DROPSERVICE

DROPSERVICING
is an opportunity
of 2020

Due to **COVID 19**

Drop service
industry has

grown

exponentially

The background of the image is a close-up, slightly blurred view of several US dollar bills, including a \$100 bill and a \$20 bill, scattered across the frame. The bills are in various orientations, creating a sense of abundance and financial activity.

DROPSERVICE :

INDUSTRY

**VERY LITTLE
UPFRONT
INVESTMENT**

An aerial photograph of a vast blue ocean with white-capped waves. The water transitions from a deep, dark blue in the lower right to a lighter, turquoise blue in the upper left. The waves are captured in motion, creating a dynamic and textured surface.

DropService is a blue ocean

NOT MUCH COMPETITION

A person is shown from the chest up, wearing a dark, short-sleeved shirt. They are standing in a field of tall, golden-brown grass. The person's hands are raised, and a large cloud of dust or sand is flying through the air around their face and hands, partially obscuring them. The background is a clear, bright blue sky. The overall scene suggests a sense of motion, testing, or a physical challenge.

TESTED AND PROVEN

NO NEED TO HAVE:

KNOWLEDGE

EXPERIENCE

SKILLS

A person is running on a paved path that leads towards a large body of water, likely a lake or a wide river. The scene is captured during sunset or sunrise, with the sun low on the horizon, creating a warm, golden glow. The sky is filled with soft, wispy clouds. The path is flanked by dark, silhouetted trees and bushes. The overall mood is serene and contemplative.

*Majority of the work is
done by others*

***Anyone from every part of the
world can do this***

A hand is shown adjusting a gear in a mechanical assembly. The assembly consists of several interlocking gears of various sizes and colors (dark blue, light blue, grey, and white) on a white background. The hand is holding a dark blue gear, which is part of a larger gear mechanism. The text "Fully Automated Business Model" is overlaid on the image in a light blue box.

Fully Automated Business Model

NO COMPANY

NO OFFICE

NO EMPLOYEE

The background features a blurred financial market display. On the left, there is a grid of data with columns of numbers and some green and red text indicating price changes. On the right, a candlestick chart is visible, showing price fluctuations with green and red bars. The overall color scheme is dark with blue and green highlights.

NO STOCK

NO INVENTORY DRAIN OUT

What is **DROPSERVICING**?

DROPSERVICING is a business model in which the clients who need **services**,

We provide them the said **services** by outsourcing to a third party.

A young man with dark hair and light-colored eyes is shown in profile, looking intently at a smartphone held in his hands. The background is dark, and the lighting highlights his face and the screen of the phone. A white text box is overlaid on the bottom half of the image.

