

Class work assignments and projects grading criteria:

Language use:

Did you use all that you know for that specific assignment?

Did you try to learn something new that you can apply completing the assignment?

Did you make sure you understand and use correctly the language structures and vocabulary (review, ask for teacher's feedback)?

Understanding purpose of activity/ Following instructions:

Do you understand the purpose of the assignment?

If not, did you ask what it is? Did you ask until you understood it?

Did you hear and understand all instructions?

Reflection & Correction:

What was most interesting/easy/ difficult about this assignment?

What conclusion can you draw for yourself (good at/ needs improvement)?

What are your mistakes?

What can you do to avoid them in future?

Team work *:

We are all here to learn from each other, improve all our language skills (presentation skills including).

Treat others the way you want to be treated.
