DIGITAL MASTERY CHALLENGE

DATE: August 29, 2020, SATURDAY
TIME: 07:00 PM (AST)
LIVE FROM DOHA, QATAR

**DROPSERVICE
MASTERY**

**29TH AUGUST,
2020**
to
**01ST SEPTEMBER,
2020**

The background of the image is a blurred, high-angle view of several US dollar bills, including a \$100 bill and a \$20 bill, scattered across the surface. The text is overlaid on this background.

DROPSERVICE :

28 BILLION USD

INDUSTRY

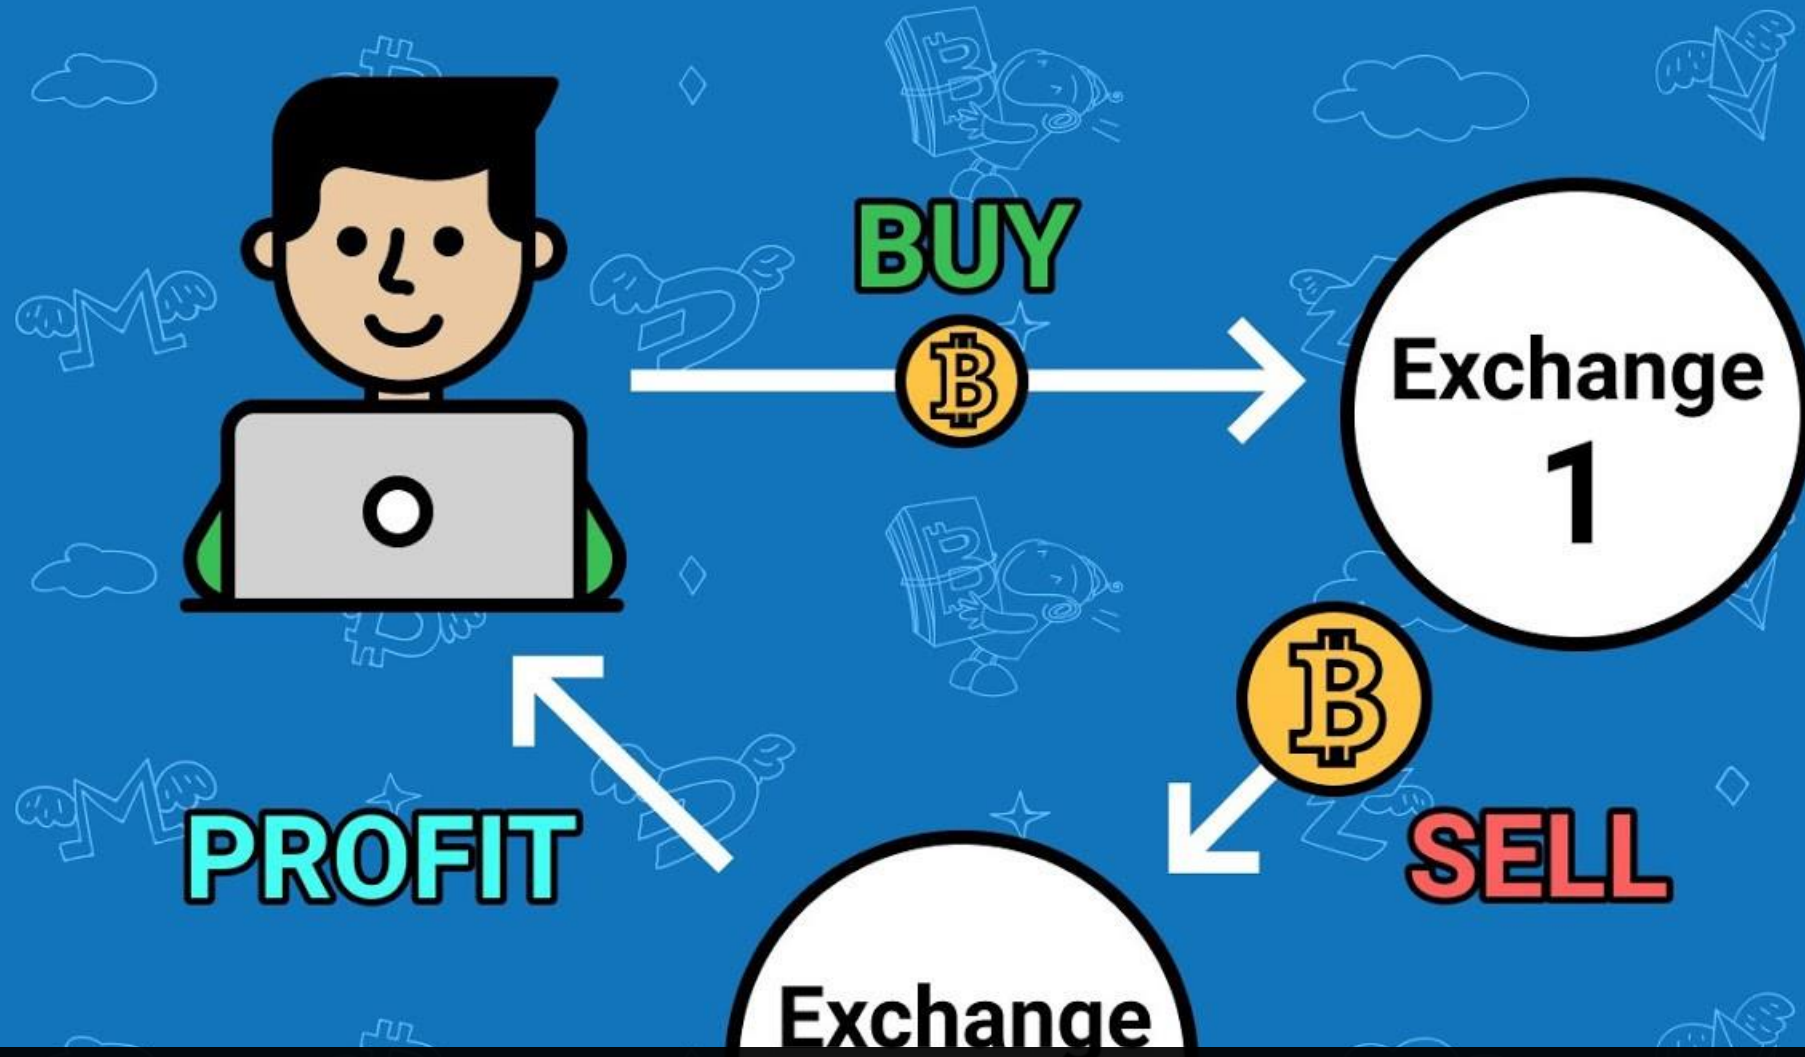

A young man with dark hair and light skin is shown in profile, looking intently at a smartphone held in his hand. The background is dark, and the lighting highlights his face and the phone. A white text box is overlaid on the bottom half of the image.

Drop servicing is also called **service arbitrage.**

A background image featuring a financial market scene. It includes a green line graph on the left, a pair of glasses in the foreground, and a candlestick chart on the right. The overall color palette is dominated by green and blue tones.

Arbitrage

What is arbitrage?

Arbitrage is the difference in price on essentially in the same thing to make risk free profit

An arbitrage trade is considered to be a relatively low-risk exercise.

Let's Talk ABOUT IT

Lets say in one part of town there's some type of a market, let say market for apples

A photograph of a market stall filled with fresh produce. In the foreground, there are several crates of bright red apples. Behind them, there are crates of yellow lemons and green apples. A price tag with a yellow border is prominently displayed in the center, showing the price '\$1'. The background shows more crates and a sign with some text, including '2.90 kg' and 'Pro'.

\$1

In that market apple sell for just \$1

\$1.5

Another part of town you have another market, there apple sell for \$1.5

Two identical red apples are shown side-by-side against a white background. A black-bordered text box is overlaid across the middle of the image, containing the text "These apples are completely identical".