Dropservicing is also called **service arbitrage.**

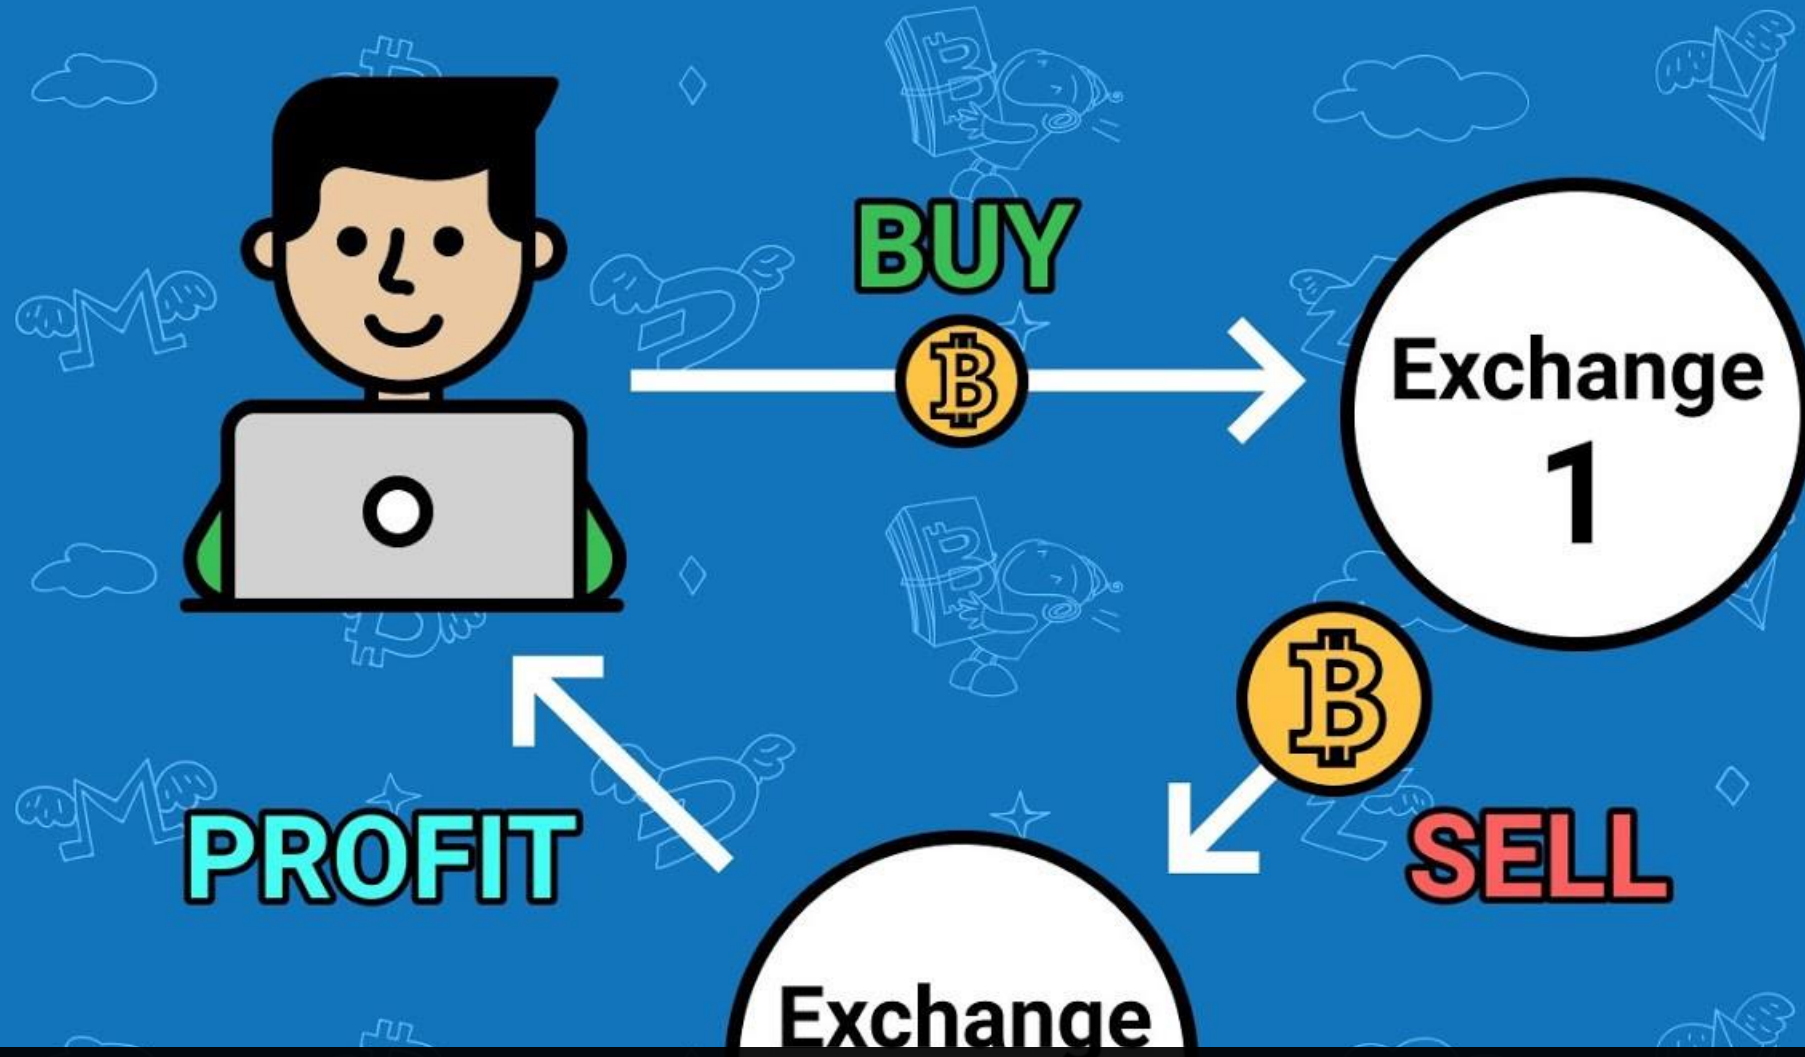

A background image featuring a financial market scene. It includes a green line graph on the left, a pair of glasses in the center, and a candlestick chart on the right. The overall color palette is dominated by green and blue tones.

Arbitrage

What is arbitrage?

What is Arbitrage?

Arbitrage is the difference in price on essentially in the same thing to make risk free profit

An arbitrage trade is considered to be a relatively low-risk exercise.

Let's Talk ABOUT IT

Lets say in one part of town there's some type of a market, let say market for apples

A photograph of a market stall filled with fresh produce. In the foreground, there are several crates of bright red apples. Behind them, there are crates of yellow lemons and green apples. A price tag with a yellow border is prominently displayed in the center, showing the price '\$1'. The background shows more crates and a sign with some text, including '2.90 kg' and 'Pro'.

\$1

In that market apple sell for just \$1

\$1.5

Another part of town you have another market, there apple sell for \$1.5

Two identical red apples are shown side-by-side against a white background. A black rectangular box is overlaid across the middle of the image, containing the text "These apples are completely identical" in a bold, black, sans-serif font. The apples have a smooth, slightly glossy surface and a small brown stem at the top. The text is centered horizontally and partially obscures the middle of both apples.

These apples are completely identical

How could you take advantage of this price difference with a risk free profit?

That is...

You buy apple from the less expensive market,
where you can get apple for \$1

**You sell apple in the expensive market
where you could get \$1.5 per apple**

**That exactly what
you would do**

Let's Say

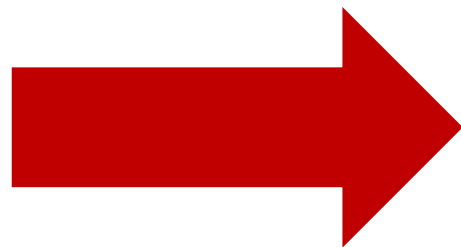

In Pearl Qatar Apple Sell For \$1.5

Souq Waqif Apple Sell For \$1

So you buy 100 apples
from Souq waqif for **\$100**

SELL

100 apples in pearl Qatar
for **\$150**

**That means you
get a profit of \$50**

Arbitrage is you purchased in one market and simultaneously sold in another market, for a higher price.

