Paylink instead of the HopLink

A person in a red jumpsuit is skydiving, seen from above, against a clear blue sky. Below them is a landscape with a river and agricultural fields. A large blue rectangular box is overlaid on the center of the image, containing white text.

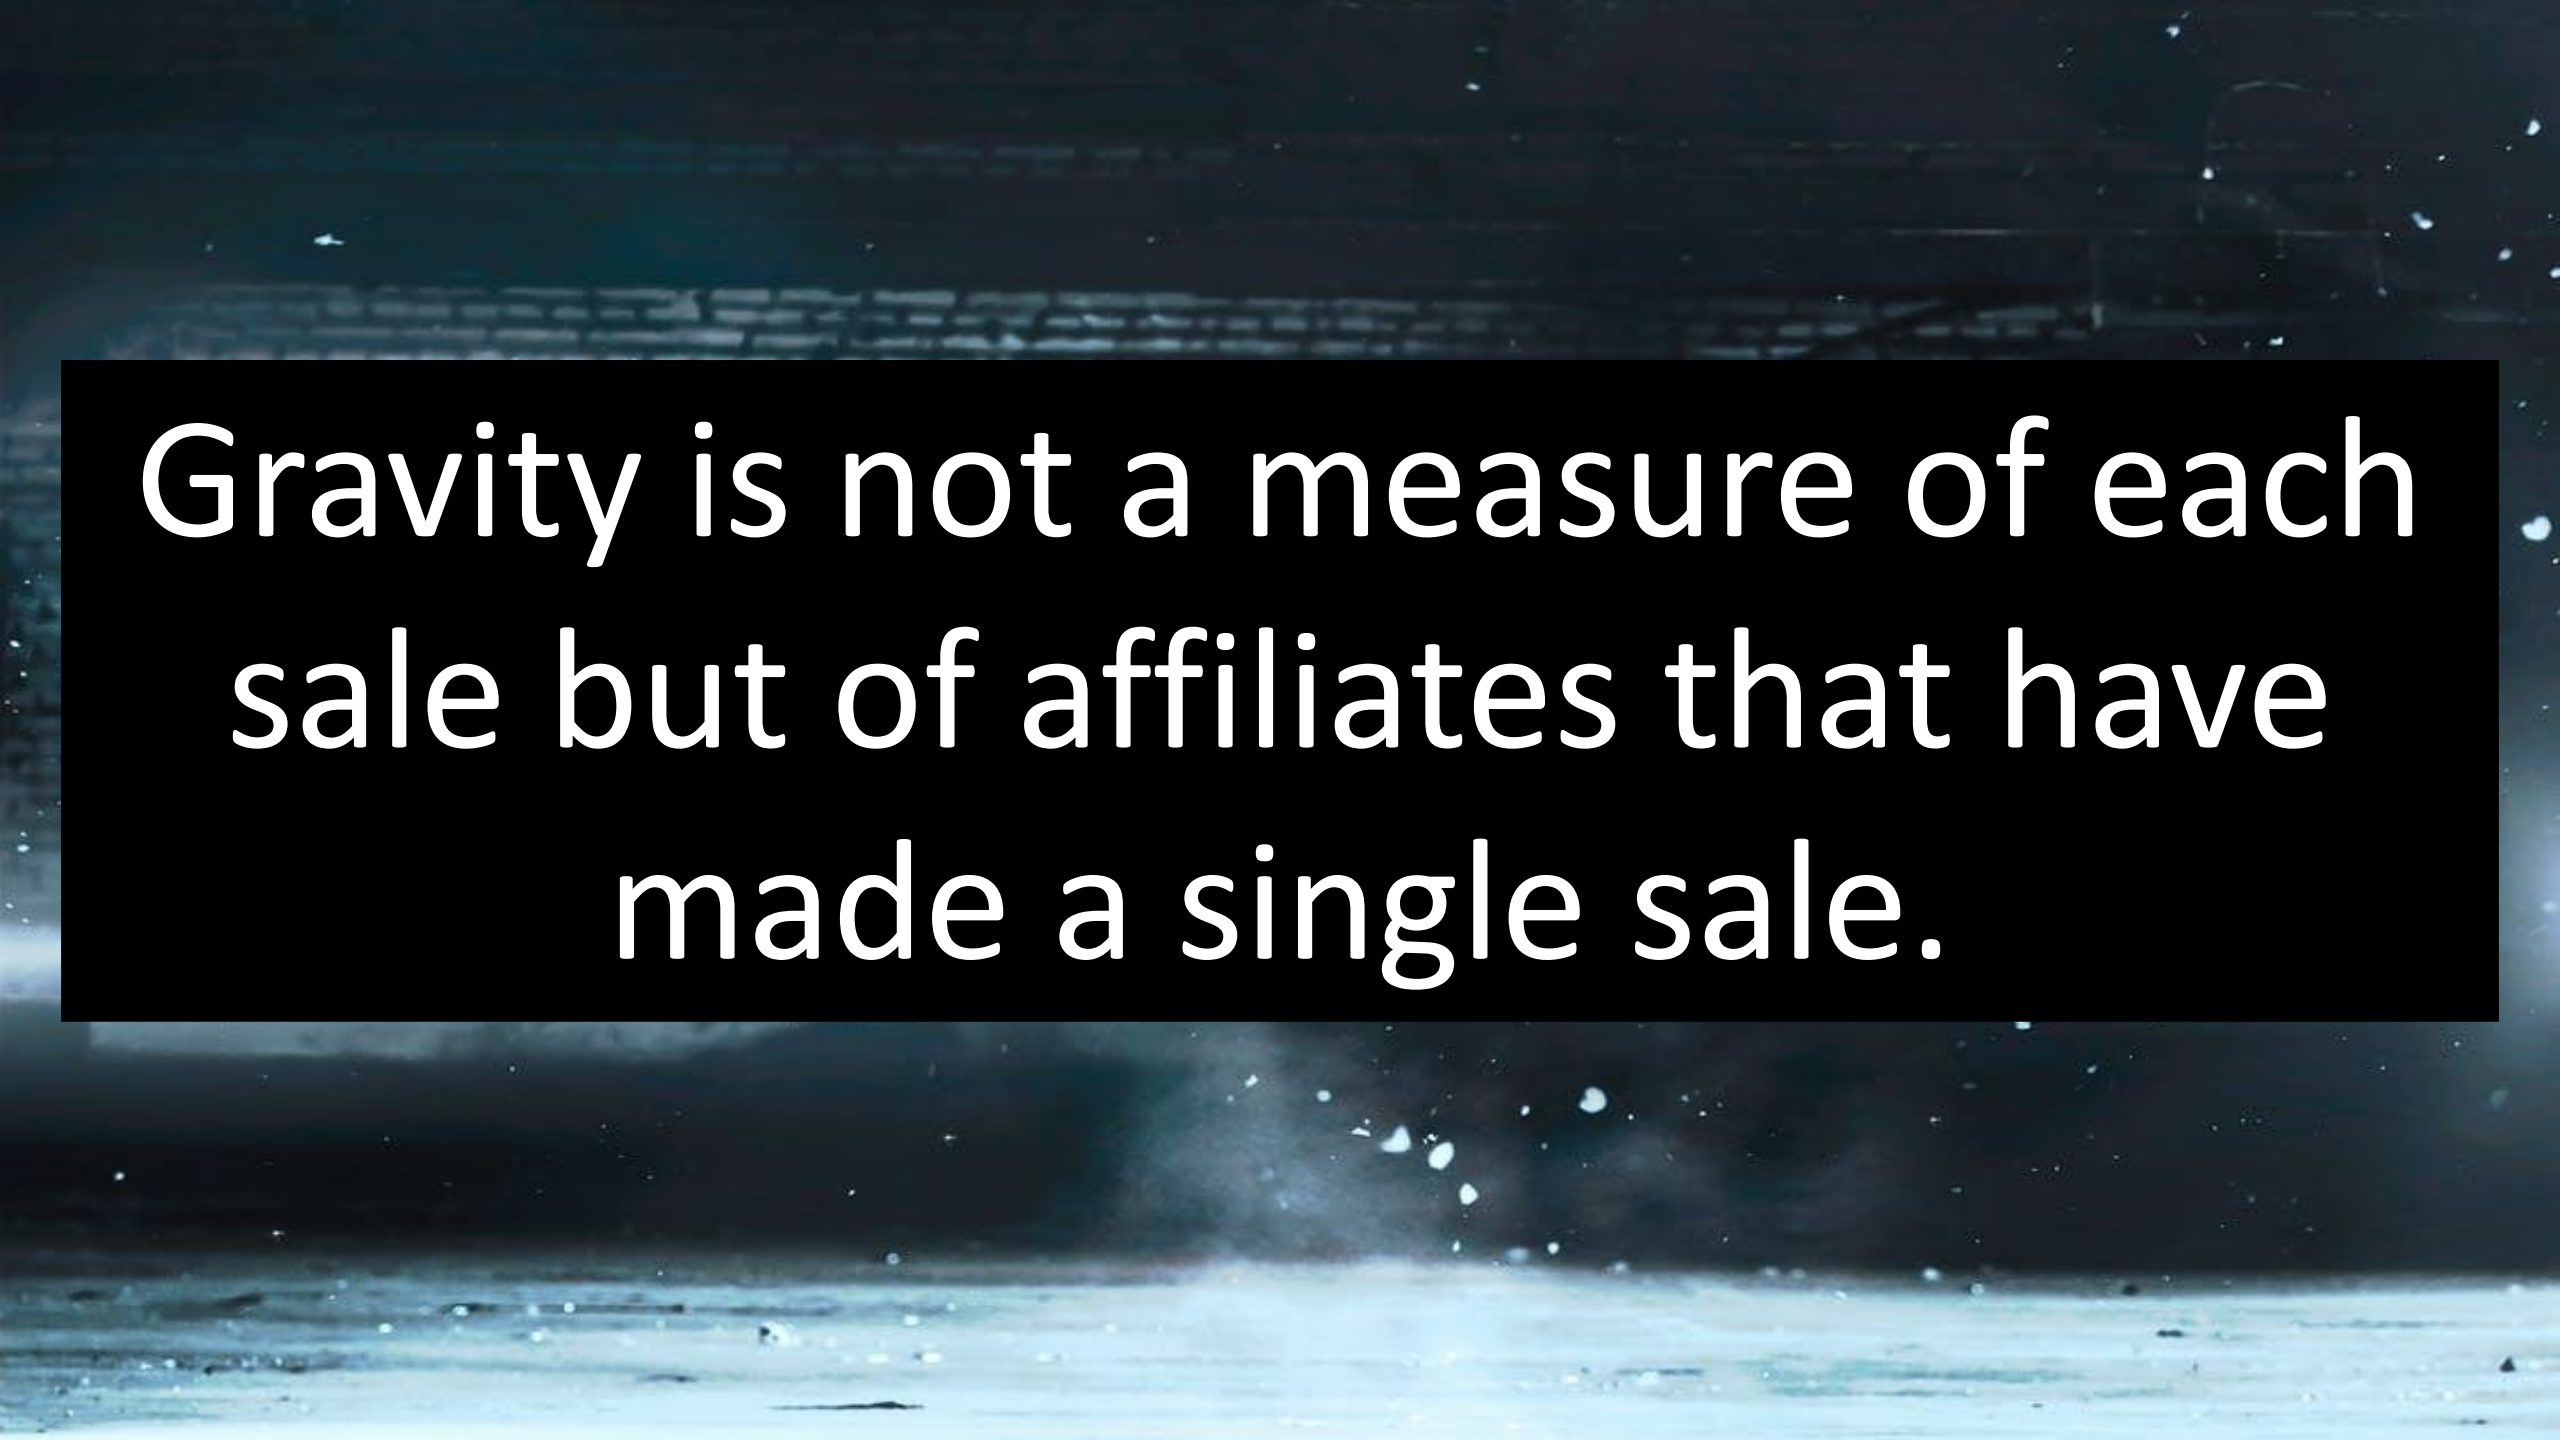

CLICKBANK GRAVITY

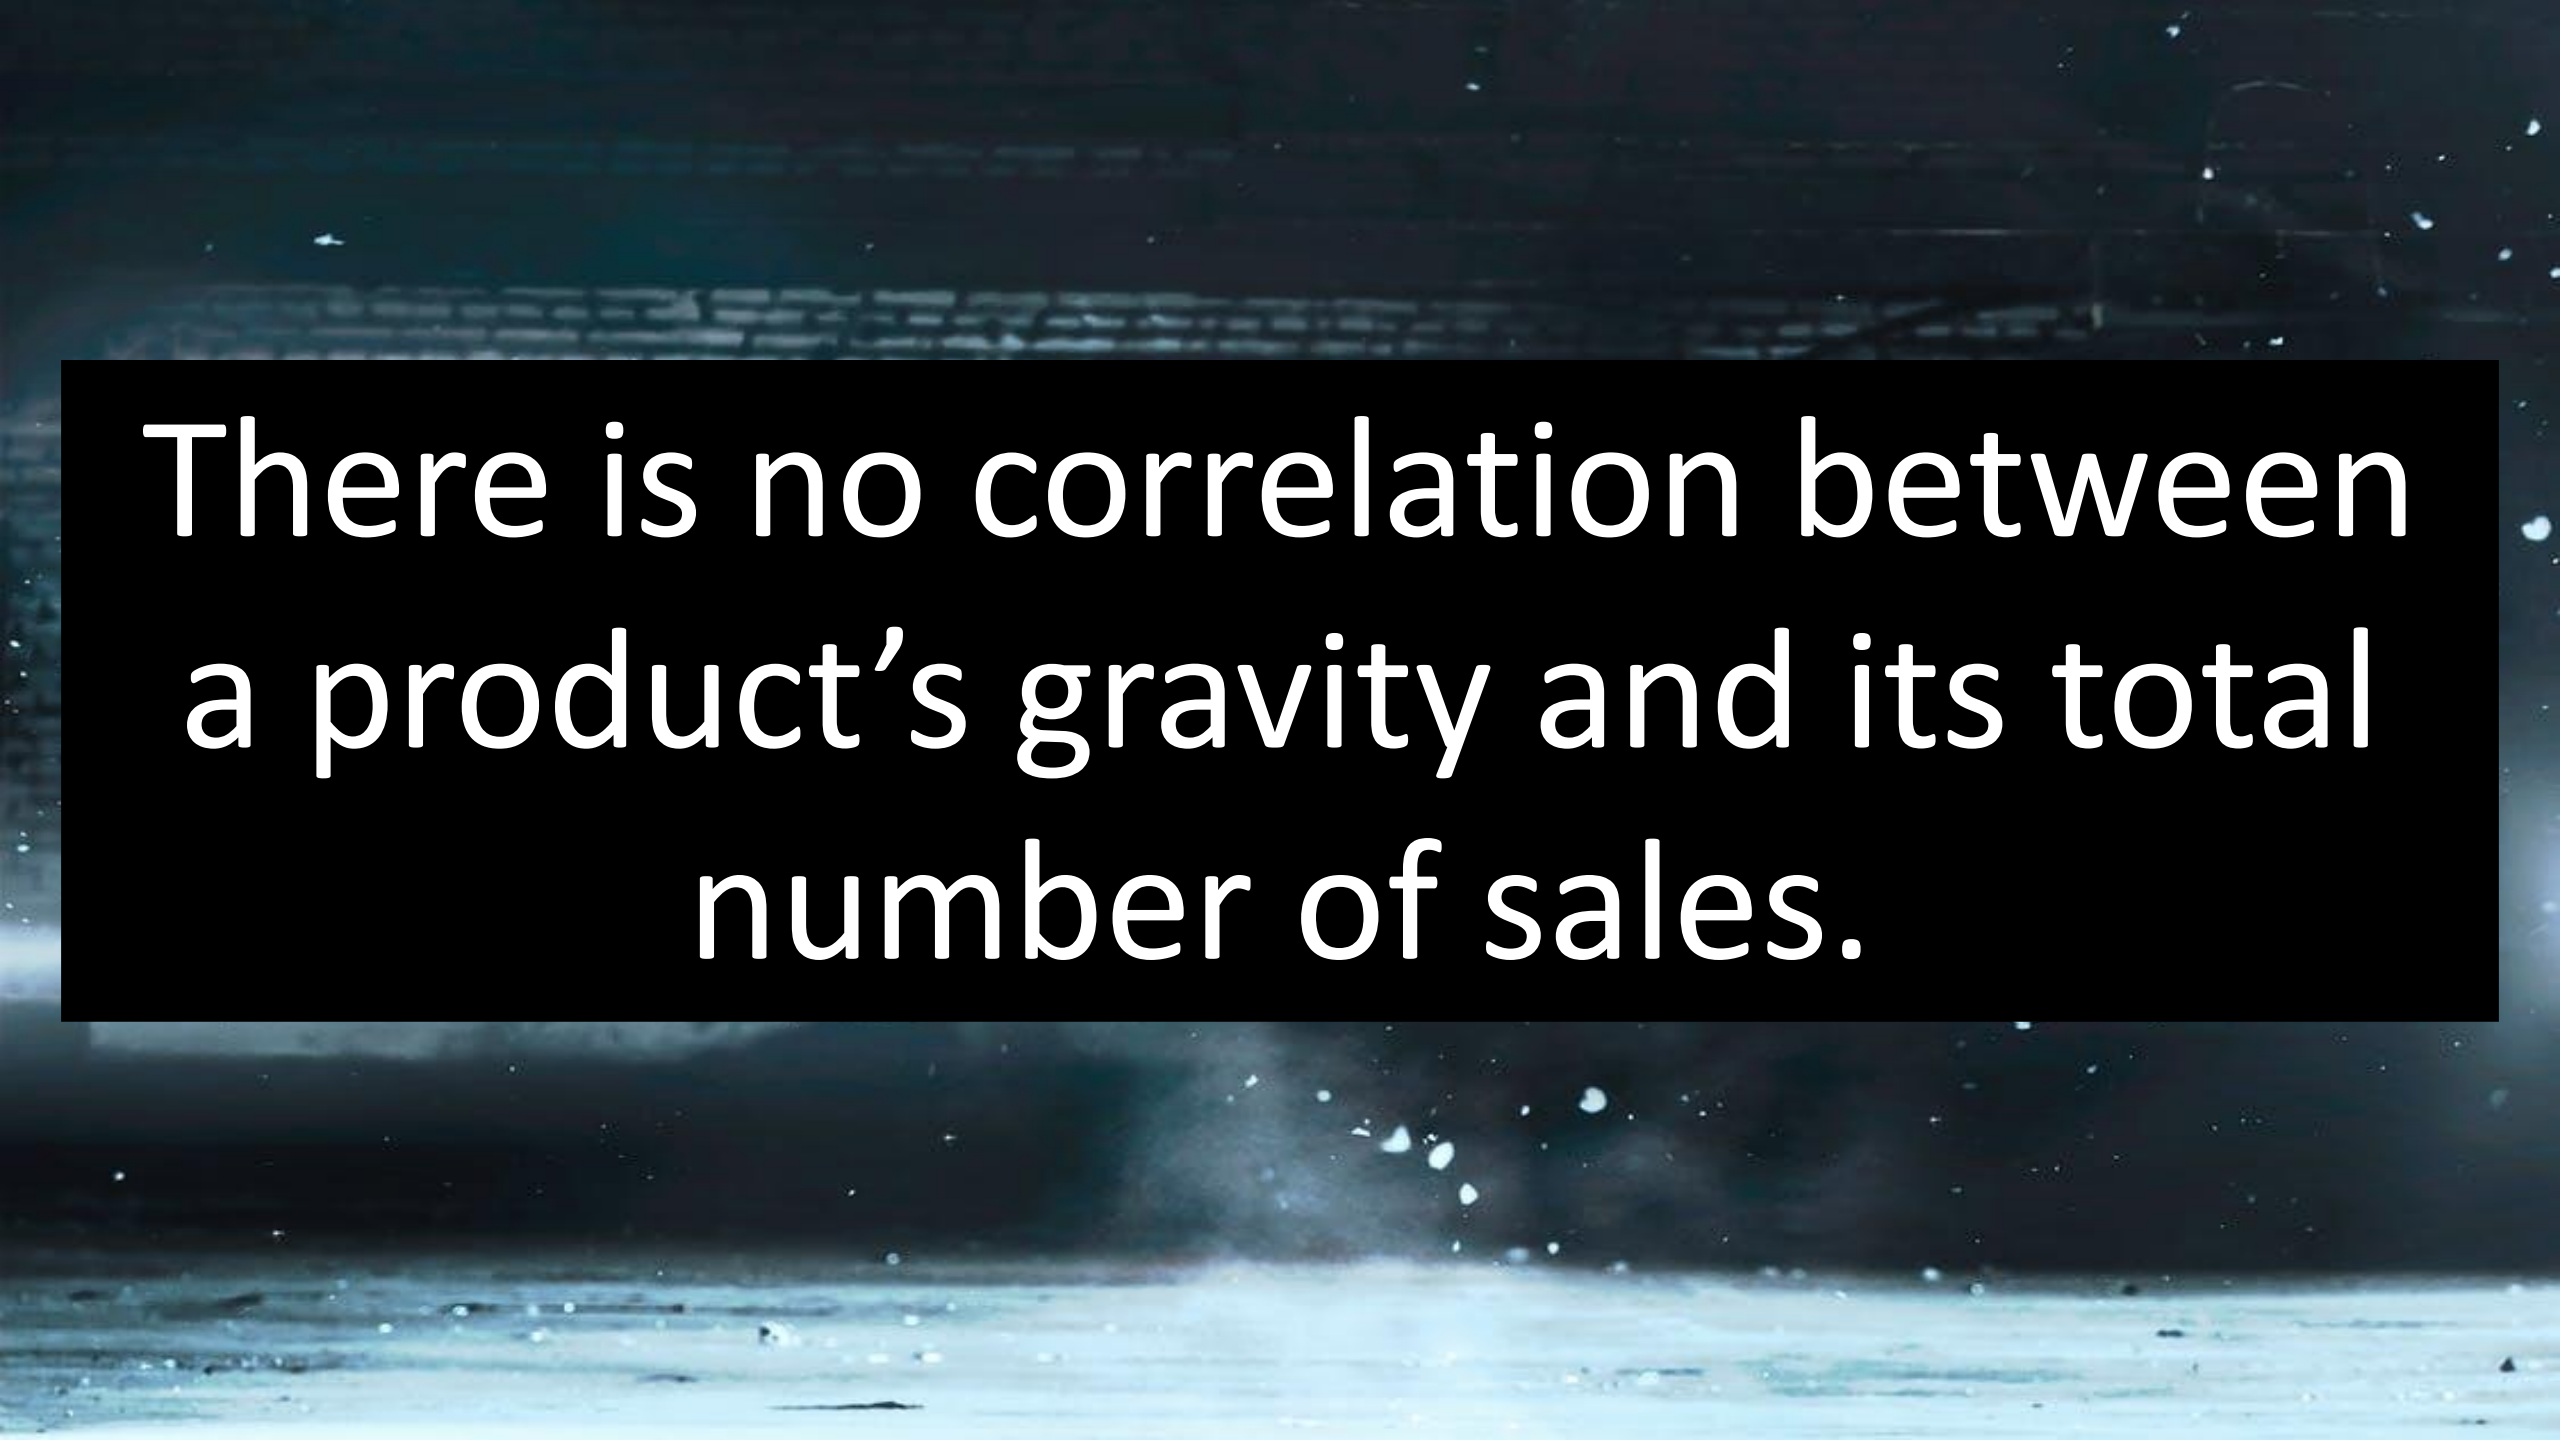

**What Does It Mean And
How It Works?**

"Number of distinct affiliates who earned a commission by promoting the vendor's products during the past 12 weeks. This is not an actual number of affiliates. For each affiliate an amount between 0.1 and 1.0 is added to the result, depending on when his/her last transaction occurred. More recent transactions are given a higher value."

Gravity is not a measure of each sale but of affiliates that have made a single sale.

The background is a dark, deep blue space filled with numerous small, bright white stars of varying sizes, creating a starry field effect. A solid black rectangular box is centered horizontally and vertically, containing the text in a clean, white, sans-serif font.

There is no correlation between
a product's gravity and its total
number of sales.

There is no correlation between
a product's gravity and its
conversion rate.

High Gravity products may not convert well – it could take tons of traffic to make one sale.