These apples are completely identical

How could you take advantage of this price difference with a risk free profit?

A futuristic digital background. In the upper left, a glowing blue hand points towards the center. The background is filled with a complex network of light trails, nodes, and icons. The color palette is primarily blue and purple, with some orange and yellow highlights. The overall aesthetic is high-tech and digital.

That is...

You buy apple from the less expensive market,
where you can get apple for \$1

**You sell apple in the expensive market
where you could get \$1.5 per apple**

**That exactly what
you would do**

Let's Say

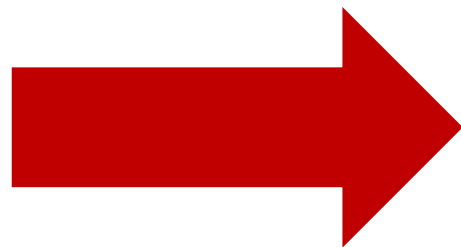

In Pearl Qatar Apple Sell For \$1.5

Souq Waqif Apple Sell For \$1

So you buy 100 apples
from Souq waqif for **\$100**

SELL

100 apples in pearl Qatar
for **\$150**

**That means you
get a profit of \$50**

Arbitrage is you purchased in one market and simultaneously sold in another market, for a higher price.

THE WORLD ECONOMY IS CATEGORIZED IN 3 CATEGORIES

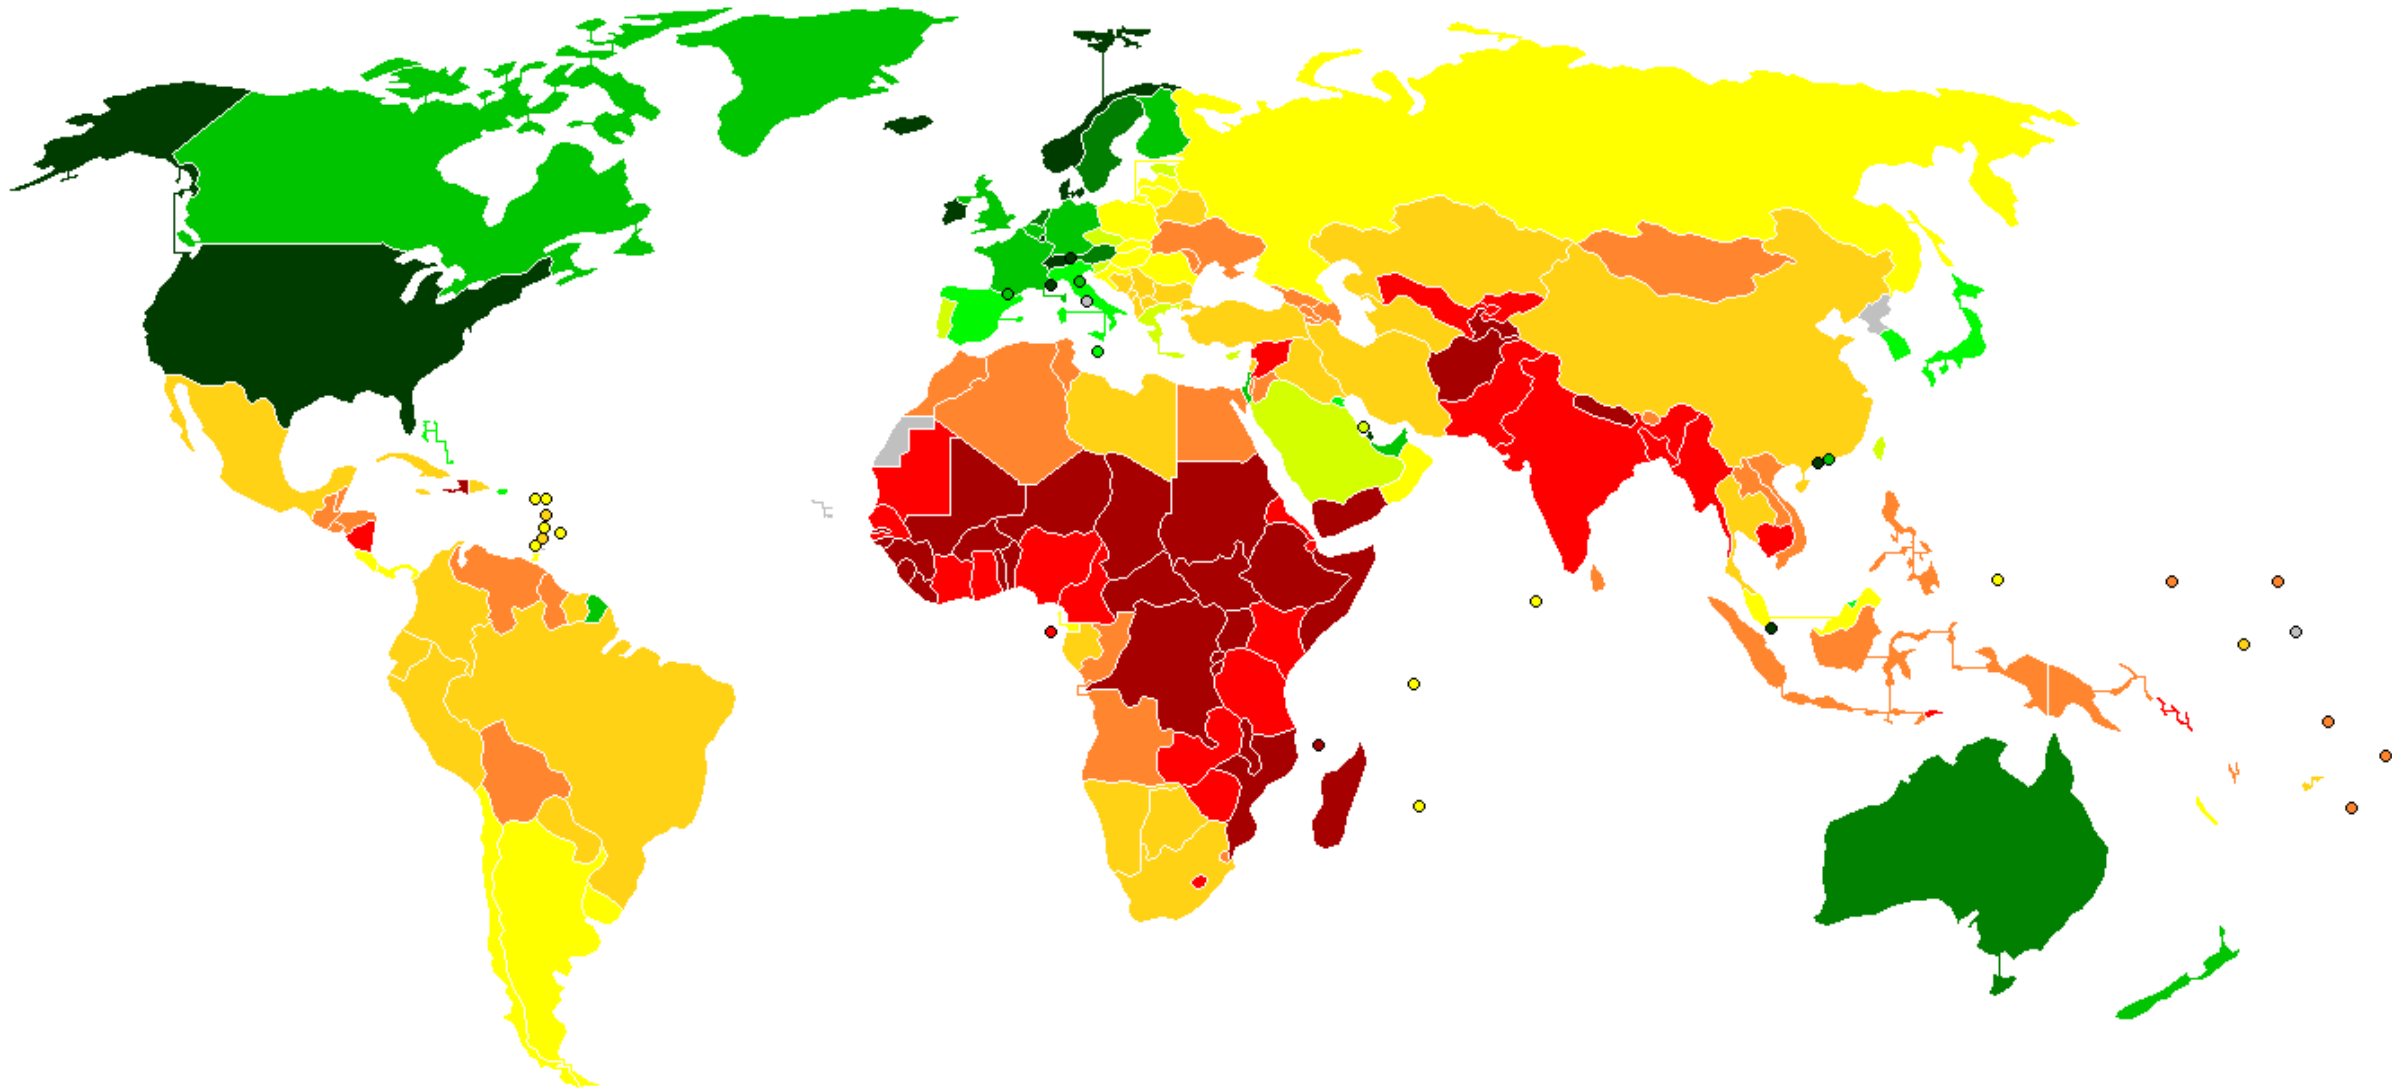