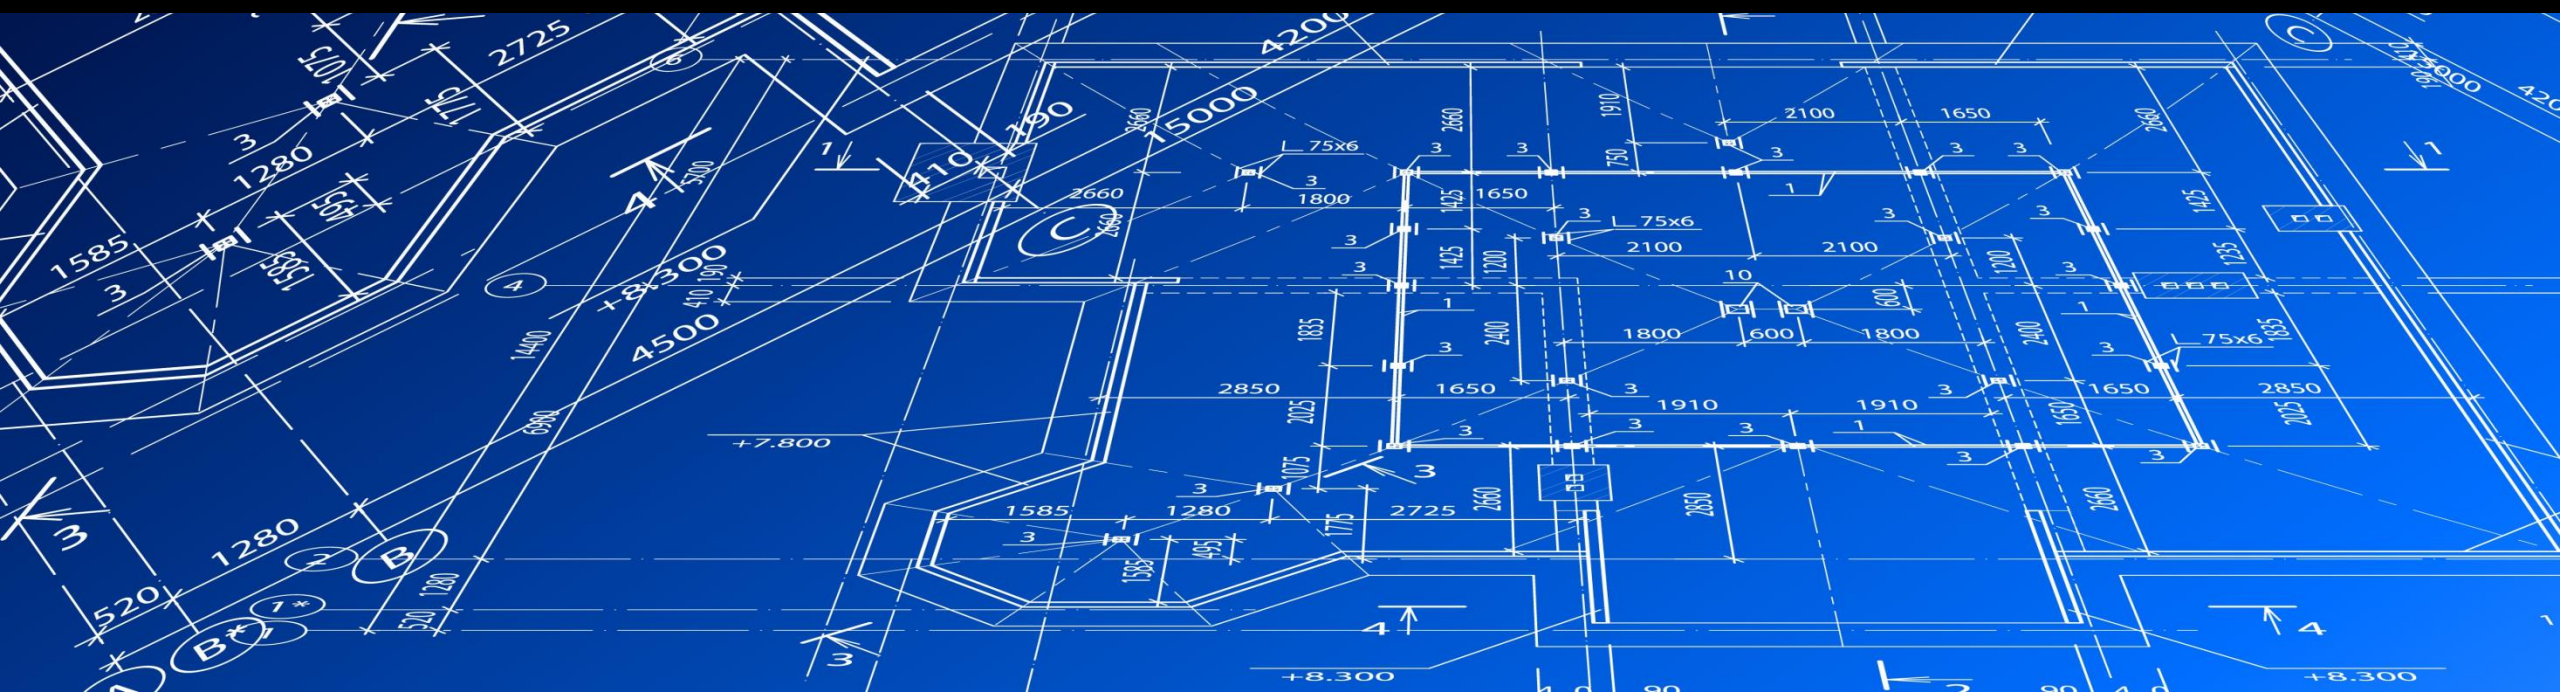

DROPSERVICE

- We provide services to the clients who need a service, by outsourcing it to a third party.

