Bathtubs 2019

The BARCLAY Guarantee

We are proud of the brands and products we sell, and we stand behind them 100%. We are committed to offering the right design elements, required performance specs, competitive pricing and unsurpassed customer service.

Barclay Products can trace its history back to 1933 when it was Sterline Showers Company. Its primary products were Converto showers that enabled consumers with claw foot tubs to take showers, as well as soaking baths. In 1974 the company was transformed into an innovative decorative bath supplier with elegant designer products from around the world joining their domestic portfolio. To reflect their new direction, Sterline Showers became Barclay Products Limited in 1982.

An International Focus on Bath Decor

Since the 1980s, the Barclay management team has focused on securing quality products and concepts from around the world that fit into the lifestyles of North American consumers. The list of countries the team has visited in search of uniquely styled bath products reads like the index to a world atlas – including Argentina, Brazil, Canada, Chile, China, Denmark, Dubai, Ecuador, Germany, India, Indonesia, Italy, Korea, Mexico, Portugal, Taiwan, Thailand, Turkey, United Kingdom, and of course, the United States.

Today, Barclay's modern 100,000 square-foot warehouse stocks more than 500 different styles of bathtubs, unique sinks (including wall-hung, pedestal, corner, farm-style, designer kitchen, etc.), pivoting drains, faucets, high-tank toilets, and our original product, Converto showers!