A world map is depicted using cardboard cutouts of continents, placed on a background of red bamboo. The map is partially obscured by three white rectangular boxes containing text. The boxes are positioned as follows: one in the top left, one in the top right, and one in the bottom center.

YEARS OF TRADITION

A look into the last 6 years and the obstacles that were defeated.

2012 A year of inspiration. There have been no obstacles to try new things.

2013 Expect most of the year traveling the world and obtaining new cultures, something everyone should try and do.

2014 We are able to get my first article published this year. It was truly self-satisfying.

2015 2015 will forever be the year of my very first home purchase. In the morning I am very surprised how able to do so.

2016 A very good year for me, although many people I do not know that.

2017 Who knows what is in store for the upcoming year. I will be working and ready for what is to come.

5 Tips To Keep Your Chin Up

- Do something impulsive.**
Do something impulsive that you haven't planned every day. It's better to have no plan so we can seize the opportunities that may arise.
- Have rituals.**
We are less who we are than what we do. Do 3 things that you love every day. As a result, feeling the gratitude will help you better sleep. Better sleep helps to be in a better mood. A better mood helps to make better decisions.
- Exercise at least 10 minutes a day.**
Exercising has an influence on your brain, on your mood, on your ability to reflect and on your health.
- Take breaks.**

thank you in the end.

SOCKS
Just like boots, thick warm socks are essential in foot warmth. It doesn't hurt to have a couple of pairs handy either. No one likes cold toes.

GLOVES
Not only are these guys going to keep your fingers warm from the blistering cold, but will assist you in snowball making. Gloves are one of the most important pieces of clothing you could forget on cold days.

SCARF
Scarfs are highly under-rated these days. Not only do they block the wind from getting in the little cracks of your jacket, but add a stylish feel to your overall winter attire.

JACKET
A nice warm jacket is your life preserver in any winter situation. Even if it is a little funny looking, how would anyone survive below freezing temperatures without one?