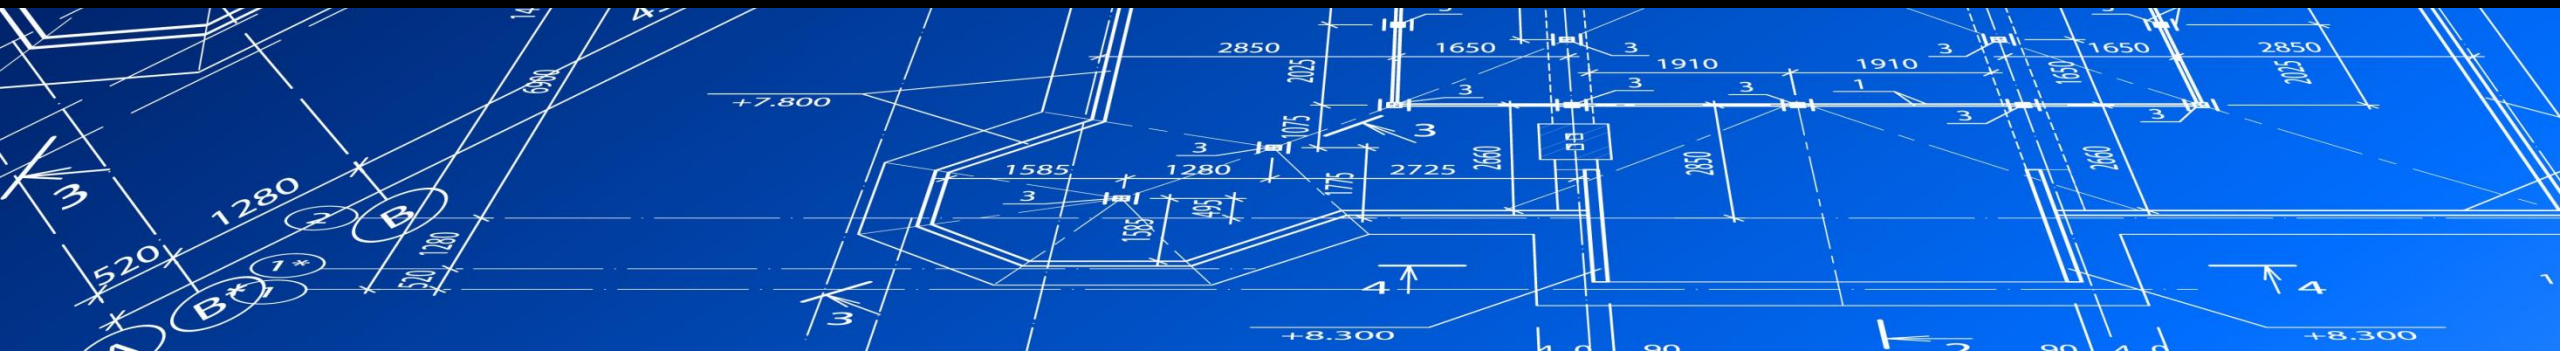

**IN THE REAL WORLD, IT IS
SIMILAR TO SUB-CONTRACTING.**

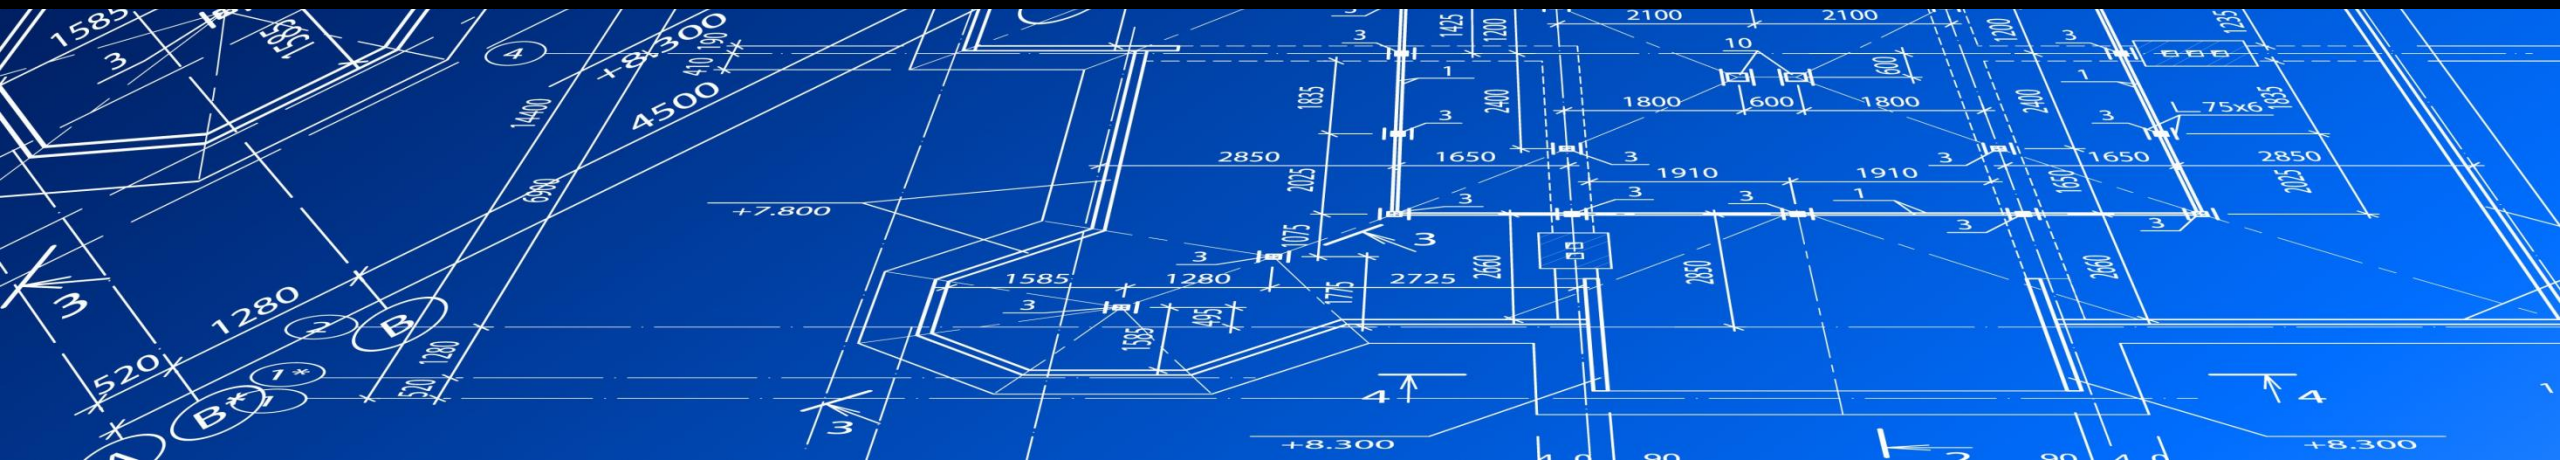

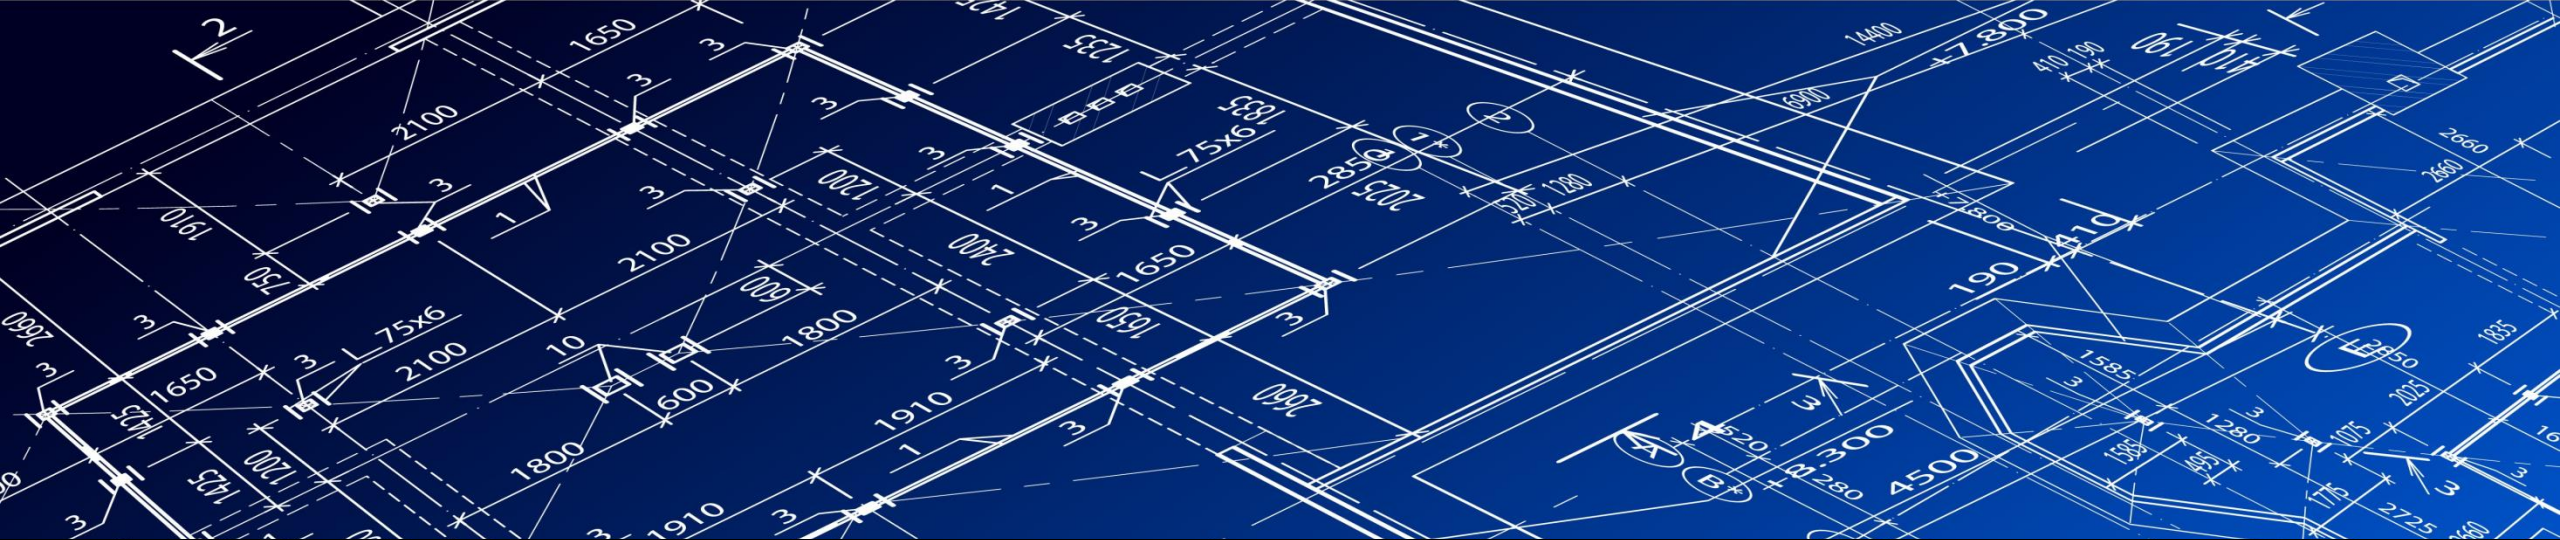

Sometimes, there are contractors who will show you the blueprint of a house you want, and they will speak to you about the cost of the project plus the timelines.