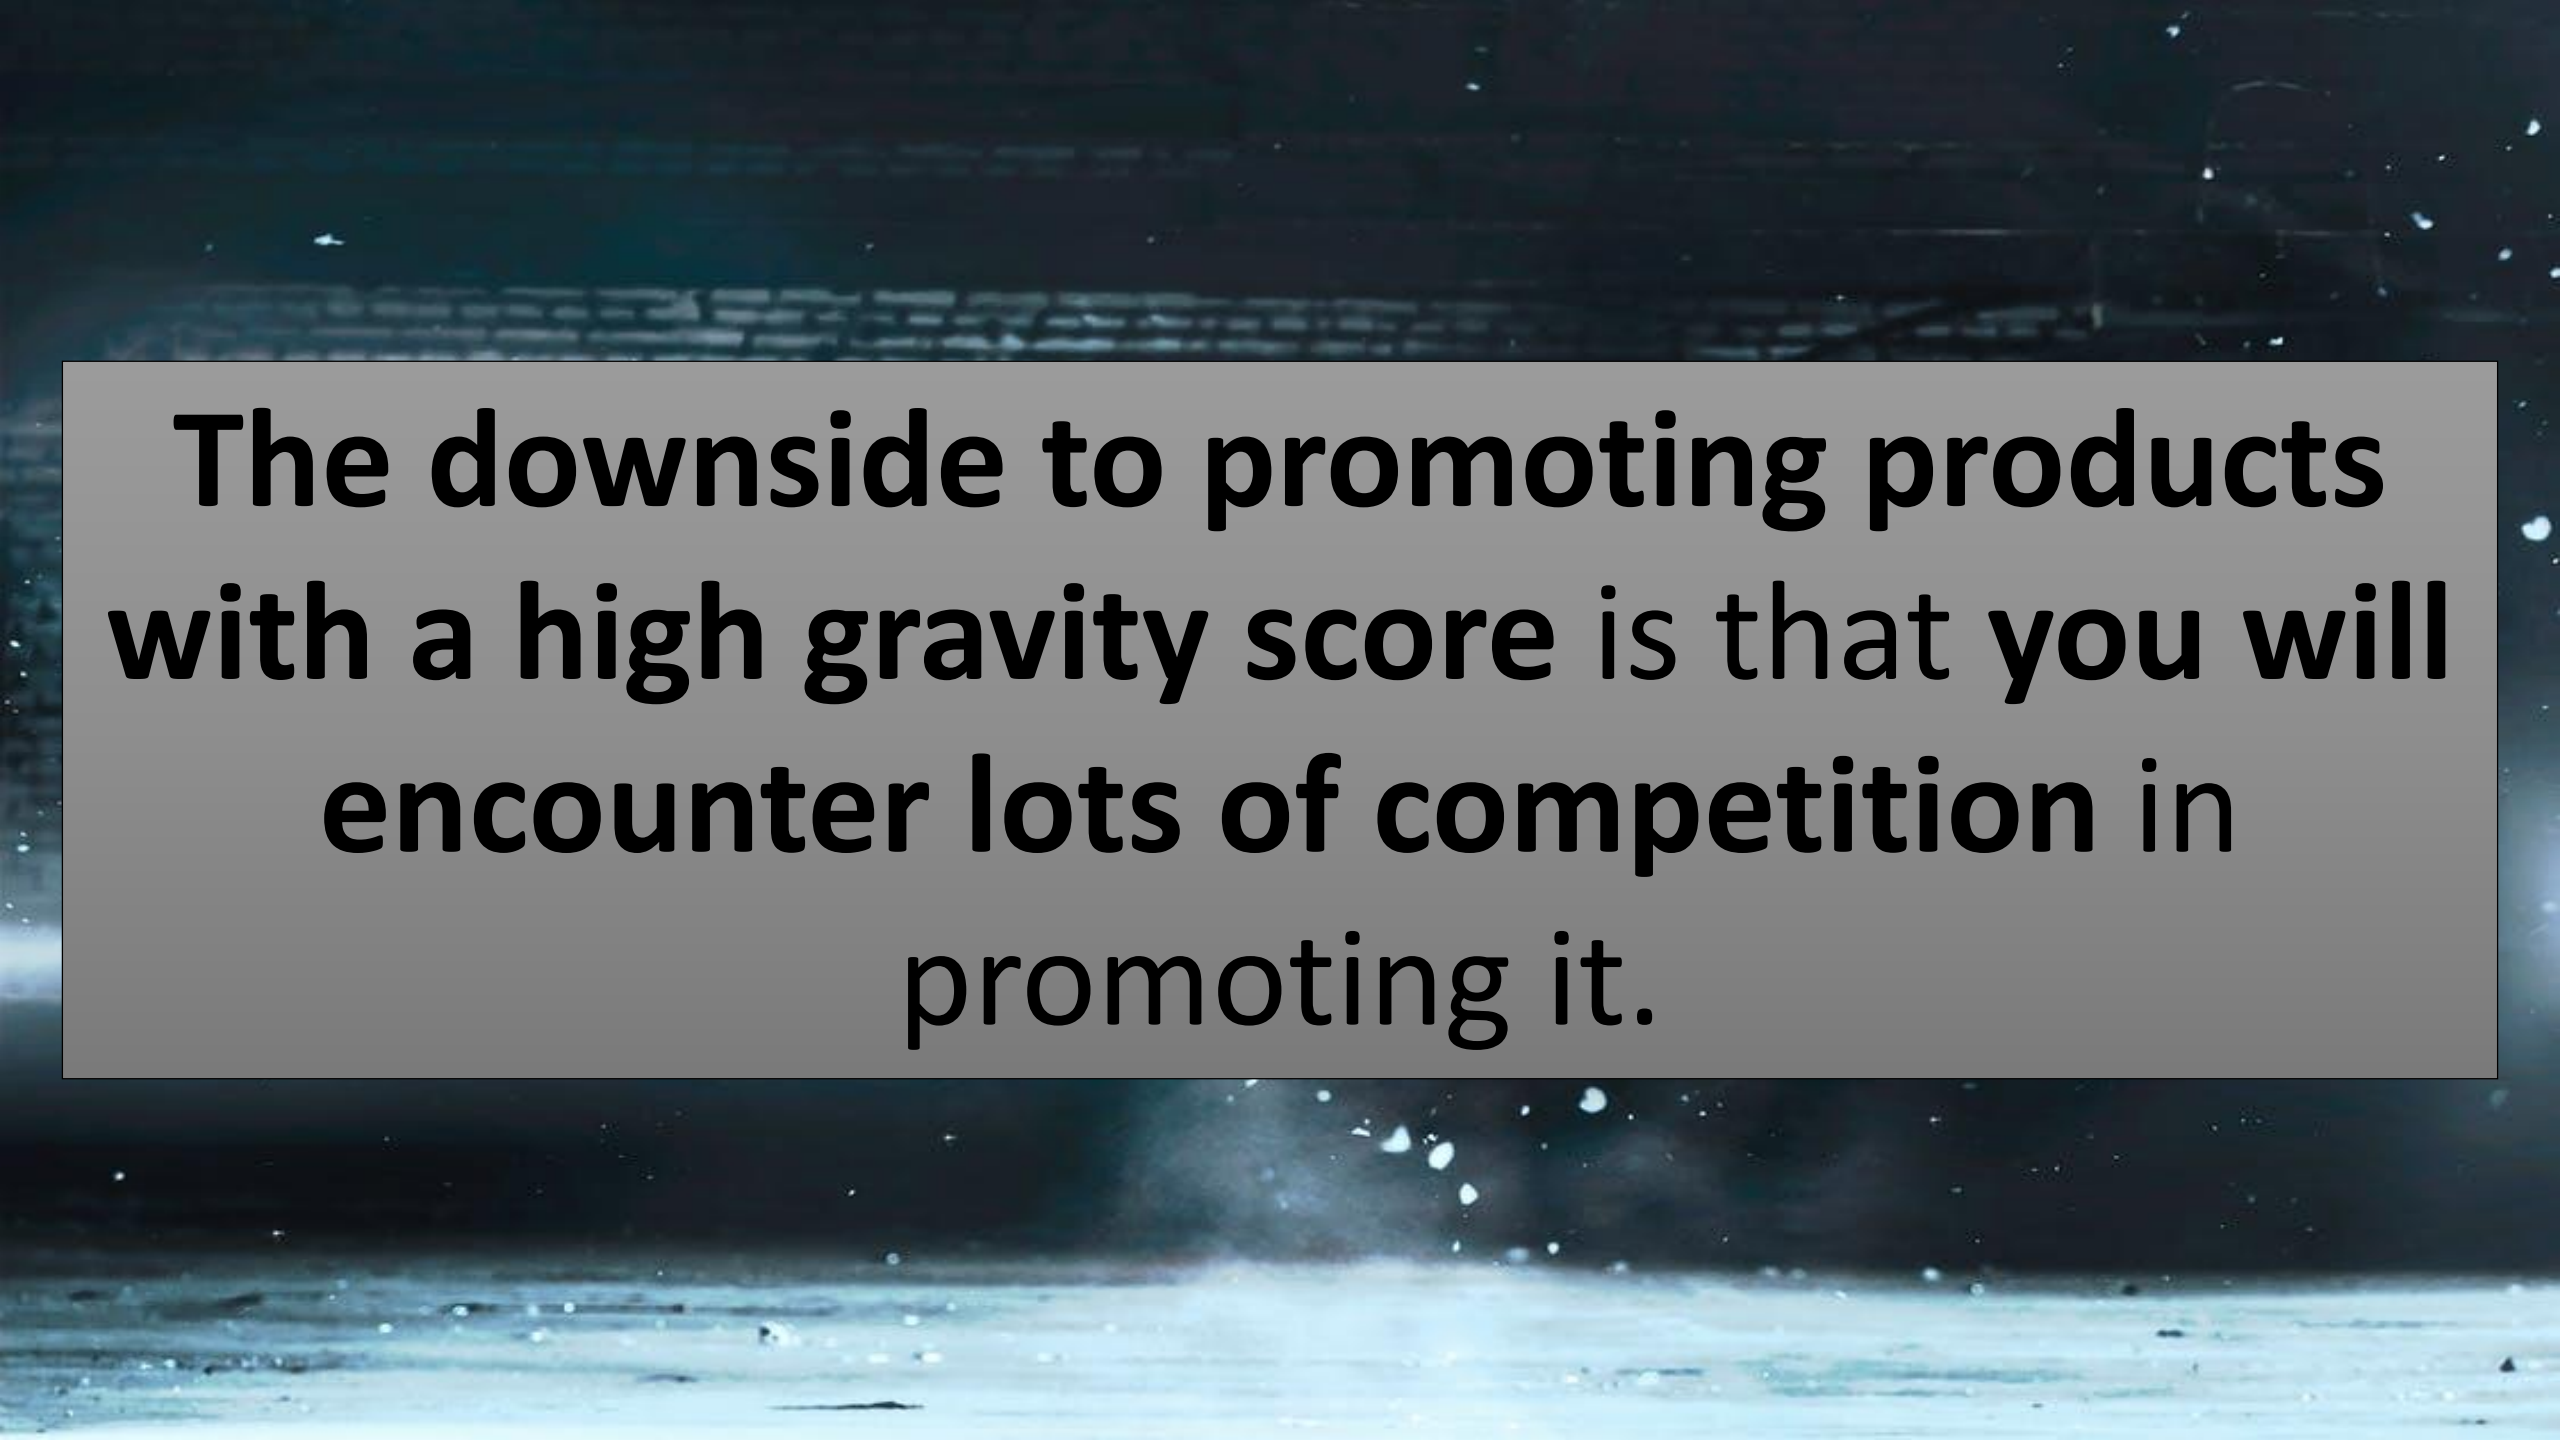

Clickbank does not disclose sales numbers or conversion rates for any product so you can only assume.

IN SHORT,

ClickBank Gravity refers to the number of affiliates who earned a commission by promoting a particular vendor's product(s).

This, in turn, should be an indicator to you that the product sells well.

High Gravity can also mean that a vendor has lots of affiliates buying the product through their own affiliate link.

The downside to promoting products with a high gravity score is that you will encounter lots of competition in promoting it.

***So it is better to Promote a
product that has a gravity
between 15 and 70***
