“

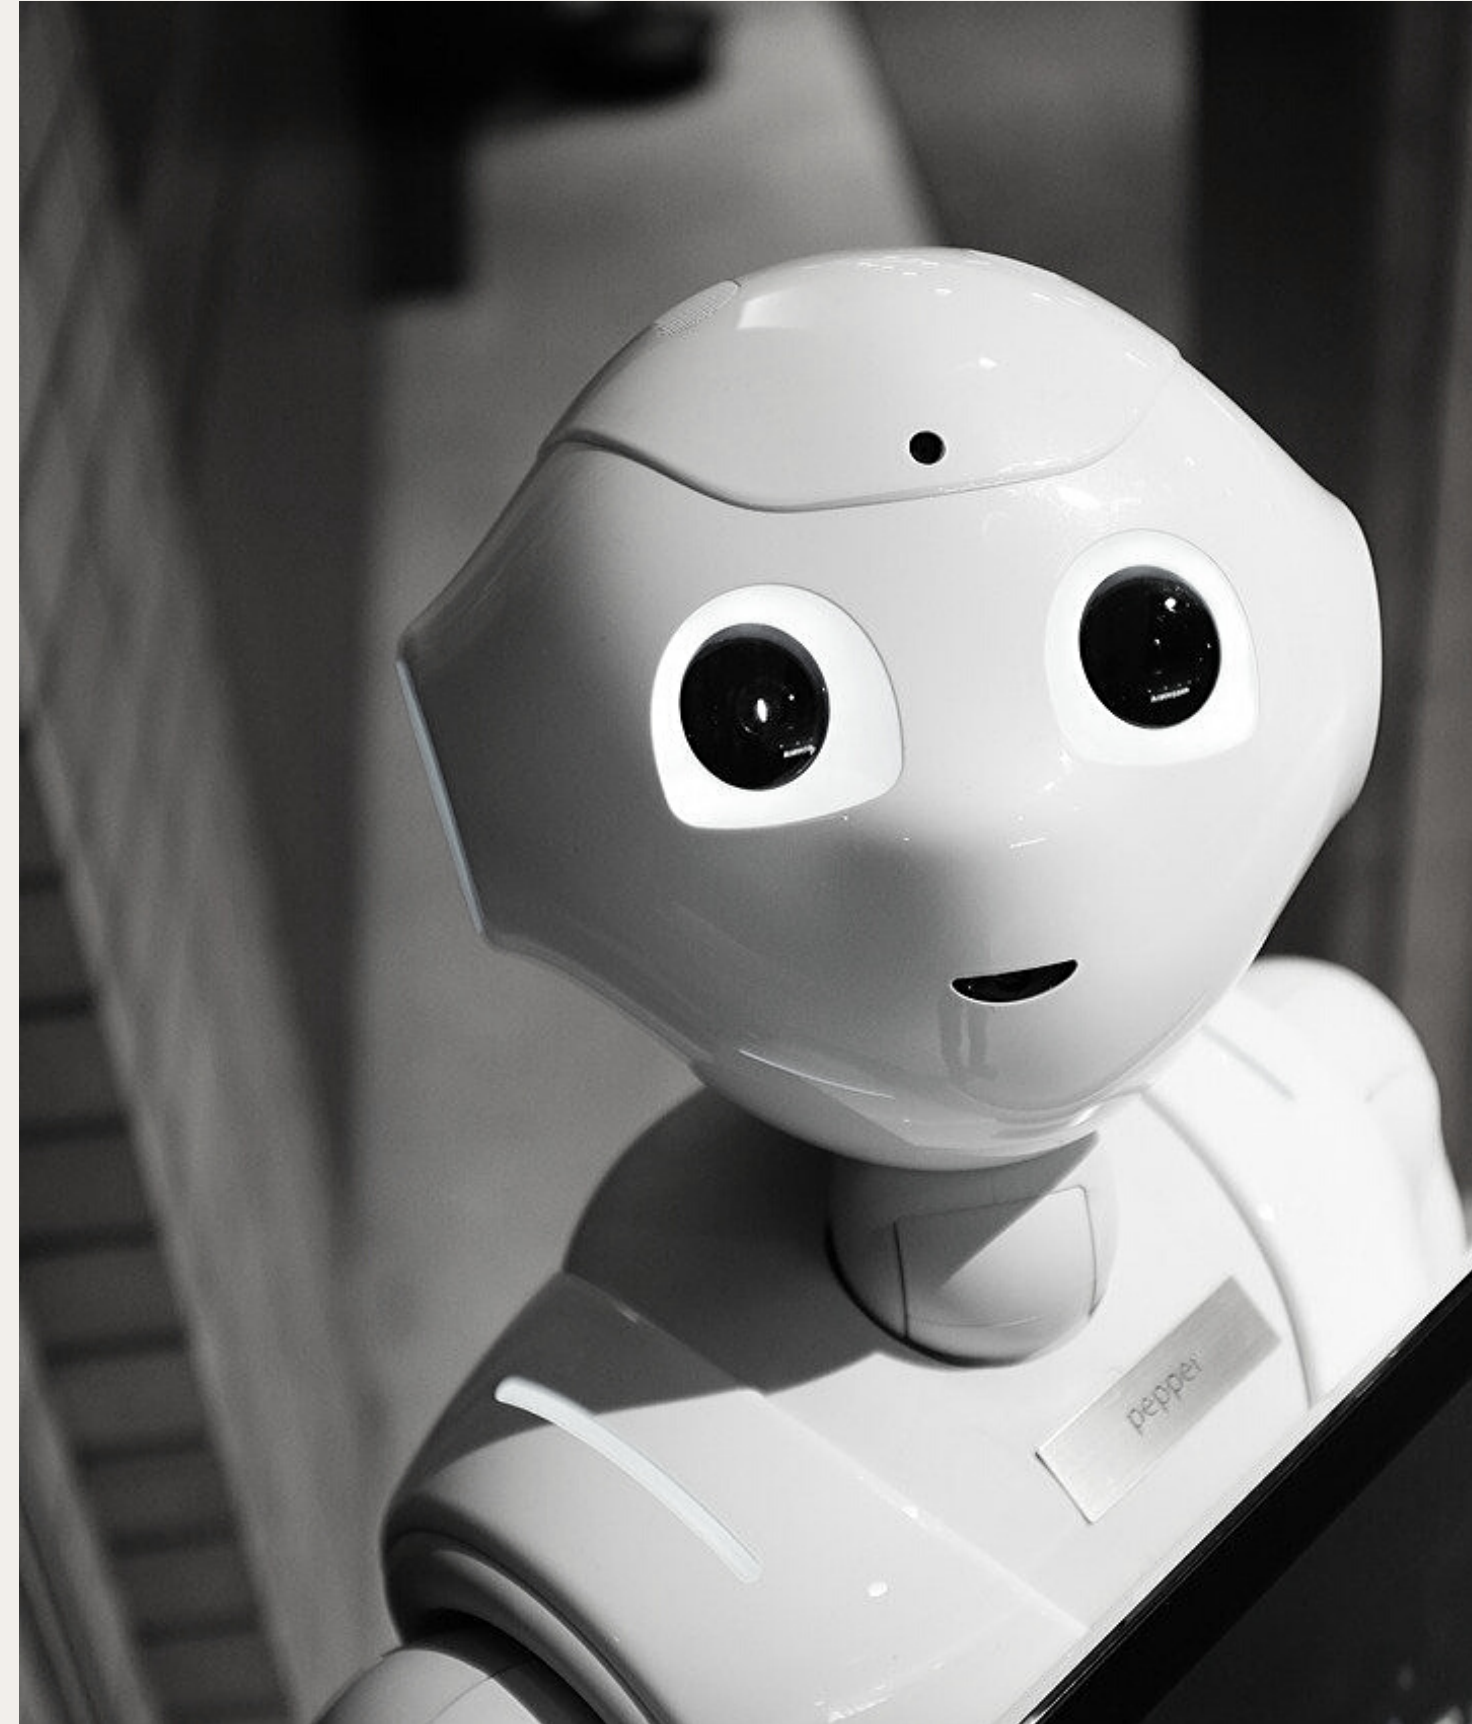

**“GREAT PRODUCTS ARE ENGINEERED
WHEN PRODUCT MANAGERS TRULY
UNDERSTAND THE DESIRED OUTCOMES
BY ACTIVELY LISTENING TO PEOPLE,
NOT USERS.”**

-Michael Fountain

ABOUT

Wottaspace is one of the few IT system integration, professional service and software development company that works with Enterprise systems and companies.

As a privately owned company, WottaSpace provides IT consultancy, software design and development .

Who we are

OUR AIM

Wottaspace being one of the industry leaders provide quality solutions to its clients across the globe. We thrive on innovation and skills to bring the best possible solutions for your business. We have a hard working team that works round the clock to deliver the products in the latest technologies so that you can stay ahead in your business.

“

**"OPPORTUNITIES DON'T HAPPEN. YOU
CREATE THEM."**

-Chris Grosser

Mission

Our approach starts with ensuring we all have a clear understanding of your organization's goals, plans, and processes and implement the appropriate solution. When it comes time to select the technology, you can be rest assured that your solution will be built on industry-leading platforms and latest technologies. If you're already using any platforms but are struggling with adoption or need help with support, training, or integration, our team of professionals are ready to assist you.

Mission includes

1. High quality software development services, professional consulting and development outsourcing that would improve our customers' operations
2. Access to information easier and securer (Enterprise Business)
3. Improve communication and data exchange (B2B)
4. Value for money services
5. Meaningful work and advancement opportunities for our clients