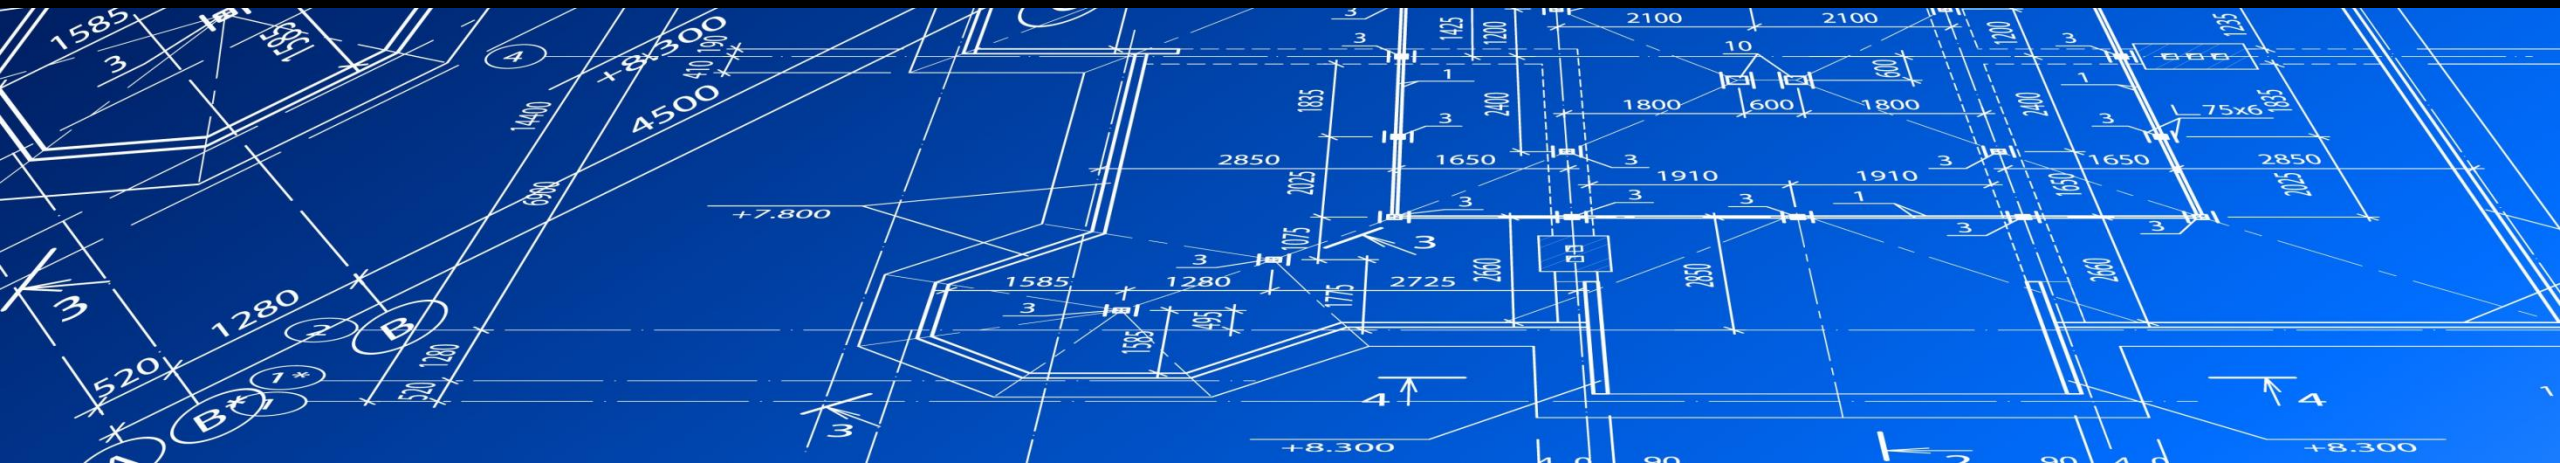

The thing is, these contractors don't have their own carpenters or architects.

They sub-contract this deal, but they still get paid for the job and someone else does it.

In the online world, you can find clients who need graphic art, or clients who need blog content for example.

Once these clients order from you, you place the order to someone you know who does that job.

A young woman with long dark hair in a braid, wearing black-rimmed glasses and a white t-shirt, is smiling and looking at a laptop screen. She is in a modern office environment with a desk, a pen holder, and a lamp. The background is slightly blurred, showing other office elements.

These people are called freelancers, and you can find them in freelance market websites.

A close-up photograph of a compass. The compass face is white with blue markings and the words "BEST PRICE" written in large, bold, blue capital letters. A blue needle is pointing towards the right side of the frame, specifically towards the word "PRICE". The compass is set against a blurred background of a light blue and white pattern.

BEST PRICE

Now, before you do this, you have to know the price of the seller, or the freelancer.

A close-up photograph of a compass. The compass face is white with blue markings and the words "BEST PRICE" are printed in large, bold, blue capital letters. A blue needle with a silver-colored base is positioned over the compass, pointing towards the "BEST PRICE" text. The background is slightly blurred, showing more of the compass's scale and markings.

BEST PRICE

**This way, you
can mark-up on
that price.**

The price difference between what you charged your client and what the freelancer is asking for is your profit.

What are the
services can be done
"dropservicing"?

What you need to do is ensure you create as much awareness about your business and the services you offer and provide high-quality services.

HOW TO START A DROP SERVICE BUSINESS

A close-up photograph of a person's hand giving a thumbs-up gesture. The person is wearing a dark suit jacket, a white dress shirt, and a dark tie. The background is dark and out of focus. The text is overlaid on the right side of the image.

**STARTING A DROP
SERVICING BUSINESS
IS QUITE EASY**

The good thing about this business model is that it doesn't require high startup costs.

You can start with a minimum budget and then scale gradually as your business grows and becomes popular.

A hand in a dark suit jacket is shown interacting with a futuristic, glowing digital interface. The interface consists of several floating, semi-transparent icons on a dark blue background. The icons include a globe, a smartphone, a Wi-Fi signal, a social media profile, a document with a list, a keyboard, a refresh/circular arrow, and an envelope. The scene is illuminated with a strong green and blue light, creating a high-tech, digital atmosphere. The text 'DIGITAL MARKETING' is overlaid in a bold, blue, sans-serif font.

A woman with her hair in a bun, wearing a striped shirt, is seated at a desk in a dimly lit office. She is looking at two large computer monitors. The left monitor displays a video editing interface with a preview window showing a group of people running on a path, and a timeline below. The right monitor shows a large preview window with silhouettes of people raising their hands against a bright sun, and a color correction panel on the left. The background is blurred, showing other desks and office equipment.

