How much money is there in the world now?

An aerial, fisheye view of a dense urban skyline, likely a major financial hub, with numerous high-rise buildings and a central road. The sky is a vibrant blue with scattered white clouds. A semi-transparent blue rectangular box is overlaid on the lower portion of the image, containing white and red text.

Total amount of money in the world is estimated to be around **60 trillion US dollars.**

<https://timesofindia.indiatimes.com>

So about **91.7%** of world money exists
in one **digital form** or another.

<https://timesofindia.indiatimes.com/12-weird-but-true-facts-about-technology/domain-name-registrations-were-free-till-1995/photostory/51422303.cms>
