The Orchard School Policy for Safeguarding and Guidelines for Identification of Pupils who are Vulnerable to Extremism.

Since 2010, when the Government published the Prevent Strategy, there has been an awareness of the specific need to safeguard children, young people and families from violent extremism. There have been several occasions both locally and nationally in which extremist groups have attempted to radicalise vulnerable children and young people to hold extreme views including views justifying political, religious, sexist or racist violence, or to steer them into a rigid and narrow ideology that is intolerant of diversity and leaves them vulnerable to future radicalisation.

The Orchard School values freedom of speech and the expression of beliefs ideology as fundamental rights underpinning our society's values. Both pupils/students and teachers have the right to speak freely and voice their opinions. However, freedom comes with responsibility and free speech that is designed to manipulate the vulnerable or that leads to violence and harm of others goes against the moral principles in which freedom of speech is valued. Free speech is not an unqualified privilege; it is subject to laws and policies governing equality, human rights, community safety and community cohesion.

The Orchard School seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

Risk Reduction

The school governors, the Head Teacher/Principal and the Designated Safeguarding Lead will assess the level of risk within the school and put actions in place to reduce that risk. Risk assessment may include consideration of the school's RE curriculum, SEND policy, assembly policy, the use of school premises by external agencies, integration of pupils by gender and SEN, anti-bullying policy and other issues specific to the school's profile, community and philosophy.

This risk assessment will be reviewed as part of the annual s175 return that is monitored by the local authority and the local safeguarding children board.

Response

Our school, like all others, is required to identify a Prevent Single Point of Contact (SPOC) who will be the lead within the organisation for safeguarding in relation to protecting individuals from radicalisation and involvement in terrorism: this will normally be the Designated Safeguarding Lead. The SPOC for The Orchard School is Tracey North. When any member of staff has concerns that a pupil may be at risk

of radicalisation or involvement in terrorism, they should speak with the SPOC and to the Designated Safeguarding Lead if this is not the same person.

Numerous factors can contribute to and influence the range of behaviours that are defined as violent extremism, but most young people do not become involved in extremist action. For this reason the appropriate interventions in any particular case may not have any specific connection to the threat of radicalisation, for example they may address mental health, relationship or drug/alcohol issues.

Indicators of vulnerability include:
Identity

- the student/pupil is distanced from their cultural /religious heritage and experiences;
- discomfort about their place in society;
- personal Crisis – the student/pupil may be experiencing family tensions;
- a sense of isolation;
- low self-esteem;
- they may have dissociated from their existing friendship group and become involved with a new and different group of friends;
- they may be searching for answers to questions about identity, faith and belonging.

Personal Circumstances

- migration;
- local community tensions; and
- events affecting the student/pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy

Unmet Aspirations

- the student/pupil may have perceptions of injustice;
- a feeling of failure;
- rejection of civic life;

Experiences of Criminality

- involvement with criminal groups
- imprisonment; and
- poor resettlement/reintegration on release

Special Educational Needs

- social interaction
- empathy with others
- understanding the consequences of their actions; and awareness of the motivations of others

More critical risk factors could include:

- being in contact with extremist recruiters;
- accessing violent extremist websites, especially those with a social networking element;
- possessing or accessing violent extremist literature;
- using extremist narratives and a global ideology to explain personal disadvantage;
- justifying the use of violence to solve societal issues;
- joining or seeking to join extremist organisations; and
- significant changes to appearance and/or behaviour;
- experiencing a high level of social isolation, resulting in issues of identity crisis and/or personal crisis.