VENDOR F

Vendors from different market

**Over 100+ outsourcing companies from the “
low per capita” countries**

Example:

Philippines

India

Bangladesh

**Small and medium
companies**

Freelancers

A hand in a dark blue suit jacket is pointing towards the center of the frame. Overlaid on the hand and background is a glowing white digital network of interconnected nodes and lines. Surrounding this central network are several circular icons connected by thin white lines: a database cylinder (top right), a smartphone (middle right), a desktop monitor (bottom right), a laptop (middle left), and a cloud (bottom left). The background is a blurred cityscape at night with blue and white lights.

All these companies are vendors

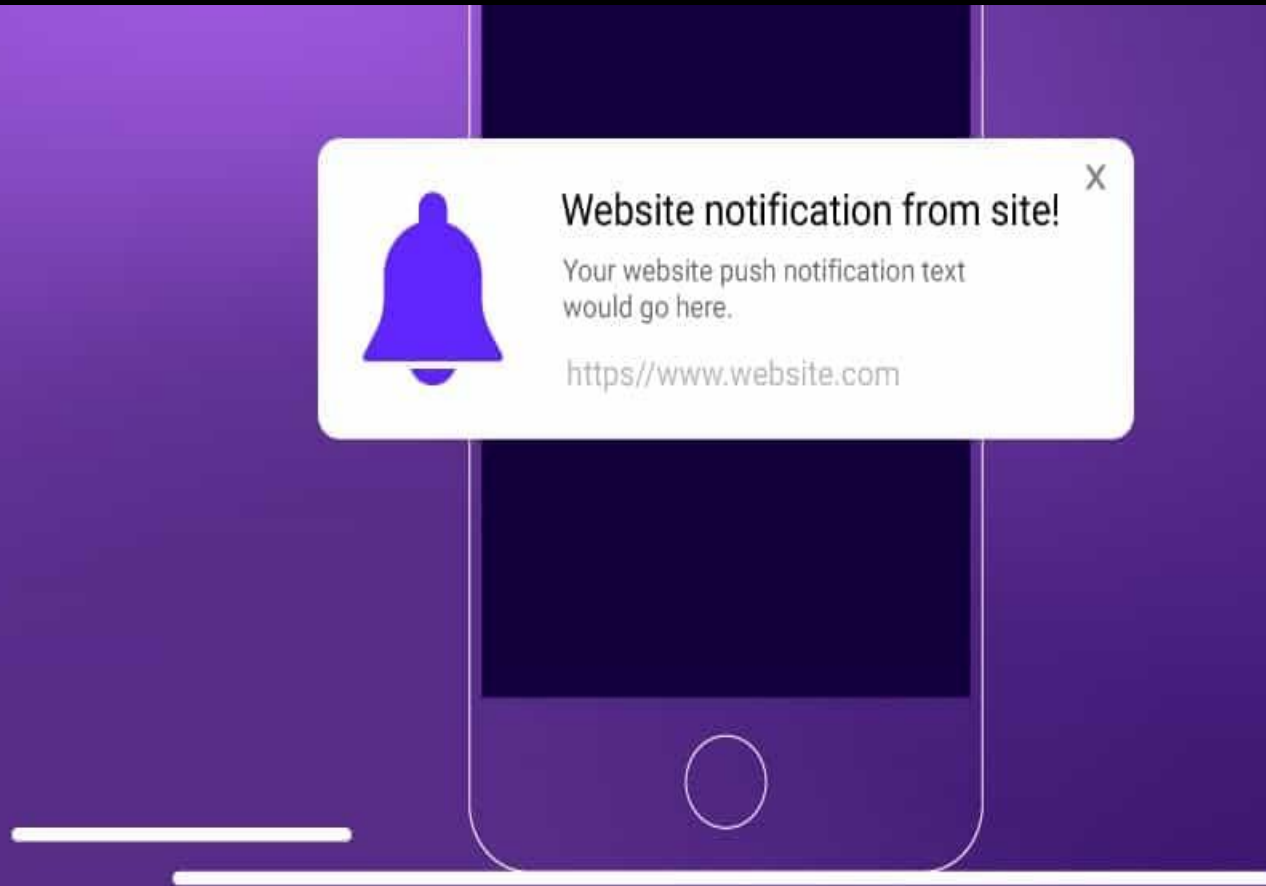

- **With full capacity to provide various services**

ASK for Arbitrage (Automated)

- “ child website owner”, i.e. drop servicer ask the price after login to mother website

All Vendors get notifications of your requirements

Vendors respond with price

Important point

- Demand and supply

• **Based on the situation vendors quote the price**

- **The vendors respond with best price as they can**

•Eg: A vendor with 30 employees no work or less work for that particular time will quote the minimum price

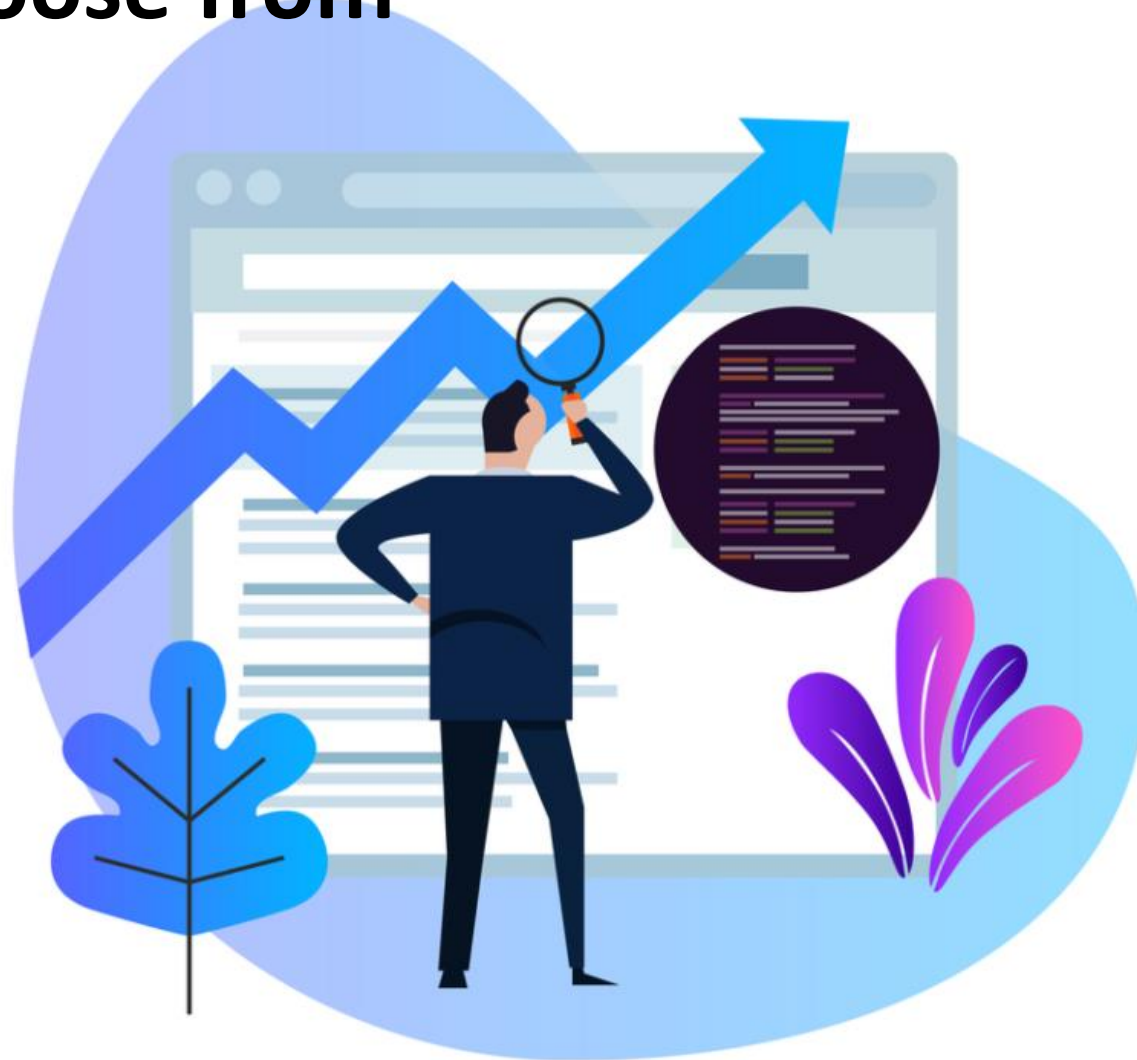

- **Based on the situation and conditions of that company /Freelancer**

• “The Price variation’ - Arbitrage

- **The list of vendors and responds with low price to high price is automatically listed in your dash board and you can choose from**

You make profit

For example

- 
- **Your client from USA has SEO requirements with budget of 1000 and you got the order**

- You “ASK” the price in Arbitrage website (mother website) by logging in

• You got response with price like this

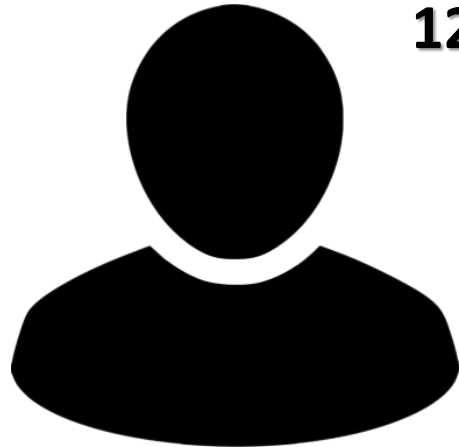

Vendor 1
From Bangladesh
100 USD

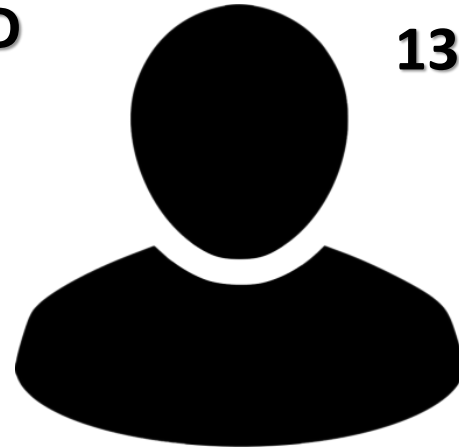

Vendor 2
From Vietnam
125 USD

Vendor 3
From Egypt
135 USD

Vendor 4
From Georgia-
140 USD

Vendor 4
From India
150 USD

Vendor 1
From Bangladesh
100 USD

- You choose the vendor 1 and place the order by making the payment of 100 USD**

Client paid you 1000 USD
You paid to vendor 100 USD
Your profit margin 900 USD

- **The automated mother – child arbitrage websites help us to maximize the profit**

Real-time arbitrage

• Many orders and maximum profit

• Less time consuming and Automated

THE MOTHER -CHILD

ARBITRAGE MODEL FOR DROP SERVICE

DROPSERVICER login

A high-angle, wide shot of a modern office interior. Three people are silhouetted against a large window that offers a panoramic view of a city skyline. The people are standing and appear to be in conversation. The office has a dark, textured ceiling and a polished floor. The overall color palette is dark and monochromatic, with the city view providing the main source of light and detail.

Select The
Vendor With
Lowest Quote And
Delivery Time

The image features five small, light-brown cardboard boxes of varying sizes scattered across a black laptop keyboard. Each box is marked with a barcode and various shipping icons, including 'upward arrows', a 'fragile' glass icon, and an 'umbrella' icon. A semi-transparent blue rectangular box is centered over the image, containing the text 'STEP 5: DELIVERY' in a bold, black, sans-serif font. The background is a blurred blue and white light effect.

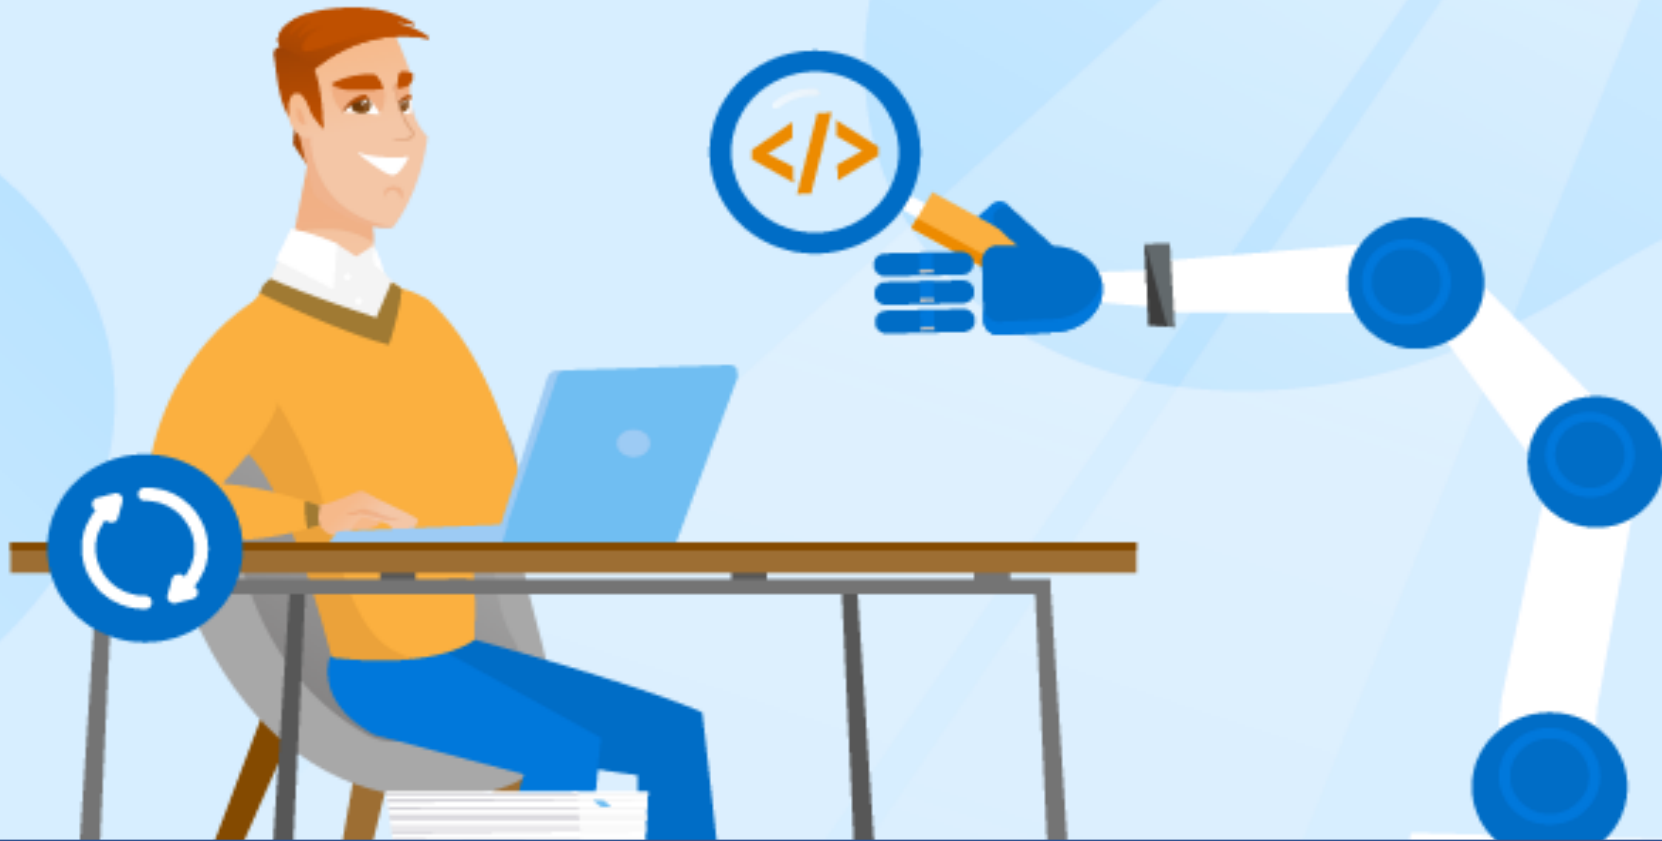

STEP 5: DELIVERY

**AOBB
DROP SERVICE
INCLUDES:**

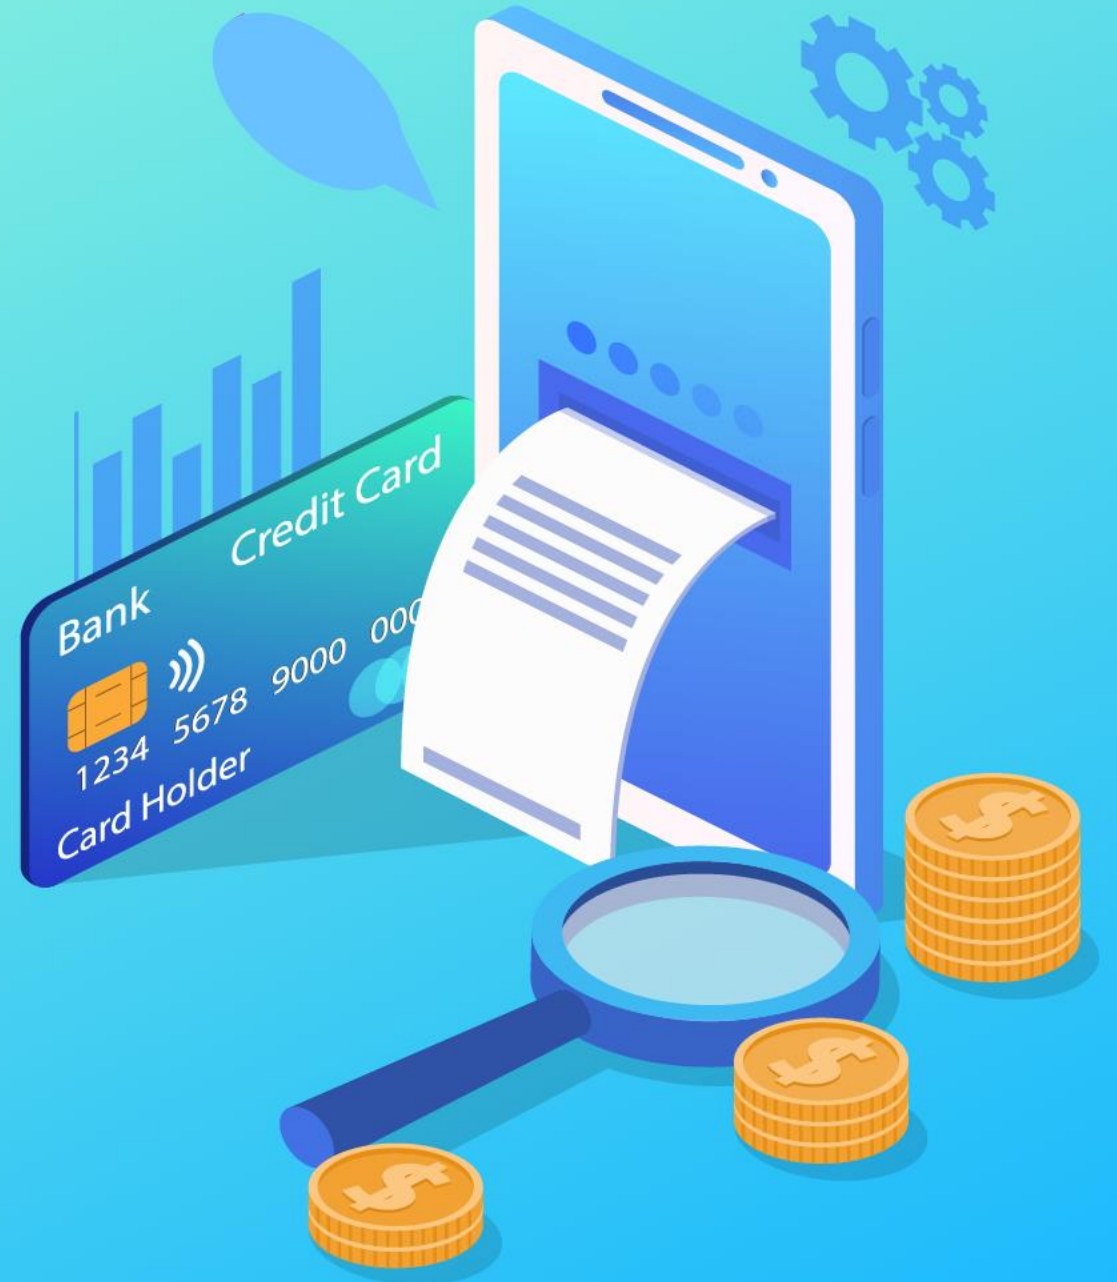

A desk setup featuring an iMac, a MacBook Pro, and an iPad. The iMac and MacBook Pro screens show a complex web interface with various data points and charts. The iPad screen displays a website with a woman reading a document and text in Polish: "Księgujemy za Ciebie bezproblemowo" and "Działamy skutecznie".
